**Vernon Downs Portland.**  
Los Angeles, June 29.—Vernon took yesterday's game from Portland, 4 to 2, making the series four to three for the visitors. Castleton, who was knocked out of the box by the Beavers, Saturday, allowed as many hits as Henderson and Henkel but the speed of his team mates on the bases won the game. Henderson walked Kane with the bases full in the second, forcing in a run. A probable run for Portland was cut off and the side retired in the third when Murray, starting for the plate from third, was hit by a ball batted by Barry.

### RAILROAD BUSINESS GOOD AT STANFIELD

#### RECEIPTS FOR JUNE EXCEPTIONALLY GOOD

New Warehouse of the Umattilla Storage Company Is Completed—Work Progressing Rapidly on New School Building.

(Special Correspondence.)  
Stanfield, Ore., June 29.—The business of the Stanfield station of the O-W. R. & N. Co. during June has to date been greatly in excess of the showing made in any previous month since this station was established. The receipts in the freight department have since June first been particularly heavy, while the passenger business has also been quite heavy. It is now expected that the total receipts for the month will reach \$5000. Shipments of cattle, sheep and alfalfa hay have been numerous and there have also been received several carloads of lumber, cement and other building materials.

The new warehouse of the Umattilla Storage & Commission Co., is now completed and this company will now be in position to more satisfactorily handle their business at this point, with special reference to the increased volume of wheat that will be delivered to them from now on. The warehouse has been constructed along lines of convenience in every particular and will be equipped with up-to-date scales and other fixtures that will tend to expedite the transaction of business.

Work is progressing rapidly on the new school building for Stanfield. Three carloads of stone have already been delivered and three more cars are on the way. The contractors promise that the building will be completed in ample time for the opening of the fall term of school.

Prof. Sidney C. Archer was the recipient of an informal farewell reception that was given last Tuesday evening at the residence of Mr. and Mrs. E. N. Wheeler. The evening was spent in a very pleasant manner with music and refreshments. Mr. Archer, who left for Portland Wednesday had endeared himself to the people of this community, both through his splendid, gentlemanly qualities and as a pianist of really exceptional ability. He has taken a prominent part in the social life of our little city and will be greatly missed by all who knew him.

Mrs. Skinner, who has for several months been telegraph operator in the Stanfield office, has accepted a similar position at Echo and her place here is being filled by Miss Rosa Baumberger.

Chas. E. Wood of America, N. S. D., is the guest of G. L. Dunning.

John Tower visited in Portland during the past week.

C. S. Doolittle is a recent arrival from Ravenna, Ohio, and is looking over this section of the country, having come up from Portland today.  
A meeting has been called for tomorrow, Monday, evening, for the purpose of electing two school directors to serve three years.

Inferring from the aftermath, some of the enthusiastic editorial writer would have done well to have refrained from commenting on the beneficial effects of the Standard Oil decision until all the returns were in.
