HEALTHY MOTHERS

Women who bear children and remain healthy are those who prepare their systems in advance of baby's coming. Unless the mother aids nature in its pre-natal work the crisis finds her system unequal to the demands made upon it, and she is often left with weakened health or chronic ailments. No remedy is so truly a help to nature as Mother's Friend, and no expectant mother should fail to use it. It relieves the pain and discomfort caused by the strain on the ligaments, makes pliant and elastic those fibres and muscles which nature is expanding, prevents numbness of limbs, and soothes the inflammation of breast glands. The system being thus prepared by Mother's Friend dispels the fear that the crisis may not be safely met. Mother's Friend assures a speedy and complete recovery for the mother, and she is left a healthy woman to enjoy the rearing of her child. Mother's Friend is sold at drug stores.

MOTHER'S FRIEND

Write for our free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature.

PENDELTON THE PLACE FOR FEDERAL COURT

Following is the complete draft of the resolution of protest adopted by the Commercial club and which has been forwarded all members of the Oregon delegation in congress who are importuned to oppose the Lafferty bill for the establishment of federal judiciary headquarters at Baker.

Whereas, Hon. A. W. Lafferty, congressman from the second congressional district of Oregon, has recently introduced a bill in the U. S. house of representatives creating another judicial district in the state of Oregon, which judicial district is to include that part of Oregon lying east of the Cascade mountains, and commonly known as eastern Oregon;

And Whereas, said bill provides for a separate judge, U. S. attorney and U. S. marshal for said district, and provides for the permanent court and residence of said federal officers to be at Baker, and only provides that said court shall journey to Pendleton and hold two terms of court each year, one in June and the other in December;

And Whereas, Pendleton is the transportation and geographical cen-

ter of eastern Oregon, easily accessible to Wasco, Sherman, Gilliam, Wheeler, Crook, Morrow, Grant, Umatilla, Union, Wallowa, and other Baker counties; and the city of Baker is accessible to Union, Wallowa, Baker, Grant, Malheur and Harney only;

And Whereas, Owing to the central location of Pendleton and its accessibility from all parts of Oregon lying east of the cascades, the expense of office witnesses, attorneys and others attending said court would be much less if the court were located at Pendleton.

And Whereas, Congress recently provided one hundred and five thousand dollars for a new federal building at Pendleton, which federal building is to be provided with large, commodious and well equipped rooms for the sessions of the court and offices for the judge, U. S. attorney and U. S. marshal thereof;

And Whereas, The state of Oregon recognizing the fact that Pendleton is the natural transportation center of eastern Oregon has established Pendleton as the proper and convenient location for the eastern Oregon sessions of the state supreme court;

And Whereas, Pendleton from the same reasons has been made the residence of branches of other state institutions;

And Whereas, Pendleton is adjacent to the Umatilla Indian reservation where a large amount of federal peacetime business arises, and is also adjacent to the Columbia river which promises to be in the very near future a great national waterway, where the federal court should have jurisdiction and much work in connection therewith;

Therefore Be it resolved, That we, the Pendleton Commercial association and citizens of Pendleton and Umatilla county most vigorously and earnestly protest against the bill of Hon. A. W. Lafferty making Baker the residence of said proposed federal court, and most respectfully ask our representatives and senators in congress to use their influence to have Pendleton as the residence of the proposed court instead of Baker.

Respectfully submitted,
D. P. SMYTHE, President.

BAKER COUNTY TO HARVEST BIG CROP OF WHEAT

Baker, Ore., June 21.—Baker farmers this year will harvest one of the biggest crops that they have garnered in their history. All the conditions have been favorable. This spring was late and this kept the moisture in the hills, insuring plenty of water for midseason irrigation. Timely and copious rains have assured the dry farmers crops that will excel those raised in many years in quantity and quality of yield.

The best available figures gave the acreage of wheat in Baker county this year as 7500, and leading farmers and millmen and others familiar with the crop situation estimate the yield this year for wheat at 337,500 bushels.

The acreage this year in wheat is twice that of a year ago and six times that of the year before that. The great increase in wheat production is ascribed to the fact that a mill capable of handling a large output was established here two years ago.

This is one of the best years for hap crops the valley of the Powder river, as well as the other valley in the county, has ever had.

CASEDY RETURNS TO HANG JULY 28

Canyon City, Ore., June 21.—July 28 is the day set for the execution of Joseph H. Casedy. Sentence was passed last night by Judge Dalton Biggs. Casedy heard the sentence without any show of feeling. Sheriff Collier left for Salem this morning with the prisoner.

Casedy was a deputy sheriff and was convicted a year ago in connection with the lynching of Oliver Snyder near Hamilton. Ben Hinton, R. Shields, Emmett Shields and Albert Green, accomplices, were convicted and each sentenced for life.

Casedy was sentenced to be hanged on September 2, 1910. An appeal was taken to the supreme court and the rulings of the lower court sustained. It is not believed here that Casedy will pay the death penalty but that he will be extended executive clemency. A large number of prominent men in the county, together with some of the officers who assisted in the prosecution, will intercede with the governor for a life sentence instead of the death penalty.
