CELEBRATION GREAT SUCCESS

Great Crowd Present in City to Participate in Day's Festivities

PARADE IS WITNESSED BY THOUSANDS OF PEOPLE

Celebration Begins Early and Runs Late—Trains Bring In Multitude—First Part of Celebration Goes Off Without Hitch.

With a great throng of people from over the county on the streets early in the morning and with every train bringing in others to swell the attendance, Pendleton's Fourth of July celebration is under way and promises to be one grand success.

All of the morning trains brought great crowds into the city. The local from Walla Walla and the east end of the county carried an extra coach as did the Northern Pacific train and all of the cars were filled to capacity.

The local Round-up Cowboy band was on the streets early in their frontier costumes and as the big crowd was emptying from the local, gave several selections. The Athena band came in on that train and formed in time to meet the Northern Pacific local.

Owing to the lateness of the arrival of the latter train, the parade did not start until 10:45 but the throngs which lined the streets were patient. The parade was carried out as planned and it was a brilliant success that wended its way along the principal streets.

The parade was headed by the Athena band which was followed by the car of the goddesses, Liberty, Justice, Peace, Plenty and War, represented by the Misses Frances Saling, Claire Raley, Grace Fimmel, Alice Forshaw and Viola Shea.

Following the car of the goddesses came a long string of automobiles representing the states of the union. Each car was filled with young girls of the city, all clad in white and wearing the crown of the state they represented.

After the autos came the bicycle parade with about twenty children riding wheels brilliantly decorated with flags and bunting. They were headed by Lester Matthews, son of Mr. and Mrs. A. T. Matthews, dressed as Uncle Sam and bearing the great national shield on his handlebars.

INVESTIGATE WRECKING OF STEAMER SPOKANE

Seattle, July 4.—United States Steamboat Inspectors Captains B. B. Whitney and R. A. Turner, have commenced an investigation into the wreck of the steamship Spokane in Seymour Narrows, B. C., Thursday night by hearing the evidence of passengers who returned to Seattle Saturday. The passengers reported their version of the wreck as given at the mass meeting Saturday when they charged the crew with negligence in rescuing the passengers. Additional charges of drunkenness and looting were made without any person being accused.

Among those who testified were: C. E. Pearsall, Eureka, Cal.; Mrs. G. W. Daw and two daughters of Troy, N. Y.; Mrs. C. E. Pearsall, John Meteler and Benjamin J. Hecht of Baltimore, and Frank May of Pasadena, Cal.

The passengers held another mass meeting last night. Thirty-six of them entered into an agreement to go into court to recover damages for the loss of their baggage. Some of the passengers expressed their willingness to accept the Pacific Coast Steamship company's offer to refund the passage money if they would waive other damage claims.

At the office of the Pacific Coast Steamship company it was announced that the company would be in a position to deliver baggage recovered from the Spokane tomorrow.

McNAMARA HEARING AGAIN POSTPONED.

Los Angeles July 4.—To allow Attorney Davis counsel for the McNamaras, who are accused of dynamiting, to take charge of the funeral arrangements of the father of his law partner, the defense and prosecution today agreed to postpone McNamara's pleading until Thursday. It was to have been held tomorrow. This means that the men's pleading and the contempt charges against Mrs. McNamara will be heard the same day.

WOMAN MAYOR IS HAVING TROUBLES

COUNCILMEN REFUSE TO SIT IN HER MEETINGS

Only Meeting Held for Presentations of Resignations and Discussion of Town Pump.

Hunnell, Kas., July 4.—At last the city council here met with Mrs. Edna Wilson, the mayor, last night. This is the first regular meeting the aldermen have attended since she was selected the head of the city government on April 1.

The meeting could hardly be called a victory for the mayor.

Only two details of official business were transacted. The resignation of Alderman W. L. Lewis was accepted and a resolution providing for repairing the town pump was adopted. This last bit of legislation was practically forced upon the council. Since the council last met the pump has fallen into a bad state of repairs. It just had to be fixed.

Every appointment of the mayor asked the council to confirm was turned down. Mayor Wilson says she is determined to have her selections in office and she will continue to present her names for confirmation at every meeting of the council henceforth.

ATTEMPT MADE ON ATTORNEY'S LIFE

Marshfield, Ore., July 4.—An attempt was made to assassinate Attorney J. W. Bennett in his office yesterday afternoon. Jack Marden asked to see the lawyer in his office. He pulled a revolver and told Bennett he would fix him but before the gun was fired a son of the lawyer checked the shooting and saved his father's life.

Jack Marden is the son of Robert Marden, one of the oldest citizens of this place. Mr. Bennett has for many years been a friend of Marden. Recently Jack Marden started suit against the father, Robert Marden, for the recovery of property he claimed due him. Bennett appeared as lawyer for the father and the younger Marden lost the suit. Bennett says this was possibly the cause of his ill feeling.

WOMAN SAVES CONVICTED MAN

Admits She Caused Death of Which Innocent Person was Found Guilty

CLAIMS KILLING WAS PURELY ACCIDENTAL

Afraid of Compromising Herself Keeps Matter Secret Until Jury Returns Verdict, When Conscience Stricken, She Makes Full Confession to Authorities.

Philadelphia, July 4.—Accused of killing Earl Amann at Warren, Penn., on January 28, last, Mrs. Stella Hodge of that place is held at police headquarters here today, following a hearing. John M. Andrews of Warren, a few days ago, was convicted of murdering Amann, despite his vigorous protests of innocence of the crime.

H. G. Slesox, a Philadelphia detective, testified at the hearing that Mrs. Hodge told him on the night of the killing she went riding with Amann. Amann left the carriage to walk to the reservoir where he worked, to look things over. Mrs. Hodge said she was afraid to be alone in the dark, and asked him if he had a revolver. Amann handed her an automatic pistol and went away to attend to his duties. When he returned to the carriage the horse became frightened and Amann grabbed the bridle as she grabbed the reins, and the gun was discharged.

Amann fell, Mrs. Hodge told the detective, and she climbed out of the carriage and ran to his side. Finding him apparently dead, she placed the pistol beside his body. Next she unhitched the horse and let it run loose. Then she ran to her home.

The next morning, finding that everyone believed it was a case of suicide and fearing to compromise herself by telling of her ride, she decided to remain quiet.

When Andrews was convicted last week her conscience began to trouble her, and it was then an easy matter for the detective to get her dreadful secret from her. John Scarlett, Andrews' attorney, employed detectives to watch the woman upon whom his suspicion had fallen. She was arrested yesterday after being induced to go to Atlantic City, and following the news of Andrews' conviction, told her story of the killing.

WAPPENSTEIN FOUND GUILTY

Former Chief of Seattle Police Accepted Bribe From Dive Keeper, Says Jury

VERDICT REACHED AFTER SEVEN HOURS' DELIBERATION

Seven Other Indictments Hang Over Head of Convicted ex-Official, Who Is at Liberty Under \$84,500 Bonds—Witnesses Who Testified for the Prosecution, Cited to Appear Before Grand Jury.

Seattle, July 4.—Former Chief of Police Charles W. Wappenstein was found guilty last night of having accepted a bribe of \$1000 last August for permitting Gideon Tupper and Clarence J. Gerald to operate the Midway and Paris crib houses in the old King street vice district. The jury was out seven and a half hours.

This was the second trial of Wappenstein on this charge, the jury having disagreed in the previous hearing. The defense closed its case and waived the right to argue, the state alone summing up the case. The jury retired at 3:30 yesterday afternoon and at 11 o'clock Judge J. T. Ronald received the verdict. Wappenstein was not visibly affected.

SEVENTH BALLOT CONVICTS

Seven ballots were taken by the jury. The vote on the first stood 7 to 5 for conviction. On the second ballot the defense gained one juror, but lost him in the third. On the fourth and fifth the vote was 9 to 3 for conviction, on the sixth 11 to 1, and on the seventh the jury agreed. Immediately after receiving the verdict the court adjourned without indicating when sentence will be passed. Wappenstein is already under bonds of \$84,500 on seven other indictments and no additional bond was required.

The cases against Wappenstein are closely related to the recall election held last February, when former Mayor Miriam C. Gill was ousted in favor of Mayor George W. Dilling. Demand had been made that Mr. Gill remove Wappenstein, his chief of police, but Gill refused, and the recall movement was started. Wappenstein resigned shortly after Gill went out of office.

BURNS SECURED EVIDENCE

Shortly after the recall election a special grand jury was called to consider evidence gathered by Detective William J. Burns, who had been employed several months before by Dr. Mark A. Matthews, pastor of the First Presbyterian church.

SLAYER OF FIVE SERVES SHORT TERM

Oklahoma City, Okla., July 4.—Clyde Mattox, who is known to have slain four men and has been accused of killing a fifth and who was famous as an outlaw in the territorial days of Oklahoma, was released from the state prison today and his citizenship restored after he had served a term of 12 years for manslaughter.

The sentence which Mattox was serving was for slaying Lincoln Eweeney, a constable, in a saloon brawl at Ponca City. He was paroled by Governor Haskell in March, 1908, but in January, 1910, he became involved in a fight, and his parole was revoked.

Just after Indian Territory had been opened for settlement in 1889 Mattox killed a man, and for this crime he was sentenced to hang. Through the efforts of the prisoner's mother, President Harrison was induced to commute the sentence to life imprisonment. Later President McKinley pardoned Mattox.

ANOTHER REVOLT STARTS IN MEXICO

REVOLUTIONARY BANDS GATHER NEAR POLOMAS

Citizens Made Prisoners and Are Being Held for Ransom, According to Juarez Reports.

Juarez, Mexico, July 4.—Telegrams received here last night from Columbus, N. M., declare that the country south of Polomas, Mexico, is full of revolutionary bands who style themselves liberals or loyalists. They are securing mounts, provisions and money and issuing receipts in the name of the liberal party.

Several men in that section have been taken prisoners and held for large ransom. The telegram states that the liberals have several camps on the Casas Grandes river, near Lake Guzman, and seem to be waiting instructions from some other locality.

They are accumulating many horses and much provisions from the farms and ranches located along the river. The telegram says also that the entire section of country is in a turmoil and the people are extremely apprehensive both for their lives and property.

INDICTED RAILROAD OFFICIALS DENIED RELEASE

San Francisco, July 4.—Patrick Calhoun, Tiley L. Ford, Thornton Mully and William M. Abbott, the United Railways officials indicted on the charge of bribing city officials were denied release on habeas corpus proceedings by the state supreme court.

Following the refusal of Superior Judge Lawlor a year ago, to dismiss the cases for alleged lack of evidence the railway officials surrendered themselves to the sheriff and then petitioned the supreme court for release. At the same time bail bonds were filed with the upper court pending the hearing. Thus the point that the accused were "deprived of their liberty," was technical, as the court points out.

WRESTLING MATCH BILLED FOR FRIDAY

Pendleton lovers of the mat game will have a chance to see an exhibition next Friday evening at the Oregon theater when Harry Clarke, the local lightweight grappler, will meet Kid Irish, a bantam weight from Walla Walla. A challenge was issued by the local boy several days ago and was this morning accepted by the Irish one who is here to attend the celebration. Articles of agreement have been signed by which Clark must throw his lighter opponent three times in an hour, and Irish, whose real name is Ireland, guarantees that he will have the hundred hour's work he has ever tackled.

Young Irish has followed the grappling game for a number of years and is reputed to be a clever little 115 pounder. Clarke is an amateur but has had considerable experience on the mat and thinks he can accomplish the task set out for him.

GERMANY WILL SIGN TREATY

Absolute Arbitration of Disputed International Issues, Soon to be a Reality.

SHOWING NO DISPOSITION TO PRESS CONTENTIONS

Misunderstood Points of Proposed Agreement, Explained Satisfactorily to Ambassador, Who It is Believed, Will Be Commissioned to Act.

Washington, July 4.—That Germany will not be far behind Great Britain in her acceptance of the principle of unrestricted arbitration of all issues, including those involving national honor, is regarded here practically as certain, in view of recent developments.

When Count Von Bernstorff, the German ambassador, departs for Berlin, it is expected he will be charged with a new presentation of the question that will insure favorable consideration.

From the first the German foreign office has looked doubtfully upon the proposition because it felt that while Germany, under its terms, would be absolutely forced to submit an issue to arbitration, the American government could avoid such responsibility because the United States was privileged to pass upon the issue. A hasty reading of the copy of the treaty supplied the foreign office through Count Bernstorff confirmed this belief, hence there was no manifestation by Germany of its purposes to press negotiations.

It appears that there has been a radical misunderstanding on this important point. The treaty provides that even after the action of the senate upon a "pro-let" or upon a definition of the exact limits of the matter to be arbitrated, the issue shall not go to actual arbitration until there has been an exchange of notes between the two governments and an objection by either to the form would result in stopping the proceedings.

This point has been made clear to the German ambassador and now it is expected the way has been cleared for adhesion of Germany to the convention.

LAST MINUTE SEES MUCH MORAN MONEY

San Francisco, July 4.—With the last minute money coming out freely, in small blocks, by Moran's backers, the odds today are 10 to 6, in favor of Wolgast. Interest is all keyed up for the lightweight championship fight in Cofroth's arena this afternoon. The impression is general that Wolgast won't find the Briton an easy man. Both are in the pink of condition. The weight under the requirements is 132.
