IS LEFT TWO MILLION. Farmer's Wife Will Remain on Farm as Before.

Aurora, Ill.—"No, I'm not going to move to the city. I'm going to stay right here on the farm. That's an awful lot of money, isn't it?"

Such was Mrs. Isalah Rorabaugh's reply when asked what she will do with the money bequeathed to her by a wealthy great uncle in New York, who has named her as one of eight heirs to his fortune of \$16,000,000.

Mrs. Rorabaugh is the wife of a farmer living about three miles from Kirkland. They rent the farm and until a letter arrived several days ago from a legal firm in New York advising her of her good fortune had not dreamed of such a thing.

The wealthy decedent was named John Colter. "I have lots of relatives named Colter," said Mrs. Rorabaugh, "but I never dreamed that one of them had so much money. The letter said that all I would have to do would be to go to New York and prove my identity and my share will be paid to me. I'm going just as quickly as I can, too."

"We shall be content to stay here on the farm and we'll find ways to use the money, I'm especially glad for the sake of the children."

CARUSO IS BITTER. Singer Says He Has Lost Heavily—No Money for Shop Girl.

Rome.—Caruso tells the Milan correspondent of a Rome newspaper that he is better and hopes his throat will be completely cured. He estimates his losses at \$100,000, in addition to \$40,000 spent for treatment, and spoke bitterly about the reports that his career is finished.

Referring to the Milan shop girl's breach of promise suit, Caruso smiled scornfully at her claim of \$50,000. He gave a detailed account of their meeting in Milan, and declared that his attentions to her never exceeded a mild flirtation. He said he only grasped the situation when the girl, a Sicilian beauty named Pauline Caprelli, visited him in Berlin, accompanied by her father, though he confessed that he paid the expenses of their journey. He sent her back to Milan, clearly intimating that he wanted complete freedom.

Caruso closed the interview by declaring that he does not care a rap what the girl's family may do; he will not give her another cent.

CONCRETE FAILS TO PLEASE. "Toronto's Streets Very Unsatisfactory," Says the City Engineer in His Annual Report.

During 1909 the city of Toronto constructed a total of 2383 square yards of concrete pavement. This pavement was laid on lanes upon which the traffic of wheeled vehicles was not excessive. The pavement consisted of a 4-inch rough concrete foundation upon which was placed a 2-in. surface of richer mixture, which was finally blocked off into rectangular slabs, by 10-in. According to the annual report of the city engineer of Toronto for 1910 it has been found that this mixture is very brittle and abrades rapidly under the action of traffic and becoming smooth does not afford sufficient foothold for horses.

AUTO TRAVELS 5100 MILES. Yakima County Machine Costs \$2633 in Three Months.

North Yakima, Wash.—The county automobile, purchased about three months ago, has traveled 5100 miles at an average cost a mile of about six cents, according to Accountant Frank M. Spain of the auditor's office. Chauffeur Barney has purchased an average of 10 gallons of gasoline for every 100 miles traveled and five gallons of engine oil for the same distance. The total expense of the machine to date, including the chauffeur's salary and original cost, has been \$2633.

JUAREZ SOLDIERS BEHAVE. Former Insurrectos Are Promised Their Pay.

Juarez, Mex.—Former insurrecto soldiers, numbering about 100 and serving as rurals, who threatened to take forcible possession of the customs house today unless supplied with money by General Blanco to purchase supplies for themselves and their horses, dispersed when assured by Blanco that they would be paid. The misunderstanding arose when the practice of paying the men out of customs duties was discontinued on instruction from Mexico City.

BODY OF AERONAUT RECOVERED. Found on Island About Fifteen Miles Below Town of Huntington.

Weiser.—The body of R. J. O'Donnell, the aeronaut who was drowned here last Saturday in the Snake river while making an ascension for the Miller Amusement company, was found today noon on an island 15 miles below Huntington, about 35 miles from where he met his tragic death. Coroner Bowen left at once for the scene and will bring the body to this city tomorrow. The body will be shipped to Portland for interment. His relatives reside there. O'Donnell was to have been married soon to one of the leading ladies of the company.

For summer diarrhoea in children always give Chamberlain's Colic, Cholera and Diarrhoea Remedy and castor oil, and a speedy cure is certain. For sale by all dealers.

NORMANDY LIVES OVER 1000 YEARS OF HISTORY

Rouen, France.—When Rollo, the bold, bad buccaneer of the Northland, after years spent in ravaging the coasts of England and France, was at last brought before the successor of Charlemagne who ruled over France, he was told that he must manifest his servility by kissing the royal foot. The pirate, brought before that Charles who was called The Simple, instead of groveling to earth to imprint a chaste salute upon the toe of the imbecile monarch, grasped the royal extremity and, standing the unfortunate king upon his head, brought the toe to his lips.

This is but one of a myriad of strange events that are being re-enacted in Normandy in celebration of its 1000th birthday. The clock has been turned back a thousand years and all the history of that long period will, between now and September, be unrolled in panoramic pageantry for the delectation of Frenchmen and the great crowds of tourists from all over the world who have come to Rouen to witness the spectacle.

Today's repetition of the Rollo pageantry was witnessed by thousands of Americans and was but a part of the mimicry of a day ushered in by the ringing of the far-famed chimes of Normandy. From an artistic viewpoint, the Rouen celebration far surpasses in beauty and magnificence the more pretentious pageantry which attracted hundreds of thousands to London. Whereas the British decorations and pageants were garish and brazen, those of Normandy are in excellent taste and pleasing to the eye of the most critical artist. Instead of cheap hunting, gay old tapestries fly from the windows of Rouen, lighting up the streets with gracious color as cascades of armored knights and magnificent corteges pass by.

Americans and Englishmen have an interest in the celebration because of the fact that it was in Normandy, in the village of St. Clair-sur-Epte on the road toward Paris, that the very foundations of the English language were laid a thousand years ago. Charles the Simple, finding himself unable to cope with the pirates from the Northland, secured a peace by ceding to the invaders all of the present provinces of Normandy. But for this momentous event, England would have remained purely Saxon.

The Normans who were later to invade England came originally from Norway, Sweden or Denmark. Which of these three countries may rightly claim the honor is unknown and must ever remain so. Rollo, the leading man of the Vikings, was given Gisele, the daughter of Charles the Simple, in marriage.

Happiest Girl in Lincoln. A Lincoln, Neb., girl writes, "I had been ailing for some time with chronic constipation and stomach trouble. I began taking Chamberlain's Stomach and Liver Tablets and in three days I was able to be up and get better right along. I am the proudest girl in Lincoln to find such a good medicine." For sale by all dealers.

WRONG INTERPRETATION. As the train left a certain station the following sign was displayed in the buffet car:

"No intoxicating liquors will be served while the train is passing through North Dakota."

They had been rolling through that interminable state a long time when the Women's Christian Temperance union delegate from the east came into the car for her dinner. Casting her eye out of the window upon a somewhat changed landscape, she remarked to the waiter:

"Are we still in North Dakota?" "No, ma'am," answered George, alertly, with a hospitable grin. "What will you drink, ma'am?"—The House-keeper.

Mills College

Near Oakland, California. The only Woman's College on the Pacific Coast. Chartered 1885. Near two great Universities. Ideal climate throughout the year. Entrance and graduation requirements equivalent to those of Stanford and University of California. Laboratories for science with modern equipment. CONDON WHEAT CROP BETTER THAN THOUGHT

LAST TWO WEEKS IS BENEFICIAL TO GROWERS

Some Sections, However, Show Almost a Complete Failure and Will Not Pay Harvesting Cost.

(By Hyman H. Cohen in the Oregon Journal.)

Condon, Ore., July 5.—The Condon country will produce between 750,000 and 1,000,000 bushels of wheat this season. That is the present probability.

Two weeks ago the estimate would not have been more than 500,000 bushels and it would have stretched the harvest a few fractions to give forth that much of a crop.

Four years ago the Condon country sent forth a record breaking yield, shipments from this station reaching 1,250,000 bushels, making it the greatest primary shipping point of the entire country for that period, so Condon people have steadily insisted.

While this year's crop is by no means a record breaker, it is so much better than was expected a short time ago that even growers themselves are astonished at the results of the recent rains.

Within less than two weeks the crop of Gilliam county has been partly remade. For a while it showed lack of life; the plants looked as if they would make less than half their usual output. But since June 23 the Condon country has had rainfall, measuring as high as 1.26 inches, a life saver for perishing grain.

While this increase over what had been expected comes from the country south of Condon, there will be

Particularly the Ladies.

Not only pleasant and refreshing to the taste, but gently cleansing and sweetening to the system, Syrup of Figs and Elixir of Senna is particularly adapted to ladies and children, and beneficial in all cases in which a wholesome, strengthening and effective laxative should be used. It is perfectly safe at all times and dispels colds, headaches and the pains caused by indigestion and constipation so promptly and effectively that it is the one perfect family laxative which gives satisfaction to all and is recommended by millions of families who have used it and who have personal knowledge of its excellence.

Its wonderful popularity, however, has led unscrupulous dealers to offer imitations which act unsatisfactorily. Therefore, when buying, to get its beneficial effects, always note the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package of the genuine Syrup of Figs and Elixir of Senna.

For sale by all leading druggists. Price 50 cents per bottle.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly falling to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, O. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.

some sort of harvest in the northern section where previous to the rainfall it is doubtful whether it would have failed to turn the wheels of the machines.

There are stretches of ground even in that gloomy section of Gilliam county, along the line of the Oregon-Washington Railroad & Navigation company, that will harvest this year, if no damage results from this time forward, fully 15 bushels an acre. Considering conditions prior to the late rainfall this is scarcely believable except by those who have witnessed the contrast between before and after.

It would not be right even to intimate that this is the general condition of the wheat crop in northern Gilliam, but as stated there are exceptions to the generally poor situation there.

There are many fields in northern Gilliam that will produce scarcely enough wheat to feed a canary bird, let alone pay harvesting expense. However, only a small percentage of the acreage there is sown to wheat this year, most of it being in summer fallow.

One of the conditions most noted in northern Gilliam is the fact that those who have a respectable yield this season are the ones who conserved the small amount of moisture in the ground. For instance, Dell Price who had 200 acres of fortyfold, two miles north of the best of prospects for a harvest of 20 bushels to the acre. Leo Shelly, whose place adjoins, has barley that will go 30 bushels.

Conditions in the Mayville and Ferry canyon sections are materially better than a year ago. The yields in the Ferry canyon fields will average close to 15 bushels per acre. William Brown has 400 acres of blue-stem and fortyfold that promise a yield of 20 bushels. This is fall grain.

George B. Durbek, one of the big farmers of this section, having one of the greatest acreages, will have a better crop than a year ago. However, he always has a good yield. His promise is a 30 bushel yield. Andy Greiner with several thousand acres in wheat will likewise have a better yield than in 1910.

W. A. Campbell with 500 acres will harvest close to 30 bushels per acre this season.

The condition of the barley crop is the best in years, there seemingly having been little damage to this grain from the protracted dry weather.

Alfalfa hay crop is excellent.

RECEIPTS ARE VERY LIGHT AT PORTLAND

(From Wednesday's Journal.)

Only one sale of importance was recorded this morning at the stockyards in North Portland, that of 267 weathers, averaging a weight of 86 pounds and bringing \$3.

Receipts were light, confined to cattle, calves and sheep, with no hogs. The exception is that receipts will be heavy tomorrow, the days light receipts, no doubt, being due to the fact that yesterday stockmen, like other people, devoted their time to the celebration of a safe and sane Fourth.

Grain, Flour and Hay. Wheat—Nominal. Track delivery—Club, \$3; blue-stem, 95c; fortyfold, 85c; 86c; Willamette valley, 85c; red Russian, 84c; Turkey red, 90c.

Oats—Nominal. Producers price—Track, No. 1, white, \$27.50; bray, \$27.00. BARLEY—Producers' price—1910—Feed, \$28; rolled \$29.50; brewing, \$29.00. Millets—Selling price—Bran, \$25.00; middlings, \$31.00; shorts, \$26.00; chop, \$19.00 @ 25.00. Hay—Producers' price—1910—Valley timothy, fancy, \$17.00 @ 18.00; ordinary \$15.00 @ 17.00; eastern Ore.
