### WANT LOWER EXPRESS RATES TO PENDLETON

F. J. Gorman, a prominent irrigationist under the Umatilla project, has called attention to an inequality in the express rates between Hermiston and Pendleton as compared with the rates from Milton to Pendleton. The rate from Milton is 40 cents per hundred on fruits and vegetables, while the Hermistonians are charged 60 cents per hundred on the shipments made to this city.  
This is an unjust discrimination, according to Mr. Gorman and he has placed the matter before the Pendleton Commercial club with a request that the cooperation of the club be given in asking for a lower rate from Hermiston. This assistance has been granted and steps are already being taken by Secretary Jack Keefe to lay the matter before the proper officials.

#### CLUB WOULD MEET VISITORS.

(Continued from page one.)

ing his short address, drew a word picture of a scene in the constitutional convention which marked the turning point in the stormy struggle which attended the efforts to unite thirteen colonies into one nation and he compared the present rejuvenation of the Commercial association with that crisis. "Henceforth," he said, "our club will rest in the rays of a rising sun, a sun of commercial prosperity."  
Taking up the idea expressed by Mr. Steiwer, he called attention to the necessity of getting results, pointing out that the inception of a movement for a new enterprise is always attended by more enthusiasm than its promotion to a successful conclusion. In order that continued activity might be secured, he urged that

every member of the association join with and co-operate with him in the new ventures, assuring the members of his willingness to work if only he is given the support of those for whose interests he is working.

#### Wilcox and Mitchell.

R. H. Wilcox was called upon and pointed out the Credit Men's association of this county as an object lesson in co-operation. C. J. Mitchell made a few remarks regarding the necessity of a new theater, stating that there are now several propositions under consideration, one of which may result in the much-needed new playhouse for Pendleton.

#### The Two Johns.

Last of all, President Smythe called upon James Johns as one of the staunchest friends and hardest workers in the Commercial association but that gentleman declined in favor of his son, James Johns, Jr., who has just returned from his third year at the University of Oregon. Young Johns rose to the occasion by asking that the Pendleton Commercial association uphold the state university in its fight for the appropriation which was voted to it by the last legislature but upon which the referendum was invoked. President Smythe responded with the announcement that the association was already on record as opposing the referendum on this appropriation.

This concluded the toasts and on motion, the third meeting at the banquet board was adjourned.

#### Lafferty Has Seeds.

Congressman A. W. Lafferty, of the second Oregon district, has been allotted the following seeds by the department of agriculture for free distribution during 1912: 20,000 packages vegetable seeds, 2000 packages flower seeds.

All persons desirous of obtaining assortments of these selected seeds are requested to write to Congressman Lafferty at once, stating their wants. Orders will be carefully listed and the seeds sent out in ample time for the planting season next spring. Address all letters to Hon. A. W. Lafferty, M. C., Washington, D. C.

### Newsy Notes of Pendleton

#### Ab Ogg Taken Sick.

Ab Ogg, formerly a Pendleton seaman, was taken suddenly ill in front of the East Oregonian office this morning but under the care of Dr. I. U. Temple soon recovered.

#### Isaac Hagen Sells Land.

By a deed recorded today, Isaac Hagen and wife have sold 211.90 acres of land in twp. 3 N. R. 36, to James W. Shafer for a consideration of \$4500.

#### New Post Office in County.

Few people in the county know that there is a new post office by the name of Pine Grove about ten miles south of Pilot Rock in school district 111, but such is a fact. It was established some time ago.

#### Doctor Sprains Ankle.

Dr. I. U. Temple is walking with considerable difficulty today as the result of severely spraining his ankle yesterday while stepping from the curb into the street. A small pebble is responsible for the injury.

#### Flower Social Planned.

A flower social will be held at the home of Dr. and Mrs. I. U. Temple on South Main street Friday evening, June 30. An interesting program will be served by the ladies of the Methodist Episcopal church. A cordial welcome to all grown people.

#### After G. A. R. Convention.

At the meeting of the Commercial association last evening a unanimous vote was taken to extend an invitation to the state G. A. R. association to hold its 1912 convention in this city. The invitation will be carried down to Portland next week by the local delegates to the veterans' reunion which will be held in the metropolis.

#### Welles to Salem.

Following the conclusion of the teachers' examinations all over the state today, Superintendent Frank K. Welles, who has just been appointed a member of the state board of examiners, will leave for Salem to assist in the grading of the papers. During his absence, his office will be in charge of his wife and Dr. W. H. Bleakney.

#### Breithaupt at Chautauqua.

L. R. Breithaupt, instructor in agriculture in the Pendleton high school is to have charge of a class in elementary agriculture at the Willamette Valley Chautauqua to be held at Gladstone Park from July 4 to 14, inclusive. According to the announcement of the Chautauqua management there has been much demand for this class of instruction at their gatherings. Breithaupt is to conduct a class each day from 9 o'clock until 10 in the forenoon.

#### Jail Is Getting Full.

Each day adds new recruits to the force of the compulsory idle in the city jail as most of the offenders who are brought into the police court seem financially unable to pay fines. This morning out of six in court, only one passed over the money and five went to jail. Charles Mendt and Jack Bulls drew five days on a d and d charge, Mike Corey, John Harding and D. A. McDonald each three days for being drunk and Leonard Boodles paid five dollars on the same charge.

#### Flattering Offer to Rev. Storey.

Rev. R. E. Storey, who resigned two weeks ago from his charge in this city to leave the first of September, has just received very flattering overtures to consider a call to one of the best Baptist churches of the northwest, at an advance of 50 per cent of his present salary. This proposition comes as a surprise to Mr. Storey, as it was prompted solely by the newspaper reports and comments about his work in Pendleton. He will probably not change his plans, it is not his intention to take another pastorate immediately.

#### Junket Trip to Weston.

According to an announcement made at the Commercial club luncheon last evening, a junket trip to Weston on July 1 to attend the strawberry festival in that town is being planned. Secretary Keefe is making arrangements and is desirous of enlisting all of the business men possible. As pointed out by President Smythe, Weston is on the borderland between the country tributary to Pendleton and that tributary to Walla Walla and it behooves this city to make a bid for the business which comes from there.

#### New Cameras for Round-up.

In preparation for the Round-up three photographers in Pendleton have already ordered new press graphex cameras with which to catch the different events. Last year some trouble was experienced in snapping some of the events because of the slow exposures of the cameras used, but this year nothing can happen too fast for the lens of the machines as they are capable of exposures of only one-fiftieth hundredth of a second. Major Lee Moorhouse, the Pendleton Drug company and W. S. Bowman have each placed an order for the new cameras and they will be here within a few days. They are such as are used by the newspapers in all of the large cities and cost from \$200 to \$250.

#### BUCKAROOS TO WESTON; OULAWS TO STANFIELD

Two Pendleton baseball teams will leave the city tomorrow to attempt to bring back honors plucked from other towns. The Buckaroos will wend their way to Weston to meet the Mountaineers and another recently organized aggregation which flaunts the name of "Outlaws" will journey to Stanfield to cavort on the

sandy diamond of that city. The Buckaroos will have no easy game tomorrow despite their superior battery of Berger and Harrison. Athena has no game scheduled and will lend her best players to her neighbor so that Pendleton will really be playing the combined teams of Weston and Athena. Frick and Brown will form the battery which means that the batting averages of the locals will probably take a slump.

The "Outlaws" are mostly lights of other days who have implicit confidence in their ability to shine with the same glory as in ye olden times. If they are successful in fulfilling their hopes in the west end town, they will challenge Nelson's tossers and some of them are looking even farther. The following is the lineup of the new constellation: Walsh, 1b; Drake, 2b; Corby, ss; Spencer, 3b; Hoover, c; Milne and Stamey, p; Hays, McGinnis, Finch and McManis, fielders.

#### POSTMASTER CAN'T QUIT.

#### He Longs for Retirement, but Fails to Find Successor.

Fairmount, Ind.—All hope of a seaside trip has gone glimmering for Postmaster Salyers at Radley, for he has been unable to find any one who is willing to become his successor, and the government will not accept his resignation until such a person is found. Although the place last year paid Postmaster Salyers \$77 in stamp cancellations, the government is willing to help him let loose, and called for examinations to be held here on May 17 and today, but both went by default for want of applicants. Miss Alta Bailey a few days ago concluded she wanted the position, but failed to appear this morning.

#### HATLESS, COATLESS 60 YEARS.

#### Man Leaves Home but Twice, Then to Attend Funerals.

Philadelphia, Pa.—Charles Gaunt, 85 years old, who, it is said, had not worn a hat or coat for sixty years and prided himself on the fact that he had never been ill during those years, died at his home in Gloucester, N. J., of old age.

Gaunt also had the distinction, it is claimed, of leaving the grounds surrounding his home but twice in sixty years.

#### FOURTH OF JULY CONTESTS.

(Continued from page one.)

at Round-up park where seating accommodations can be had for 10,000 people and this is something quite out of the ordinary at a Fourth of July celebration for usually the people are crowded together in a narrow street and the themselves completely out before the program is half over.

#### Everything Is Free.

Another feature not common at such celebrations will be the absence of any attractions for which admission will be charged. Everything will be free from the parade to the dances in the evening. The only expenditures which can be made will be at the concession stands and at the moving picture shows. These shows will put on special programs and time will be allowed by the committee so that those wishing to attend can do so without missing any other attraction.

#### AEROPLANE FLIGHT TO BE MAIN FEATURE.
