STANDARD GROCERY COMPANY INC.

WHERE ALL ARE PLEASED.
FRANK O'GARA, Pres. BERNARD O'GARA, Sec.-Treas.

CONSTRUCTION WORK ON SEWERS BEGINS

Work on the construction of the extension to the Pendleton sewer system was commenced today by Robinson & Foster, the Spokane contractors, whose bid on the work was accepted recently by the council. With thirty-one Italian laborers, Foreman Mike Carduan arrived in the city Saturday evening and was followed Sunday by one of the members of the firm, A. D. Robinson, and his son, C. B. Robinson. The latter will remain here to act as timekeeper.

Mr. Robinson announces that all of the lumber, tools, cement and sand for the work will be purchased in Pendleton.

The extension will be run down west Court street and will connect up much of the west end of the city which has heretofore been without sewer service. It will then be run past the asylum in order to safeguard

that institution.
The crew is to live in the old house owned by John Lambirth near Round-up Park.

MCNAMARAS MAY PLEAD TODAY

Prosecution Will Proceed to Have New Indictments Returned if Old Ones Are Quashed.

Los Angeles, Cal., July 10.—If Judge Bordwell denies the motion of the defense to quash the indictments against the McNamara brothers who are charged with the destruction of the Times building, when court opens this afternoon, the accused men will probably enter their pleas today and the date of trial will be set. Should the indictments be quashed, the district attorney's office will immediately proceed to have the men reindicted.

Sault Ste. Marie, Mich., July 10.—It is reported here that the steamer John Mitchell sank last night off Vermillion Point where it collided with the steamer William Mack. It is feared the Mitchell's crew of twenty men and seven passengers perished.

Newsy Notes of Pendleton

President Reaches Navy Yard.
Washington, D. C., July 10.—After a short cruise along the Atlantic coast in the yacht Mayflower, President Taft and party arrived at Washington navy yards today.

Dick Sullivan Feeling Better.
Dick Sullivan, proprietor of the Pendleton Cleaning & Dyeing works, is able to be on the street again after being confined in St. Anthony's hospital with rheumatism for several days.

Second Baseman Leaves.
"Cady" Roberts, the fastest infielder in the Blue Mountain league, who was a big factor in the success of the Blue Mountains in the last games of the season, left on No. 17 this afternoon for his home in Portland.

More Hoboes Given G. B.
Following the recently adopted policy of keeping the horde of idle men on the move, Chief Gurdane and his officers yesterday ushered twenty more of this species to the city limits and bade them not to turn back.

Commercial Club Meeting.
Secretary Jack Keefe announces a business meeting of the Commercial association for tomorrow night and urgently requests that all members be in attendance as matters of importance are to be considered.

Young Corby Star Twirler.
Roy Kirby, brother of Mrs. L. G. Frazier and Hal Corby of this city and who visited here last winter, is making a reputation for himself as a twirler in Kansas, according to newspapers from the Sunflower state. He is pitching for the team of his home town, Pleasanton, and has been winning nearly all of his games recently besides clouting the pellet for an average of .396.

Police Court Is Idle.
That the crusade against the idle men who have been making Pendleton their headquarters and rendezvous for some time, is having a wholesome effect was evidenced this morning when Acting Police Judge John Hailley faced an empty court. This is especially noteworthy in view of the fact that it was Monday morning, which generally sets several petty offenders brought before "his honor."

Gray Buys Walsh Stock.
Harry Gray, manager of the Gray Bros. grocery, today purchased the bankrupt stock and fixtures of the Walsh grocery and will move them out of the Temple building in the near future after which George H. Clarke will move his grocery stock into that building. P. O. Elliott will then start his cafeteria in the room now occupied by Clarke.

Berger in Pendleton Again.
Joe Berger, star twirler of the Buckaroos, arrived in Pendleton this morning from Walla Walla where yesterday he pitched the Bears to victory against the North Yakima champions by the score of 11 to 9. He left this afternoon for Portland and will probably soon be heard from in faster company than that with which he has been playing recently.

To Go In Business at La Grande.
E. E. Kirtley, for the past several years head of the ladies' department in the Alexander Department Store, has decided to go into business for himself at La Grande and will leave next Sunday for the Union county seat. He will run an exclusive ladies' establishment and will carry everything that is ready to wear. His many friends in Pendleton will wish him success in his new venture.

Greek Boy Issues Challenge.
Come now Gus Manos, a Greek boy who is janitor at the Quail cafe, with a deft to Kid Irish, the Walla Walla battam. Manos declares his readiness to meet the little grappler with the Emerald title at any time or any place, and not to be discriminating in his challenge. He furthermore declares he will meet Harry Clarke, the local wrestler, and will agree to stay with him for twenty-five minutes.

Only Six Out of 55 Fail.
County School Superintendent Frank K. Wells has returned from Salem, where he acted as a member of the state examining board in considering the papers of applicants for teachers' certificates. The names of the successful ones are not yet ready for publication, but Mr. Wells states that Umatilla county fared particularly well, only six out of the 55 who took the examinations from this county having failed and four of these being persons who have never yet taught.

W. G. Dake Dies at Hospital.
William G. Dake, for the past four or five years a resident of this city, passed away at St. Anthony's hospital yesterday morning, death being due to dropsy from which he had been suffering since last February. The deceased man was about 63 years old and has no relatives in this part of the country. In fact it seems that he had carefully isolated himself from all of his family connections and it was only at the last moment that he was induced to tell the residence place of a brother. A letter was written to the latter at Hammond, Ind., but an answer from another relative brought out the fact that he has been dead for 18 years. Funeral arrangements have not yet been made.

Local News in Sunday Mercury.
The Sunday Mercury, which is Portland's scandal sheet and in the columns of which little finds space but the lurid and sensational, evidently has a Pendleton correspondent. On the front page of the last issue is a double column article played up under the head "John and Jane Doe Meet Much Woe and Have Hard Row to Hoe in Pendleton," the story following being a distorted account of the man and woman who were recent-

ly put off of an eastbound train here for hobnobbing too freely and who were fined in the local justice court. On the back page of the same issue under the heading, "Pendleton Pointers" are a number of small items, most of which relate to happenings in the underworld and in which the decent public is not interested.

A Red Haired China Woman.
One of earth's strange sights has been seen on the streets of Pendleton during the past two days. It is nothing other than a red haired China woman who is making her temporary residence in local Chinatown. She would probably resent being called red headed for there is only a tint, like burnished gold, on her blond hair but whether this particular tint is called Auburn, sun kissed, Titian or just plain red, she is a novelty in the sight of men. Of course there are some who declare the little slant-eyed woman has learned the art of nature faking, from her white skinned sisters, and who claim that she is after all only a peroxide blond. But the unalterable fact remains, she is a blonde oriental and therefore an oddity and she isn't made any less so by the neat pink gown which she wears or by the white bull terrier which accompanies her on the street.

SUPPORTS AMENDMENTS.
Solon Declares Original Bill Favors Interests and Is Detrimental to Consumer.

Washington, July 10.—Senator Simmons today spoke in advocacy of the Summins amendment to the reciprocity bill. He declared the measure in its present form to be "revision of the tariff against the farmer and land owner and in the interests of newspapers, railroads, packers, millers, brewers and a few other trusts and tariff-protected manufacturers and of no benefit to the consumer."

FIFTY THOUSAND ELK AT ATLANTIC CITY

Atlantic City, July 10.—Fifty thousand men, yelling "Hello Bill" and carrying banners, have started in to "wake up the town," today. They are delegates to the first convention of Elks ever held here. Equal in number, if not in noise, is the International Christian Endeavor Congress, which also meets here. These two gatherings make a total of one hundred thousand people in the city.

INDIANAPOLIS CLUB OFFICIAL ARRESTED FOR EMBEZZLEMENT

Indianapolis, Ind., July 10.—Arrested and charged with embezzlement of \$4,000 and forced to leave his dying wife, Frank J. Vinson, former director of the Columbia club, which entertained President Taft recently, is out today on bail. Vinson's defalcation was discovered when the company went into the hands of a receiver.

INDIANS PAY TAXES ON PATENTED LANDS

UMATILLA RESERVATION NEEDS NO LEGISLATION

Recommendation From Indian Supervisors That New Law Be Passed Raises Interesting Point Here—Government Aids Assessor.

Do the school supervisors in the Indian department think patented Indian lands are not taxed at present? It is evident such is the case if the following story which appeared in the Sunday Oregonian under a Washington date line is reliable: "The Indian lands on the various reservations, including the inherited lands, should be taxed as soon as the trust period expires. This conclusion was reached at the conference of the supervisors of Indian schools, headed by Chief Supervisor H. P. Pears, which ended today. They will suggest to Commissioner Valentine that he make recommendations for the necessary legislation. "The trust period, it is explained, will expire on many of the reservations within the next few years, and unless congress so authorizes, the states cannot collect taxes on these lands. The Indians would profit in the end, it is pointed out, because the money derived would be used in building roads and schools. "This year will see the first taxes paid on Indian lands—those of the Omaha Reservation in Nebraska. The trust period on that reservation expires this year, and congress has authorized the levying of taxes." Land Taxed Now.

KRYPTOK LENSES

KRYPTOKS do away entirely with those two pairs of glasses. KRYPTOKS are good looking. They actually rest the eyes and always are perfect for far and near vision. They do not suggest oddness, nor do they indicate advancing years.

and we can fit and please you perfectly.

Any Pair of MEN'S OXFORDS in Our Store, Hanans Excepted, for

\$2.50

Hanan Oxfords Red. to \$4.00

THE BOSTON STORE

As far as the Umatilla reservation is concerned no new legislation is needed. Patented Indian allotments are already taxed whether owned by redmen or white. According to Assessor C. P. Strain many thousands of acres of reservation land are now being taxed and such taxation has been imposed for years. Furthermore this taxation is done with full knowledge of the government and in fact with the co-operation of the Indian department. Whenever patents in fee are given to the Indians the government at once notifies the assessor so that he may take action accordingly. But a few days ago Assessor Strain was notified of a half dozen patents just issued to local Indians.

HOW WOULD YOU LIKE A STOCK RANCH?

I have 480 acres, 200 of same tillable, black rich soil, will grow grain, alfalfa and fruit, all fenced, never falling spring of water. This land is close to the reserve in the foot hills, and is an ideal hog ranch. \$5.00 per acre will buy it.
I have other tracts from 1000 to 15000 acres in a body at prices ranging from \$8 to \$15 per acre. Having 12 years experience in the stock business in this county, I am in a position to show you some of the best propositions to be found.
In Pendleton I have business property, residence and suburban homes at low watermark prices. Come and see me.
