

VICTIMS ON MAINE BURIED WITH HONORS

SUCH IS PLAN OF ARMY AND NAVY FOLK

Cubans Are Also to Pay Tribute to Lads Whose Lives Were Snuffed Out by Explosion.

Washington, D. C., July 12.—A military funeral for the victims of the battle-ship Maine and the wreck itself appears to be assured. For the purpose of ascertaining just how much of the wreck can be removed at one time a meeting of several officers and Brigadier General Bixby, chief of engineers of the army was held.

The naval officers informed General Bixby that it was their desire to have the wreck buried in one spot, and, if possible, to hold a naval demonstration at the time. General Bixby told them his observation while at Havana led him to believe that the greater part of the vessel could be towed to a proper burial ground. He has promised to keep them informed as to the condition of the hull of the ship as the water in the cofferdam is lowered.

As fast as any remains of the victims of the disaster are removed they will be placed in coffins and made ready for burial in Arlington National cemetery here. All of the remains will be buried at the same time.

Cuba to Pay Tribute.

Cuba is arranging to pay a tribute to the sailors whose lives were sacrificed in the destruction of the battle-ship Maine. President Gomez has issued a decree ordering a special demonstration of sympathy throughout the republic as soon as Havana harbor gives up the dead. Flags of all the public buildings in Cuba and ships in Havana harbor will fly at half mast in honor of the shore batteries which were fired at half-minute intervals for an entire day over the historic scene of the wreck, which, whether caused by an outside or inside explosion, had

much to do with the clash of arms that freed Cuba.

There is doubt, however, as to whether Cuba will be given an opportunity to make this sympathetic demonstration, as many army and navy officers believe that no bodies will be found in the present operation of uncovering the wreck.

CAPTAIN CURSES GOVERNOR O'NEAL

Officer is Then Very Promptly Ejected From Camp.

Montgomery, Ala.—George H. Todd, of Montgomery, captain of Battery B, Second regiment, was ejected from the camp at Picket Springs last night by Colonel Bricken and a company of infantry for cursing the governor, the adjutant general and his fellow officers. A court-martial will be ordered in his case.

Todd was thrown from his horse in the afternoon when a salute was being fired in honor of the visit of Governor O'Neal to the camp. It made him very angry and because the men at the gun laughed at him, he swore they should not complete the firing nor should they lower the flag. Captain Lewis, of the Tuskegee company, officer of the day, ordered the salute to go on, and when Todd attempted to interfere, placed him under arrest.

While in the guard house Todd became very abusive, using foul oaths addressed to the governor and others. It is said in the presence of a large number of ladies. Captain Lewis in order to silence him, threw away his sword and lunged at Todd, who put up his hands.

HERE'S MAN WHO'S GLAD HE WAS HIT BY A TRAIN

Kingson, Ont.—Louis Renaud, of Aylmer, Quebec, who was knocked 100 feet by a train here, is glad of it. Yesterday he was struck deaf. The jar of the train striking him in some remarkable way restored the man's hearing.

The first thing that Renaud did when he could hear again was to send for his little girl, as he had never heard her voice. The child spent some time at the hospital talking to her father who will recover.

Wildly Traveled.

A number of tourists were recently looking down the crater of Vesuvius. An American gentleman said to his companion:

"That looks a good deal like the infernal regions."

An English lady, overhearing the remark, said to another.

"Good Gracious! How these Americans do travel!"—Lippincott's Magazine.

A WORD WITH WOMEN.

Valuable Advice for Pendleton Readers. Many a woman endures with noble patience the daily misery of backache, pains about the hips, blue, nervous spells, dizziness and urinary disorders, hopeless of relief because she doesn't know what is the matter.

It is not true that every pain in the back or hips is trouble "peculiar to the sex." When the kidneys get congested and inflamed, there are many such aches and pains and the whole body suffers.

You can tell it is kidney trouble if the secretions are dark colored, contain sediment, the passages are too frequent or scanty. Then help the weakened kidneys. They can't get well alone.

Doan's Kidney Pills have brought sound backs and new life and strength to thousands of suffering women. They are endorsed by thousands—endorsed at home—Read this Pendleton woman's convincing statement:

Mrs. Valentine Strohle, 738 Johnson street, Pendleton, Oregon, says: "About two years ago I suffered from kidney complaint and when a friend advised me to try Doan's Kidney Pills, I did so. This remedy disposed of severe backaches that had kept me awake at night and benefited me in every way.

FIVE INDICTED FOR PADDING CENSUS

Portland, Ore.—Five indictments are the net result of the census padding investigation of the Federal grand jury in Portland. Two arrests of men charged with writing bogus names on the census returns were made today. John H. James and Harry De Bord. The names of the three others indicted are being withheld until arrests are made.

All the men indicted, it is understood are enumerators, as the net spread by the investigators did not extend to any of the inspectors or men higher up. James is believed to be the most prominent of those accused of improperly swelling the Portland lists. He was formerly a member of the printing firm of James & Adrian, and having sold out just before census taking time, turned to that as a temporary occupation.

Bond in each of the census cases was fixed by Judge Dean at \$1500. This was promptly furnished by James De Bord, arrested this afternoon, expects to be able to furnish the required bond today.

Owing to the peculiar condition, the enumerators in the district where the largest number of names were rejected escaped indictment. While no statement is officially made in explanation, it is believed to be due to the fact that the man who wrote the names was an interpreter, and not the one who signed the reports.

JAPS WANT SHARE OF COTTON CROP

Houston, Texas.—What is regarded here as the most aggressive move yet made by Orientals to obtain a share in the south's cotton business was put into full swing by the chartering at Austin of a \$100,000 company by K. Fukushima, a Japanese. He is manager for the Mitsui banking house of Japan and has opened offices here.

The purpose is to export cotton to Asiatic countries through agencies to be established throughout the Orient. These plans follow the personal visit to this country about a year ago of Baron Mitsui, who studied the cotton and rice business.

WOMAN WRESTLER DEFEATS A MAN

New York.—Miss Bertha Rapp, an athletic American girl of German parentage and a teacher of callisthenics in Cincinnati, was the chief figure in a unique Fourth of July celebration on board the Adriatic, just in from Southampton.

The woman is about five feet nine inches tall and weighs about 150 pounds. Her specialty is wrestling and she challenged any man aboard the ship to bouts of five minutes each, catch as catch can. Two second cabin passengers, one an American bicyclist, Arthur Libby, who weighs 140, and George Uhrmann, a German who weighs 185, accepted the challenge. All passengers except those in the steerage crowded around the gladiators. Miss Rapp wore a sweater and a short skirt and the men were stripped to undershirts.

Libby held out against the young woman in the first bout but she put his shoulders to the mat in the third minute of the second bout.

The stout German proved a tough proposition. The referee called the contest a draw at the end of the fourth bout when neither wrestler seemed fit to continue.

HORSE COMBATS SUICIDE.

Animal Driven to Desperation by Hot Weather.

Tarrytown, N. Y.—It was so hot in Glenville that a horse owned by John M. Cooke went to a brook and drowned itself and Constable William Beckman, the old sleuth of the town of Greenburg, was prostrated with heat after carrying his six-by-six badge around for five hours, doing duty on the warm roads.

Cooke's horse was found by Beckman with its head under water. He declared that the horse had not drowned itself—had just drunk itself to death. But it was purely a case of suicide.

Shortly after the news was flashed through Glenville that Beckman had keeled over.

"No wonder," said one of his neighbors, "any man that has to carry around a badge the size of Beckman's on a warm day like this is likely to do anything."

Some one stole Beckman's horse and it was said in his behalf that he was tired out after an all night search for the missing animal. He has not located it yet, but he has his suspicions.

Beckman a few months ago sat on a limb and sawed himself off a tree. His left leg was broken and it was feared he could not live. Ever since that time he has had to wear his badge on the right side, his injured limb not being strong enough to support it.

Beckman still wears the original crop of whiskers he raised as soon as he was elected town constable.

RACING BALLOON REPORTED FLYING NORTHWARD

Kansas City, July 12.—Lieutenant Lahm of the United States army, was the first of the seven entrants in the National balloon race which started from here Monday, to be reported yesterday. He passed over Muscatine, Iowa, this morning. The direction indicates a repetition of the dangerous flight of last year, when the contestants flew over the Great Lakes, several of them meeting with serious accidents.

GIRL ASSAILANTS OF MILLIONAIRE BOUND OVER

New York July 12.—Declaring the story told by Millionaire Stokes of the attack made on him by Lillian Graham and Eelil Conrad is uncontradicted, Magistrate Fresh today held both young women to the grand jury on a charge of attempted murder. Their bail was fixed at \$5000 each.

Forest Fires Raging.

Ottawa, Can., July 12.—The continued drought has rendered the forest fire situation very serious here. The town of Egansville has been completely wiped out. The total loss thus far is about \$500,000.

Shipyards Destroyed.

North Vancouver, B. C., July 12.—Fire yesterday destroyed the entire plant of the Wallace shipyards. The loss is \$50,000.

The Seventh Day Adventists will hold their teachers' institute at Park Dale in the Upper Hood River valley, July 18 to August 29.
