CATTLE MARKET

COMPETITIVE POINTS ARE QUOTING HIGH PRICES

Weakness Shown in Sheep Situation and Quality Still Poor-Slight Advance in Hogs, but Receipts Small.

(From Wednesday's Journal.) Some extra fancy cattle from Gazelle, Cal., brought \$6.25 in the North Portland yards this morning. The market throughout the cattle section is unusually firm. With offerings limited, owing to the high prices quoted at competitive points, packers are forced to pay the recent advance for offerings.

Shipments to the yards recently have been made with some sort of understanding as to the prices that would be obtained. Otherwise southern cattle men have been inclined to keep their offerings in the south.

All told there were offerings of 362 cattle in the North Portland market today compared with 63 last Wednesday and 179 two weeks ago. A year ago for this date cattle run was small with no change in prices, Pertland today;

Deafness Cannot Be Cured by local appliances, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the nuccus surfaces.

We will give One Hundred Dollars for case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. Deafness Cannot Be Cured
