WESTON BOY IS VICTIM OF ACCIDENT

SUSTAINS PAINFUL CUT WHILE ENGAGED IN PLAY

Young Lady Suffering from Appendicitis, Rushed to Walla Walla to Undergo Surgical Operation.

(Special Correspondence.)

Weston, Ore., July 1.—Master Raymond Banister, son of Mr. and Mrs. John Banister, was injured today while playing in the woods near the Banister home which is near Weston. A portion of an iron bedstead which was hanging on the wall fell on the little fellow, bruising his face and cutting a deep gash in his head. Dr. Sharp of Athena was called and dressed the wound.

Dr. L. S. Kennard of Weston, was in Athena Wednesday on business. Mrs. Belle La Lande of Walla Walla,

is visiting her son, Mr. James La Lande.

Mrs. Ewin Banister of Athena was a visitor in Weston this week.

William Hanscom, a prominent jeweler of Pendleton, was in Weston on business this week.

Dr. L. D. Cilse is at the New Hotel Royal in this week, making his weekly visit.

Lady Seriously Ill.

Miss Gertrude Wheeler, who recently returned from the Lewiston normal, from which she graduated, was taken seriously ill Thursday afternoon with appendicitis. Miss Wheeler has seemingly been in perfect health until this attack occurred. Dr. Madden was called and deemed it necessary to take her to Walla Walla, where she can receive the best care possible and also where an operation can be performed if necessary.

J. Towery, who has been in Portland for the past month, is in Weston this week visiting his sons, Edwin and Ross Towery.

Some of the finest strawberries that have ever grown on the mountains near Weston are those that are in the market now. These fine large

berries will be on display Strawberry Day.

Spending Vacation.

Saturday morning a party of young men from Weston went to the Wenaha Springs to spend the Fourth of July and fish. The party consisted of the Messrs. Sylvan Kennard, Surber Kiehn, Glenn Morrison, Alvah Wurser and James Kirkpatrick. Many families from Weston and vicinity are making ready to spend a few weeks at the springs, while others are elsewhere.

Robert Blomgren, who has been working at Sunnyside, Washington since Christmas, is in Weston visiting relatives and friends.

SPORTOGRAPHS

Two \$1000 stakes, three \$500 events and one \$500 race are included in the program of the trotting and pacing meet opened today at Winnipeg, Manitoba. In all about seventy horses are entered for the various races, which will occupy three days—tomorrow and Monday.

A soccer football competition will be included in the Olympic games in Sweden next year, beginning just a year from today, and continuing to July 5. The games will not be played in the Stadium, but at Rastunda, July is a rather warm month, even in Sweden, and the players of some countries are kicking on the dates selected.

At the national Amateur Athletic Union games, beginning today in Pittsburgh, Pa., the New York Athletic club is represented by the strongest team it is possible to muster this early in the year, and it is the opinion of experts that the Winged Footers have more than an even chance of carrying off the national club championships. Last year at New Orleans the New Yorkers missed out by a very few points.

For the first time in the history of the Amateur Athletic Union no admission fee will be charged spectators at the annual track and field championships in the Smoky City today and tomorrow. The meet of the nation's athletes will likely play to capacity. The holding of the meet in the early summer, instead of September, as was the case at New Orleans last year, is also a departure from the usual custom.

Putocrats who count their dollars by millions will engage in a baseball game in California today, when the nines of the exclusive Burlingame Country and San Mateo Polo clubs "cross bats" at Hillsboro. All of the "smart setters" of that resort of fashionable society have become devoted fans and fannies and well trained bands of feminine rooters will be on hand, it is said, to cheer their favorites with original yells and songs manufactured for the occasion.

For summer diarrhoea in children always give Chamberlain's Colic, Cholera and Diarrhoea Remedy and castor oil, and a speedy cure is certain. For sale by all dealers.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, O. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.

BOGUS MONEY IS SEIZED.

Man Captured Believed to be Leader of Gang.

San Francisco.—A campaign of counterfeiting which has been successfully conducted in every big city of the Pacific Coast the past six months ended today when Charles Hush, 25 years old, and John Tilton, a cripple, 27 years old, were arrested at the Vincent House, Oakland, by secret service officers.

In the den of the two prisoners a complete outfit for the manufacture of spurious \$1 coins was found, together with piles of bad money. Plaster forms, files, carving tools, lead, antimony and a collection of chemicals were seized by the officers, who hold them as evidence.

Young Mothers

No young woman, in the joy of coming motherhood, should neglect to prepare her system for the physical ordeal she is to undergo. The health of both she and her coming child depends largely upon the care she bestows upon herself during the waiting months. Mother's Friend prepares the expectant mother's system for the coming event, and its use makes her comfortable during all the term. It works with and for nature, and by gradually expanding all tissues, muscles and tendons, involved, and keeping the breasts in good condition, brings the woman to the crisis in splendid physical condition. The baby too is more apt to be perfect and strong where the mother has thus prepared herself for nature's supreme function. No better advice could be given a young expectant mother than that she use Mother's Friend; it is a medicine that has proven its value in thousands of cases. Mother's Friend is sold at drug stores. Write for free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature. BRADFIELD REGULATOR CO., Atlanta, Ga.

Help for All

Andrew Carnegie once suggested as an epitaph for his own tombstone what he said was the secret of his success: "Here lies a man who surrounded himself with men abler than himself."

Many able people are working for you, scientists, inventors, manufacturers, all trying to make something you want. Do you use their brains and their efforts—"surround yourself with them"—or do you plod along by yourself, years behind the times?

Take your own home. Have your share of modern improvements there—money-saving, labor-saving, health-promoting? One of the most important of these is a New Perfection Oil Cook-stove. A New Perfection stove never overheats a kitchen. It saves fuel and time. With the New Perfection oven with the glass doors you can go on with your ironing or any other work, and still be sure at a glance the joint is roasting properly.

Made with 1, 2 and 3 burners, with long, turquois blue enameled chimneys. Handicraftily finished throughout. The 2- and 3-burner stoves can be had with or without a cabinet top, which is fitted with drop shelves, towel racks, etc. Dealers everywhere; or write for descriptive circular to the nearest agency of the Standard Oil Company (Incorporated)
