## CORNERSTONE LAID FOR HIGH SCHOOL

(Special Correspondence.)

Stanfield, Ore., June 26.—There was a large audience present at the laying of the cornerstone of the new school building which took place Saturday morning. The school board voted to name the building the "Reeves High School" as a tribute to the unselfish labors of W. E. Reeves who has for a number of years given much of his time to the public schools and has done much toward bringing the Stanfield schools to their present state of efficiency. The cornerstone was appropriately inscribed with the name upon it and was put in place at the close of an excellent address delivered by Rev. James E. Faucett. The programme follows:

Song, America. Invocation, Rev. J. E. Faucett. Scripture reading, Song, Nearer My God to Thee. Address, "Public Schools a Moral Factor in Producing True Citizenship," Rev. J. E. Faucett. Laying of cornerstone. Benediction.

**Young Lady Dies.**  
Miss Blanche Sawyer, who has been for several years a sufferer from tuberculosis, passed away Saturday evening at the home of her parents, Mr. and Mrs. C. L. Sawyer.

Her death is a great shock to the community as she had taken a prominent part in the social life of Stanfield both because of her personality and her beautiful voice, she being a vocalist of more than ordinary ability. Besides her father and mother, she leaves a sister, Mrs. J. L. Cramb of this city. The hour of the funeral has not yet been announced but will be some time but will be some time Tuesday.

Wm. A. Daldel, deputy commissioner and factory inspector for the state labor bureau was a Stanfield visitor today.

**Progress Noticeable.**  
W. H. Preston, who has been to Minneapolis as a delegate to the National Association of Credit Men topped off here yesterday to visit E. N. Wheeler, and departed this morning for his home in Seattle. Mr. Preston owns an orchard tract under the Furnish ditch and expresses himself as being very agreeably surprised at the progress that has been made here since his previous visit a little more than a year ago.

S. Bufson of Hillsboro, North Dakota was here yesterday looking over this section of the country.

L. D. Drake of the advertising department of the East Oregonian and Fred Earl, secretary of the Peoples Warehouse were Stanfield visitors from Pendleton today.

**"Outlaws" Win.**  
The Pendleton "Outlaws" yesterday defeated the Stanfield baseball team on the local diamond in a five inning game. The game was quite interesting, though errors were rather frequent. The final score was 11 to 6.

J. F. Laughery is wearing a very broad smile today, the cause being a "bouncing baby boy" which his wife presented to him yesterday morning.

**RUSH FIRES CORRAL BEASTS.**  
Deer, Bears and Others Mingle With Farmers' Steers.

Williamsport, Pa.—When the sum total of the devastation wrought over the state preserves by the fires of two weeks has been reckoned from the reports being prepared by the state foresters, an appalling loss will be shown. It is declared that the fires this spring have demonstrated that present fire-fighting forces and methods are so puny, as compared with the destructiveness of the flames, that the state forestry department will find itself facing a problem more serious than any that has come up to it since the organization of the forest reserve plan.

In cattle, farmhouses, crops, fruit trees, sawmills lumber, bark and cut logs the loss in Clinton, Lycoming, Potter and Sullivan counties as a result of the fires this spring is heavy.

In swampy sections an examination showed that both deer and bears sought refuge in the same places with steers, the wild animals and the steers fraternizing together under the common danger. A veritable exodus of wildcats occurred, these animals pulling out for the lowlands and now farmers are reporting the loss of geese and chickens.

**OLDEST CITY IS IN ARIZONA.**  
Relics Found in Tableland Soil to Be 70,000 Years Old.

Phoenix, Ariz.—Still another "oldest city in the world" has been discovered. When T. Hewitt Myring found vases in Peru in ruins which were said to be 7000 years old, it was imagined that the remains of early civilization had been pushed as far into antiquity as they would ever go.

But A. Lafave, a mining engineer, has found the relics of a town in an Arizona tableland near Phoenix which he insists are at least 10,000 years old. The buildings are on a level stretch of country where neither silt nor wash was possible and yet the ruins were covered with ten feet of prairie dust, which the discovered claims requires ages to accumulate.

**Get There Quick**  
Phone Red 3961 for the **AUTO CAB**  
Twenty-five cent fares to any part of the city. Special rates for out of town trips.  
**BEST SERVICE IN TOWN.**  
Stand at 614 Main St.

## SHE GOT WHAT SHE WANTED

### This Woman Had to Insist Strongly, but it Paid

Chicago, Ill.—"I suffered from a female weakness and stomach trouble, and I went to the store to get a bottle of Lydia E. Pinkham's Vegetable Compound, but the clerk did not want to let me have it—he said it was no good and wanted me to try something else, but knowing all about it I insisted and finally got it, and I am so glad I did, for it has cured me."

"I know of so many cases where women have been cured by Lydia E. Pinkham's Vegetable Compound that I can say to every suffering woman if that medicine does not help her, there is nothing that will."—Mrs. JAKETZKI, 2903 Arch St., Chicago, Ill.

This is the age of substitution, and women who want a cure should insist upon Lydia E. Pinkham's Vegetable Compound just as this woman did, and not accept something else on which the druggist can make a little more profit.

Women who are passing through this critical period or who are suffering from any of those distressing ills peculiar to their sex should not lose sight of the fact that for thirty years Lydia E. Pinkham's Vegetable Compound, which is made from roots and herbs, has been the standard remedy for female ills. In almost every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound.

**SAYS PRAYER HEALED HER.**

**Woman at Pentecostal Meetings Cured of Paralysis.**

Reading, Pa.—During the progress of a thunder storm at a camp meeting service of the Union Pentecostal church, held at Pleasantville, this county, Mrs. Mary R. Wentzel of this city, says she was miraculously healed from paralysis.

Her entire left side was affected and she walked with crutches. While at the altar she began to swing her left arm which she had been unable to use for three years, and like a flash she says her left leg healed. She quickly arose and, throwing away her crutch, walked about the tented tabernacle, shaking hands with everybody and thanking God for His wonderful healing powers.

**TOWN TIES ITSELF IN BED.**

**Somnambulism Rages in Village—Editor Chases Dream Burglars.**

Milan, Ohio.—The village of Milan, almost as famous for its numerous widows of wealth and attractiveness as for its notable men—Thomas A. Edison, inventor, and Hal Reid, playwright, among others—is threatened with an epidemic of somnambulism.

Already the sleep disease has claimed two victims—Miss Grace Ellwell, clerk in the postoffice, who fell down a flight of stairs and was rendered unconscious, and L. B. Samson, editor of the Milan Ledger, who awoke to find himself chasing dream burglars.

Milan hardware dealers today reported that the demand for rope among the villagers bids fair to exhaust the supply. Asked what the rope was wanted for, they said they wanted it so when they go to sleep they tie one end of a strand to a leg or an arm and the other to a door knob or a bed post. Some tie their doors shut, they assert.

**BOON TO PILE VICTIMS.**

**A Cure Without Cutting or Other Objectionable Treatment.**

Here is a priceless boon to anyone who suffers with piles of any kind. A medicine in tablet form, taken internally that cures all forms of piles. Only 3 per cent of known failures. A medicine that is sold under strict guarantee. Your money back if you are one of the 3 per cent.

A medicine that avoids operations and use of nasty salves or suppositories.

Pendleton Drug Co. and druggists everywhere sell this remedy—Dr. Leonard's Hem-Roid, \$1 for 24 days' treatment. Dr. Leonard Co., Station B, Buffalo, N. Y. Props. Write for booklet.

## REMAINS OF YOUNG MAN OF ECHO BURIED

(Special Correspondence.)  
Echo, Ore., June 25.—Yesterday the body of John W. Stewart who died at Hermiston on Friday, June 23, was buried here in the I. O. O. F. cemetery.

The death of Mr. Stewart was particularly sad as he was a young man of less than 23 years and leaves a wife and two small children. Children's day exercises were held here last night by the Presbyterian Sunday school at the Bethel chapel. A pleasing programme was rendered and a generous collection was donated for missionary work.

Mr. and Mrs. Roy Ward returned Saturday from a week's trip to Seattle and other points on the Sound. Mr. and Mrs. E. E. Lewis and F. T. George made a pleasure trip to

Heppner yesterday by automobile and returned in the evening.

Walter Hinkle came up from Hermiston yesterday and spent the day with friends.

Mr. and Mrs. F. E. Everitt visited with Mrs. Everitt's parents in Stanfield yesterday.

The fine rains that fell here Friday and Saturday were a great benefit to the wheat.

Grandpa Rethfelsen has returned home from a fortnight visit with Jacob Rhode and family.

R. E. Hubbard has purchased from Ed Collier the house and lot in Halstead addition formerly occupied by Allen Moore. This property is on Bonanza street near the river. Mr. Hubbard and family will make this their home after July 1st.

## FOREST FIRE IS SPREADING.

Logging Company Near Everett Sustain Heavy Losses.

Everett, Wash.—The most disastrous forest fire that has developed in Snohomish county since flames began to menace property and cause damage last week is raging about eight miles east of Arlington. The fire has swept over a wide tract and has caused much damage in the vicinity of the Ehey Logging company and George Kunze plants. A report from the scene last night is that the camp of Kunze had been destroyed by the flames. The Ehey Logging company had suffered heavy loss. The fire is running over a great deal of standing timber. Both companies have every available man on the fighting line and have sent here for others.

## Laborers Are Dissatisfied.

Goldendale, Wash.—City officials acting upon the advice received from the State Labor Commissioner, have reduced the day's work on all public work from ten to eight hours, but they

did not increase the wages per hour. The laborers who received \$2.50 per day for 10 hours' labor was offered the same rate per hour for eight hours' work but refused to work. The officials then offered to pay \$2.25 a day but the men refused to go to work and as a result the street improvement work is tied up today.

## Indian Village Feature.

Lyle, Wash.—While Lyle will furnish other attractions at the Fourth of July celebration this year, the Indian village of Waukiacus will be taken possession of for the first time by whites, who have in recent years settled on the surrounding plateau back from the river. For some reason a recent map of Klickitat county omitted Waukiacus, and Waukiacus and the combined settlement are going to make known that it is very much in existence. Waukiacus is on the railroad map.

Reev, C. W. Betts will be orator of the day. Chief Skookum Wallakee and Waukiacus Indians in tribal dress will be a feature in the grand parade.
