NEWS OF THE NORTHWEST

Alfalfa Land Brings \$2500.
Freeewater, Ore.—J. H. Marlatt of Vincent has sold 20 acres of alfalfa land to D. Neff for \$2500.

Falls Off Suits; Breaks Arm.
Dayton, Wash.—While walking on high stile Raymond Floyd, 7-year-old son of Will H. Floyd, fell and broke his right forearm.

Burglars in Hope Store.
Hope, Idaho.—Burglars entered the drug store of A. W. Gordon, on First street. They fired two charges of dynamite, blew the safe door off and es-

aped with \$35.

Horse Thieves in Benton.
Prosser, Wash.—Sheriff W. R. Mahan of Benton county, has been trying to locate horse thieves operating throughout the county. It is reported 50 horses have been taken from the range within the last month.

Depositions in Love Case.
Baker, Ore.—Two set envelopes containing depositions in the Sidney C. Love divorce case have arrived in the county clerk's office. One of the envelopes came from Seattle and the other from Newport, R. I.

Fred Miller Hangs Self.
Bend, Ore.—Fred Miller committed suicide by hanging himself in the old Boyd slaughter house, a mile and a half north of Bend. The body was discovered by Allen Thompson and E. J. Taylor. From all appearances the

OVERWHELMED BY LOCUSTS.

Physician in Automobile Collared and Severely Stung.
Woodbury, N. Y.—Dr. H. H. Clark of this city came near being eaten alive by locusts recently. Staying a call out on the Fairview road, he took a short cut through Almonesson. As he drew near the head of the lake in his automobile he heard what he thought was a locomotive whistle, but knowing there was no railroad there, he stopped his machine and found the machine was made by locusts.

Wheels Never Right Foot.
Missoula, Mont.—Exhausted from the loss of blood and nearly unconscious from suffering Martin Rude, a woodsman, was found by a pedestrian lying alongside the Northern Pacific track at Hudson with his right foot severed at the ankle.

Ship Peaches from Freeewater.
Freeewater, Ore.—The Milton-Freeewater Fruitgrowers' union shipped the first box of peaches to Walla Walla over the Traction company's line and another box was shipped to Spokane and the owners received \$1.50 a box. The June apples are on the market, selling at \$1.50 a box. Apricots sell at \$2 a box.

Premature Blast Kills Two.
Tacoma, —A telephone message from Eatonville, Wash., reports that two men were killed and three badly injured in an explosion near La Grande, where the men were blasting in connection with the work of the Tacoma power plant. The men were Greek laborers, whose names have not been learned.

Shouts Vainly for Help.
Portland, Ore.—Struggling frantically to restore breath to the body of his brother and shouting for help to the heedless residents of the vicinity, C. D. Yitter felt life ebb slowly but surely from the limp form which he had dragged out of two feet of water in Columbia slough. Despite efforts at resuscitation C. L. Yitter expired while the horrified brother performed every service to revive him.

Colt Has Two Legs.
Chesaw, Wash.—Oto Riechter, a farmer living near Chesaw, found a monstrosity of the animal kingdom with one of his work mares, a colt with which a fine animal and in every way showed the type of being a splendid animal with the exception of being minus its front legs. The youngster is full of life and tries hard to stand on its two feet. It is being raised by hand.

A WORD WITH WOMEN.

Valuable Advice for Pendleton Residents.

Many a woman endures with noble patience, the daily misery of backache, pains about the hips, aches, nervous spells, dizziness and urinary disorders, hopeless of relief because she doesn't know what is the matter.

It is not true that every pain in the back or hips is venereal "peculiar to the sex." When the kidneys get congested and inflamed, there are many such aches and pains and the whole body suffers.

You can tell it is kidney trouble if the secretions are dark colored, contain sediment, the passages are too frequent or scanty, when deep the weakened kidneys. They can't get well alone.

Doan's Kidney Pills have brought about new life and strength to thousands of suffering women. They are endorsed by thousands of endorsed at home—read this Pendleton woman's convincing statement.

Mrs. Valentine Stroop, 123 Johnson street, Pendleton, Oregon, says: "About two years ago I suffered from kidney complaint and when a friend advised me to try Doan's Kidney Pills I did so. This remedy disposed of severe backaches that had kept me awake at night and benefited me in every way."

For sale by all dealers. Price 50 cents. Foster-McMillan Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

THIRD MARRIAGE NOW LEGAL.

Matrimonial Mix-up Straightened at Last by Court.
Trenton, N. J.—On the ground that William T. Vincent of Chester, Pa., already had a wife when she married him, Mrs. Catherine C. Vincent of this city has had her marriage annulled by the court of chancery.

According to the evidence, Vincent was married in 1899 at Vineland to Miss Myra Aldrich, and in 1902 he was married to the Trenton girl, whose marriage was annulled today.

The first Mrs. Vincent obtained a divorce because of his second marriage, and Vincent is said to be living with a third wife in Chester.

A curious phase of the case is that his third marriage is legal because of his first wife's divorce and his second wife's action in the New Jersey courts.

Father and Daughter Drowned.
Paducah, Ky.—While teaching his daughter, Lillian, 12 years of age, how to swim, Charles Wilkins, a well-known locomotive engineer, and his pupil, were drowned early tonight on a sandbar in the Ohio river near here. Wilkins was stricken with cramps and sank. The child could not swim a stroke and she also went down. Both bodies have been recovered.

CLINGING SKIRTS.

Macon Church Says They're Worse Than Whisky.
Macon, Ga.—The Tabernacle Baptist church, Rev. T. M. Callaway pastor, has adopted resolutions deploring and condemning the wearing of tight skirts and the padding of female figures. It is solemnly declared that the wearing of clinging dresses, which reveal the figures of women, does more harm than whisky.

CHAMPION SWARTER

KILLS 181,320 FLIES.
San Antonio, Tex.—One and a quarter million dead flies in one heap, being a pile three feet high and five feet wide, represents the slaughter wrought by small boys as the result of a fly-killing contest which closed here today. Robert Basse carried off first place of \$10 with an official record of 181,320 dead flies.

MISS SLUSHER HAS A NARROW ESCAPE

(Special Correspondence.)
Menomah, Ore., July 9.—Miss Edith Slusher of Pendleton had a narrow escape from serious injury the other night. After preparing for bed in her dressing room in the attic of the Slusher cabin, she started to descend the ladder, lamp in hand, but missing the first round, fell the entire distance. Fortunately her father was at the bottom and broke her fall. The lamp went out in the swift descent, else there might have been serious consequences. As it was the only results attending the accident was a slight attack of hysteria followed by nervous prostration on the part of Miss Slusher.

AUTO SPURTS AND CHUGS

Milwaukee is planning a big motor meet for the state fair in September.

Postmaster Robert Bryson, of Indianapolis, has let a contract for the collection of mail in that city by automobile.

The central highway to extend from Beaufort, N. C., a port on the Atlantic ocean, at the southern end of the inland waterway, as near in a straight line as possible to the Tennessee boundary, not far from Hot Springs, N. C., will traverse nineteen counties and about sixty-five cities and towns.

With the signing of the New York-Montreal highway bill, Governor Dix of New York has made it possible to start work on one of the most important sections of a highway stretching from Palm Beach, Fla., to Montreal, Que. The stretches between New York and Atlanta, Ga., and from the latter place to Jacksonville, Fla., have been routed, and all that remains is the completion of the section from New York City to Rouse's Point, at the Canadian border, and the improvement of the roads in the Dominion of Canada, leading from Rouse's Point to Montreal.

The export of automobiles from the United States is still over the \$1,500,000 mark per month, the latest reports from the federal department of commerce and labor showing that during April, 1911, there was exported by American manufacturers \$1,748,864 worth of automobiles and parts, an increase of \$573,329 over the same month in 1910. The figures for the ten months ending April, 1911, show a gain of \$4,928,730 over the same period of 1910.

A tri-state automobile association composed of motor clubs in Pennsylvania, Delaware and Maryland, the chief object of which is to promote the construction and maintenance of a first-class public improved road between Philadelphia, Washington and Baltimore, is proposed by the officers of the Delaware Automobile association, having its headquarters in Wilmington, the Maryland Automobile Club, having its headquarters in Baltimore and the representatives of clubs in Philadelphia. From what can be learned its consummation is likely to be materialized within a very short time.

Automobilists all over the country are showing interest in the project which is now attaining definite form in the Lincoln Park. The route most favored is over the historic Louisville and Nashville Pike, which for years before the war was the chief medium of communication and transportation between the cities whose name it bears. The week of July 31 to August 5 has been set apart as "Good Roads Week" and during that time it is planned to rebuild the highway from Louisville to the birthplace of Lincoln in Laure county, about fifty miles away. It is then planned to carry the road in its reconstruction to the Tennessee line, where it will be taken up by the good roads builders in that state and will be made to connect with the big Memphis-to-Bristol road which is projected here.

Kaiser's Holdings Extensive.
Berlin.—Emperor William is the greatest landowner in Germany, according to the revised estimates just issued here.

His eighty-three states comprise approximately 250,000 acres. The revenues from these estates flow into the Kaiser's pocket in addition to his allowance of nearly \$5,000,000 from the government.

BRUSH FIRES DYING OUT.

Houquiam, Wash.—The brush fires which have been sweeping over the logged-off land north and west of Houquiam have about burned themselves out without endangering the green timber. No damage has been done and only one accident has been reported.

F. H. Eatwell, a camp cook was severely burned about the head Monday when a brush fire swept into the bunkhouse at the camp of the Aloha Lumber company. He was removing the belongings of the men to a place of safety when the fire was blown into the building by a sudden gust of wind, setting fire to the structure. Eatwell was badly, but not dangerously, burned before he could escape.

COW DISABLES A MAD DOG.
Tosco, Ill. in the Air. Breaking Its Back, After Being Bitten.

Sharon, Pa.—A mad dog at Sandy Lake near here, after biting several other dogs, tackled a cow in the pasture of H. M. Brown. For a time the cow tried to avoid the onslaught of the dog. Then on the shoulder and about the body several times, the cow finally charged the dog and tossed it high in the air. The body of the dog fell near some spectators and lay still. Its back was broken and its life was ended by a blow on the head from a club.

TIGHT SHOES CAUSE DE KALB MAN'S DEATH

De Kalb, Ill.—A new pair of shoes which pinched his feet, were responsible for the death of Walter Harnes, aged 26 years, of this city. Harnes was killed by a fast freight train. He leaves a widow and two children.

It was late in the evening, when Harnes wearing his new shoes started home. The shoes pinched and burned his feet, and as he approached the railroad tracks the pain became unbearable. He sat down on the tracks to remove the shoes. Being somewhat deaf he did not hear the approaching train. It was upon him before he knew it.

FRANK GOULD'S BIG DEAL.

Richmond, Va.—The Virginia Railway and Power company and the Norfolk, Portsmouth Traction company, will be merged tomorrow. The two companies control the traction, light and power privileges in Richmond, Norfolk, Petersburg and contiguous territory. The merger was effected by the corporation headed by Frank J. Gould and which has a capitalization of \$18,000,000.

CHILD LABOR LAW PASSED BY TENN. LEGISLATURE

With Fourteen-Year-Old Limit, the Bill Goes to the Governor.
Nashville, Tenn.—Both houses of the Tennessee legislature have passed the child labor law, placing 14 years as the limit for all factories, and during school hours for all occupations except agriculture and domestic science, 15 years' age limit on dangerous occupations, and 18 years' age limit on night messengers.

The bill today was given to the governor.

NOISELESS CANNON FOUND.

Silencer Reduces Recoil and Makes Flash Invisible, Too.
Washington.—The army has tested successfully a new three-inch field piece fitted with a "silencer," which not only eliminates the noise of discharging but greatly reduces the recoil and makes the flash invisible.

The result of this may be revolutionary as far as the use of field artillery is concerned.

GOVERNOR WEST IS BOOSTING CENTENNIAL

Asks Citizens to Plant Astors and Aid in Making Flower a Popular Plant Within State.

Salem, Ore.—Governor Oswald West, "the boy wonder" of Oregon, has turned to music, women and the spade. Bursting forth in song he has called upon the Mother Grundys of Oregon to "put on your old gray bonnet, grab your little spade and plant astors" to properly celebrate "Astor Day" at the Astoria Centennial which opens August 10th for 30 days.

"Let us have a new 'Oregon Day' of these flowers for this great day—August 28," pleads the "Gov." as his wife is wont to call him. "Dig down in your gardens, plant the tiny aster seeds and let nature and the watering can do the rest," he writes in a special message to the women of the state. "For," according to the state executive, "we should have millions of astors to decorate Astoria on the day set apart to entertain the Astor family of New York city, London and Paris."

Governor West used to live in Astoria. He earned his first money there working as a clerk in a bank. He has never forgotten Astoria even though he is now governor of the state. So, when the Astoria Centennial committee asked him to do something to create a big supply of astors for Astor day he made a state wide appeal through the door of the Executive Mansion which has been heard already for more than 1,000,000 aster plants have been sold in Portland alone since he made his appeal a few days ago.

In addition to this the governor has shown that he is qualified to sit as a member of the Friars Club, the big press agents institution of New York City and the Gay White Way. He wrote John Day, publicity manager of the centennial, a letter of introduction to Californians in which he says:

"The people of Oregon hope to make this Centennial a great success and in order to do so will need the co-operation of the good people of California. Whatever you may do to help us will be more than repaid by this state when we are called upon to assist in carrying to a successful conclusion the Panama-Pacific Exposition."

A NEW CAMPAIGN AGAINST PATENT MEDICINES

Washington.—A brand new campaign against the manufacture and sale of patent medicines is being planned by Dr. Harvey W. Wiley, chief of the bureau of chemistry.

"It is my belief," said the watchdog of the public health today, "that many thousands of Americans are now suffering from incurable diseases who might have been healthy had they used the proper medicines when the disease was in its infancy. But they relied on the advice of quacks and consumed large quantities of nostrums which, while they might not have harmed them, still did them no good at all."

"I consider that patent medicines are the curse of this country and I am going to take the matter up with congress in an effort to effect the passage of a bill which will provide that all manufacturers of patent drugs must have a pharmacist's certificate and that all persons who sell or prescribe those must be possessed of a doctor's degree valid in the place where they operate. I think that this will put an end to the illicit business of promiscuous patent medicine selling and save many thousands of persons from becoming slaves to the habit."

What He Paid For.
Conductor—Move forward there, please.

Casey (who has moved along twice)—Divil a bit fuder! Oi paid me nickel t' ride, not t' kape on walkin'.

—Boston Transcript.

Kill More Than Wild Beasts.
The number of people killed yearly by wild beasts don't approach the vast number killed by disease germs. No life is safe from their attacks. They're in air, water, dust, even food. But grand protection is afforded by Electric Bitters, which destroy and expel these deadly disease germs from the system. That's why chills, fever and ague, all malarial and many blood diseases yield promptly to this wonderful blood purifier. Try them and enjoy the glorious health and new strength they'll give you. Money back, if not satisfied. Only 50c at Koepkens.

There are 39 tunnels more than a mile long on English railways.

THE GREATEST SUCCESSFUL CURE OF ANY CHRONIC DISEASE GIVEN UP BY PHYSICIANS.

To the Public—I am glad to relate to the public that Dr. L. Ching Wo of Walla Walla, Wash., has cured my daughter of asthma and catarrh in the head and nose, which she had been afflicted with since a little child, and as I had many doctors and none gave her any relief until she went with her husband to Walla Walla three years ago, and he took her to the Chinese Dr. L. Ching Wo, and he gave her treatment for four months and she is entirely well. So when I went to visit my daughter last winter, 1910, she requested me to go and see the Chinese Dr., but I told her it was no use as I had been doctoring for years with my doctors and they told me that my case was hopeless as I had floating kidneys and never could be cured as my age would not permit me having an operation now that I was 66 years old, but my daughter kept on insisting until I went just to please her, not that I had any faith in the treatment at all. So when I went he told me that he could cure me, so I told him to fix up the medicine and I would try it. So the result is I am at home again in Victor after having gone to Cal. for my health, and I can say that I can do more work now than half of the young women in town and I sleep all night and have a fine appetite and am very thankful that I had the opportunity of meeting Dr. L. Ching Wo, and am glad to recommend his wonderful medicine to any one who is sick, as I took three months' treatment and am relieved of my troubles. I am truly yours,

MRS. L. G. WITHERS, Victor, Mont.

We receive testimonials daily from our patrons who have been cured. If you want to be cured, come to see us, or if unable to come, write, enclosing two cent stamp for symptom blank. Address:

THE L. CHING WO CHINESE MEDICINE COMPANY

309 West Rose Street, Walla Walla, Washington.
