PORTLAND ELKS AID IN LANDING SULLIVAN

RECEIVES MORE THAN
HALF OF TOTAL VOTE

Oregon Delegation Entertains "Entire United States." According to Dispatch Received by Local Lodge From Delegate Frank Quinlan.

Not only did Portland land the 1912 convention of the B. P. O. E. but John Patrick Sullivan of New Orleans, the man for whom the coast delegation was pulling, was elected grand exalted ruler, according to a telegram received by the local lodge of Elks from its delegate, Frank J. Quinlan this morning. Mr. Quinlan stated further that Oregon was very much on the map that the delegation "is doing itself proud by entertaining the whole United States at its headquarters."

From all accounts, the selection of Portland as the next place of convention was brought about by an unprecedented unanimity of sentiment. At the last moment, all opposition dissolved into this or, and after Gus Moser had made his speech of nomination, the grand secretary was instructed to cast a unanimous ballot for the Rose City.

In the election of a grand exalted ruler Sullivan received 514 of the 1002 votes cast; Rashbury 649 and Arthur Moreland of New York, editor of the "Elks Antler," polled 232. Millard Tinkler of Buffalo received eight.

Tells Wright, a grand ruler of Philadelphia lodge, who attempted to win the office of esteemed loyal knight,

got 548 votes, while Frank A. King of Providence, who was pushed into the fight when Wright's candidacy became known, polled 589.

Four candidates for grand trustees failed to get a required majority and a second ballot will be taken tomorrow. Thomas McNulty of Baltimore, who is seeking reelection, led getting 522 votes. Corey L. Applegate of Salt Lake, was second with 422; Charles H. Ward of Pasadena, Cal., was third with 394 and Samuel W. Perrott last with 124.

Other officers elected include: Grand exalted leading knight, Frank B. Kingsley of Kansas; grand secretary, Fred C. Robinson of Dubuque, Iowa; grand treasurer, Edmund Leach of New York; grand Tyler, R. P. Saleids of West Virginia; and grand inner guard, L. P. Leveroni.

State Council of Scouts. Copperstown, N. Y., July 12.—A great council and camp of the Boy Scouts of New York state, the first of its kind ever held, was commenced today on the west shore of Otsego lake near this town. Hundreds of youths from all sections of the state are in attendance.

The tents have been pitched on the edge of the forest near the lake shore and the encampment will resemble in many details the primitive conditions of the Indians that were held in the same vicinity before the settlement of the whites. The boys will do their own cooking, and on the outskirts of the line of tents are trading posts where the youngsters will buy their supplies. It is proposed to make these state councils annual affairs. The present camp will continue to July 18.

In biblical days, as early as 1732 R. C. drink offerings were made a solemn religious service.

Newsy Notes of Pendleton

One Marriage License.

A marriage license was issued yesterday afternoon to George J. Stanger and Maude Bentley, residents of Pendleton.

Freewater Lots Sold.

J. E. Pershall and wife have sold lots 3, 4, 5 and 6 of block 84, town of Freewater, to William and Andy B. Johnson for \$1550. The deal for the transaction was filed today.

Will Leave on Vacation.

Deputy District Attorney W. C. E. Pruitt and wife, Mrs. Aura M. Raley and great granddaughter, Miss Jean Jacobs of Portland, will leave in the morning for Lehman Springs, where they will spend a week.

Bishops Return Home.

Clarence Bishop, manager of the Pendleton Woolen Mills, returned home last evening from a month's trip in the east and his father, C. P. Bishop, who has been absent in the east for several months, arrived on No. 17 today direct from New York.

To Install O. E. S. Chapter.

A party of local members of the O. E. S. departed on the motor car yesterday for Hermiston for the purpose of attending the installation of a chapter of that order at Hermiston. Among those going down was John Vert, past grand patron of the order, who served as installing officer.

New Concrete Sidewalk.

A new concrete sidewalk has just been constructed on Beaugrand street leading from Lewis street to the river. The work is in front of the home of T. J. Tweedy, J. T. Hoskins, C. H. Reubenberg, Mrs. Maggie Lindor and Mrs. M. E. Baker. The improvement adds materially to the appearance of the street.

Western Pictures.

Major Lee Moorhouse has just received a set of pictures by C. M. Russell, the well known western artist. The pictures were given the major by A. J. Hedrick foreman for the W. T. Hedrick Cattle company of Great Falls, Mont., and were to show appreciation of favors rendered by the local artist.

Ship Horses to Honolulu.

Mr. Harry Pinkerton, northwest chief of the federal bureau of animal industry, will leave the first of next week for Oahu to inspect a shipment of 100 horses which will be sent out from the Tillamook county city to Honolulu. The firm of Miller & Bellina is the shipper and this is the second bunch of range horses sent to the Hawaiian islands.

Carl Power's Ride.

Carl Power who rode from here to Portland recently for the purpose of advertising the Round-up, is now making a collection of newspaper clippings telling of his stunt. Today he received a copy of the Dayton, Wash. Dispatch containing a column account of the ride. He has papers from points as far east as Missouri in which the ride is described.

Frazier Horses on Track.

Frank Frazier, the local racehorse man, is training two of his fast steppers on the track at Round-up Park daily, and no difficulty is encountered in rounding the turns at a good speed. Autos will be kept off the track hereafter and only members of the riding and driving club allowed on it with their horses. The first matinee will probably be held in two weeks.

Record Breaking Strawberries.

W. H. Bell, the Cabbage Hill gardener, who has long been noted for his excellent products, came into town this morning with some record breaking strawberries. A box which he brought to this office was filled to the brim with just even berries, each of which was large enough for a fair sized meal. Mr. Bell is a strong booster for the Cabbage Hill country and declares Milton, Hermiston or Weston has "nothing on" it for strawberries.

Gamblers Are Fined \$50.

Neil Dozier, Sam Endicott, Vaughan and Nate Cecil, the four men caught in the raid of the Palace rooming house Monday night, yesterday afternoon pleaded guilty to the charge of gambling in violation of the city ordinance and were fined fifty dollars apiece by Acting Police Judge Halley. Cecil refused to howl about the alleged crooked practices which the other three were employing to get their money, but took his "medicine" along with them.

Resort Manager Here.

J. F. Egensperger, manager of the Wallowa Lake amusement company, was here yesterday on business connected with that popular resort. He was here for a time Saturday and then left for Walla Walla, stopping off here yesterday en route home. Since last summer a number of improvements have been made at the Wallowa Lake camping grounds and it is again proving a popular place for inland Empire people to spend their vacations. Special rates of one and a third fares are granted to the resort from Pendleton and other points in this section. Parties of 18 people may secure Pullman accommodations straight through to Joseph. However those going to the resort should ask for tickets to Wallowa lake, not to Joseph, according to Mr. Egensperger.

Greeks Are No Buckaroos.

However much the Greeks of old were famed for their equine achievements, two of their descendants failed miserably to qualify today as buckaroos. They had secured a couple of horses from a local livery barn and started out to ride. Neither one had ever been astride an animal before and, as the horses were quite spirited, they were soon galloping down the

street at a rapid rate. Chief of Police Gurland overtook and arrested them, but upon their plea that they had all they could do to keep their seats without attempting to check the speed of their mounts, Acting Police Judge Halley mercifully allowed them to depart without a fine. However, they will probably not appear among the entries at the Round-up this fall.

Attended Installation.

For the purpose of attending the installation of officers for the Hermiston chapter O. E. S., the following members of the local chapter went to that little city last evening. John Vert, Mrs. Mary Johnson, Mrs. Aura Raley, Mrs. J. A. Best and Mrs. Frank Saling. Mrs. D. C. Brownell of Umattilla and daughter, Miss Beatrice Brownell, both of whom belong to the Pendleton chapter, also attended the ceremony. The officers were installed and following the work a social session was held at which the Hermiston members entertained their outside guests. Mrs. Phillips is the worthy matron of the new lodge at Hermiston. The Pendleton delegation returned home this forenoon by auto.

Good Progress on Sewer Line.

The firm of Robinson & Foster is pushing the construction work on the sewer extension with all possible speed and, according to Councilman Sharon, chairman of the sewer committee, the work is progressing with great rapidity. Although a shipment of pipe was made five days ago, it has not yet arrived but the digging of the trenches is well under way. The firm is attempting to secure a dispensation from the railroad company allowing the running of a spur from the Y so that the pipe can be unloaded close to the work but so far the company has refused to make the request. Mr. Robinson figures that the two miles of line will be laid by September 16, five days before the limit allowed.

West Point Graduation.

West Point, N. Y., July 12.—With Major General Leonard Wood, chief of staff of the United States Army, representing, the war department the annual graduation exercises were held today at West Point, military academy. General Wood distributed the diplomas to the eighty-five graduates and made a brief address.

McMahon vs. McGinn.

West Point, N. Y., July 12.—With McMahon, the New Castle, Pa., heavyweight who is being routed as a promising white hope, will hook up tonight with Hugh McGinn in a ten-round bout to be staged by a local club. McMahon recently made an excellent showing against Frank Marshall.

FOURTEEN UNITE WITH LOCAL CLUB

Fourteen new members were added to the roll of the Commercial club at the adjourned monthly meeting held last evening, nine being active members and five non-resident members.

Local members elected are E. G. Sturdivant, C. J. Mitchell, Roy Buchanan, Frank Hayes, Marshall Spell, R. G. Sturdivant, B. D. Smith, C. W. Meighan and Joe Ell.

The non-resident members are L. L. Rogers, Cyrus Sturgis, R. B. Stanfield, F. S. Ledrow and J. M. Aslworth. According to Secretary Keefe many other residents of Weston have signed applications for non-residence membership but the list has not yet been submitted to the association.

At the meeting last evening the secretary was instructed to write the Baker Commercial club setting that organization straight as to the payment of Pendleton's share of the branch asylum campaign expense. The Pendleton portion of the expense was paid some months ago, but either the Bakerites have forgotten the matter or they have a careless correspondent in that city.

RAGING FOREST FIRES.

(Continued from page one.)

fires are gaining headway rapidly. The train had just crossed a burning bridge when the structure fell. Another logging train coming in on the same road is on the forest side of the bridge and fears are entertained for the safety of its crew.

On the Pigeon river branch of the Michigan Central another logging crew is reported cut off by burning bridges. Wood choppers throughout the local timber district this afternoon were compelled to abandon their camps and flee for their lives.

that the ordinance would pass the council if it proves feasible. Sharon Opposed.

Councilman Sharon is opposed to any such ordinance on the grounds that the rewriting which it would necessitate would prove too expensive for the business men. "Pendleton is too small a city for ground wires," he stated.

Stroble Silent.

Councilman Stroble refused to express himself while Councilman Brock stated he did not care to make a statement until he had given the matter more thorough consideration.

Councilman Montgomery declined to make a statement upon the subject today, saying he preferred to wait until the evening to talk.

Likes the Idea.

Councilman Kirkpatrick declares himself as favorable to the idea of having the wires placed under ground. However, he has not investigated the subject sufficiently to be fully decided. He wishes to see how feasible the proposed ordinance will be.

Councilman Joe Ell could not be located by the East Oregonian's inquirer and accordingly his views upon the subject could not be obtained.

PROSECUTION TO FOLLOW SHIP WRECK

San Francisco, July 12.—Federal prosecution of the Pacific Coast Steamship company officials, who are alleged to have been in part responsible for the danger to the passengers on their boat, the Santa Rosa, when it struck the rocks off Point Arguilla, is today declared to be a probability of the near future.

United States District Attorney Devlin is watching closely the testimony that is being taken before the steamship inspectors here. In case negligence is shown, criminal prosecution will follow.
