INDIANS TO HOLD TWO CELEBRATIONS

JULY 4TH ON RESERVATION TO BE PROPERLY OBSERVED

Campmeeting for Christian Tribesmen Commences Today and Will Last Until Natal Day—Another Festival At Cayuse.

The Indians on the Umatilla reservation are patriotic if nothing else and have planned to celebrate the natal day of the nation's independence. Two distinct celebrations will be held, one at the old agency by the Christian Indians and one at Cayuse by the wilder of the tribesmen and the form of the festivities will be entirely different from each other, but the spirit will be the same.

The Christian Indians of the Tutuilla Mission will hold a huge campmeeting lasting from today until after the Fourth of July. The big meeting tent was raised at the old agency grounds yesterday and today many teepees are being put up to accommodate the many families which will gather for the week. Major E. L. Swartzlander having granted permission for the encampment to be held at that place.

According to Rev. J. M. Cornelson, Indian missionary who will have charge of the services, the congregation extends a cordial invitation to all, both white and red, to join with them in their meetings. Services will be held both afternoon and evening and on the Fourth there will be speaking, games and a huge dinner for all.

Rev. William Wheeler, a native missionary at Simnasho on the Warm Springs reservation arrived together with his family to attend the celebration.

The Cayuse Celebration.
Poker Jim has sent out a proclamation announcing that a two weeks' celebration will be held at Cayuse, following the annual observance of the Fourth of July. The tribesmen will encamp on their old grounds and for fourteen days there will be an uninterrupted series of dances, parades, games and horse races. White men having fast horses are invited to compete with the natives and a general

invitation is extended to all to attend the celebration. The festivities commence on July 4.

Poker Jim warns anyone against bringing intoxicating liquors on the grounds during the celebration on pain of punishment. Indian patrols will be on hand to enforce the laws of the camp.

LEADING PITCHERS WILL MEET SUNDAY

The last schedule game of the Blue Mountain league will be played at Round-up Park next Sunday afternoon when the Athena champions come down to meet the Buckaroos in what will beyond all doubt be the most exciting game of the season. The keenest kind of rivalry exists between these two aggregation of players, due principally to the fact that each claim to have the best twirler in the league.

These two pitchers, Berger and Frink, both of whom have starred in organized baseball, have made wonderful records during their connection with the Umatilla county teams. Berger has not lost a single game and to Frink Manager Littlejohn owes the fact that he can unfurl the pennant in home breezes. They met for the first time last Sunday when the Athena speed artist was borrowed by Weston and in that battle the local mound dweller took first honors. Therefore, the "soldier" is thirsty for revenge.

Reports from Athena are to the effect that the players are practicing twice daily in preparation for the coming contest and the local men are not allowing any sunshine to go to waste.

The game Sunday will be played to inspiring music as the Round-up Cowboy band has volunteered to lend their brass to the success of the closing game. The band will form at the Bowman hotel at 2 o'clock and march through the main streets to the grounds where they will be placed in a conspicuous part of the grandstand to discourse while the ball cracks on bat.

ANOTHER LIQUOR LICENSE GRANTED

PROTEST OF COUNCILMAN STROBLE AVAILS NAUGHT

Gas Kitchen Can Now Sell Drinks—Bridge Company Granted Permission to Lay Street Track.

One other establishment in Pendleton now has the right to serve liquor to thirsty patrons following the granting of a restaurant license by the council last night. This establishment is the Gas Kitchen, the new restaurant and lunch counter at the corner of Webb and Cottonwood streets, but the license was not secured without opposition.

Following the recommendation of the license committee that the application of T. E. Raster, the proprietor, be favorably received, Councilman Stroble arose and entered a strong protest against the granting of the license, stating that the location of the restaurant was within a questionable district of the city and would be without police protection. "This is the first time in three years," he said, "that I have opposed a recommendation of a committee but I am compelled to take a stand against the proposed license."

Chairman Montgomery of the license committee responded with the statement that Mr. Raster's place had

been found to be a clean and respectable eating house and because his location had once been disreputable was no reason why his business should be condemned. Councilman Sharon, answering the argument about police protection, stated that the police traverse that particular section of the city more often than any other. Mr. Raster himself arose and promised that he would be in the city at least a year and would, if granted a license, live up to the letter of the law.

Upon a vote, the recommendation of the committee was accepted and the license granted.

Street Railway Allowed.
The Coast Bridge company, which is constructing the Main street bridge, was granted permission to lay temporary track down main street for the purpose of transporting its heavy steel girders to the bridge site without removal from the flat cars. Some discussion was had as to whether the company should give bonds to protect the city in case of damages, but it was finally decided that a written agreement placing the responsibility for damage to streets or buildings while the girders are in transit upon the company would be sufficient.

Sewer Contract Accepted.
The bond and contract of the firm of Robinson and Foster, which was

awarded the contract for the construction of the sewer extension were accepted which contract states that the work must be begun within ten days and finished by September 15.

An ordinance was passed accepting the reassessment on the West Court street improvement work, it having been found that a slight mistake had been made in apportioning the expense of laying the new sidewalk.

OLD INDIAN VILLAGE BURNED.
Wigwam Bay Settlement in Minnesota Wiped Out.
Brainerd, Minn.—News has reached here of the destruction by fire of the little Chippewa Indian settlement at Wigwam bay, on the west shores of Mille Laes lake, between Garrison and Vineland. Nothing but smouldering ruins are left of a village which had been there almost half a century and which contained a substantial frame house, many wigwams and several log cabins.

With the dwellings of the Indians went all their household goods, their family relics, treasured from one generation to another, their fishing nets, guns and all their food supplies.

It is not known how the fire started. It gained great headway at a time when the Indians were away. When they returned they found nothing but dying embers.
