FOR SUMMER SKIN DISEASES

During the summer most persons are annoyed with pimples, boils, rashes or eruptions, while others suffer more severely with Eczema, Acne, Tetter, Salt Rheum, or some kindred skin disease. All skin affections come from humors and acids in the circulation. The blood, as it circulates through the system, deposits these humors and acids in the sensitive membranous flesh which lies just beneath the outer skin. This acrid matter causes inflammation and a discharge which breaks through the delicate cuticle, and skin diseases are the result. To cure any skin trouble the blood must be freed from all acids and humors, and for this purpose nothing equals S.S.S. This great blood purifier completely removes every particle of the impurity, enriches the blood, and in this way permanently cures skin diseases. S. S. S. cures because it purifies the blood and thus does away with the cause. Book on skin diseases and any medical advice you may desire sent free. S.S.S. is for sale at drug stores.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure manufactured by F. J. Chency & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. ATHENA LOOSERS ARE MORE THAN WRATHFUL

(Special Correspondence.) Athena, Ore., July 5 -- Many Athena citizens and baseball fans are greatly displeased over the treatment received on the Pendleton baseball diamond last Sunday and assert that they will show Pendleton their indignation by absolutely refusing to have anything to do with Pendleton in the uture either in sport or business. The Athena men say they do not care for the money lost on Sunday's

game-in fact, they say, that they lost twice as much money to Walla Walla without a word of protest. The nly difference being that Walla Walwon as true sportsmen in a sports manlike manner, while Pendleter stole what they could not win by trickery and crooked decisions, 8 sure are the fans and citizens of this aty of the dishonest and thieving nethods used by the Pendletonians hat it is asserted by some people of his city will not do business of any kind in Pendleton that can be done

Some Athena fans further assert hat they will never again be memsers of any league of any kind in which Pendleton may have a place.

Miss Makelin has an interesting problem before her. She is to install the new department of domestic sciince at McMinnville conege,

Miss Price's problem is somewhat similar, since she too is to install a lomestic science and art department in a virgin field—the Salem high school.

Miss Edwards has been called to Enterprise to introduce domestic science and art in the high school in addition to giving courses in history, physical geography, English and phy slology. In the work in domestic economy, for which she is to choose all the equipment and plan the courses, she has been informed she may expect an initial enrollment of at least fifteen.

WONDERFUL CURE OF SORE HANDS

Skin Peeled and Flesh Got Hard and Broke - Blood Flowed in Fifty Places - "Single Box of Cuticura Ended Suffering."

About eleven years ago I was troubled with sore hands, so sore that when I would put them in water the pain I would put them in water the pain would very nearly set me crazy, the skin would peel off and the flesh would get hard and break. There would be blood flowing from at least fifty places on each hand. Words could never tell the suffering I endured for three years. I tried everything that I was teld to use for fully three years, but could get no relief. I tried at least eight different doctors, but none of them seemed to do me any good, as my hands were as bad when I got through doctoring as when I first began. I also tried many remedies, but none of them ever did me one cent's worth of good. I was discouraged and heartsore. I would feel so bad mornings when I got up, to think I had to go to work and stand the pain for ten hours, and I often felt like giving up my position.

ing up my position.

Before I started to work mornings Thefore I started to work mornings I would have to wrap every finger up separately, so as to try and keep them soft and then wear gloves over the rags to keep the grease from getting on my work. At night I would have to wear gloves in bed. In fact, I had to wear gloves all the time, After doctoring for three years, and spending much money, a single box of Cutieura Ointment ended all my sufferings. It's been eight years all my sufferings. It's been eight years since I used any and I don't know what sore hands are now, and never lost a day's work while using Cutioura Ontment. Thomas A.
