Cow Saves The Geese,

Davenport, Wash .- The barn of C. Martin, one mile east of Cheney, was struck by lightning and completely estroyed, together with a quantity of hay estimated at 10 tons. In the barn at the time was a cow and some geese, which escaped when the cow, rightened at the clap, broke loose, bunted the door open and, with the ceese, ran into the barn lot.

Remembers The Dog. North Yakima, Wash .-- Mike Short, who was sentenced last week to serve out a good sized fine on the city hain gang, by working at the detruction of the old jail building, esaped with two other men turned un igain for work, with the air of one who was to receive \$3 cash for his tay, instead of that much credit on his fine. Mike explained to the officer who acts as foreman that he had left his little dog tied beneath the bed at home, and that for three days the dog had been without food or water.

DRIVES OUT . MALARIAL POISONING

STORA INDIS

Malaria is a disease which gradually destroys the strong, nourishing elements of the blood. When the malarial poison begins to absorb the rich, red corpuscles of the circulation, we see pale, sallow complexions and a general impairment of health. As the blood becomes weaker the appetite fails, digestion is disturbed, chills and slight fever are frequent, and in aggravated cases boils and eruptions break out on the flesh. Malaria is blood poverty, and the only way to cure the trouble is to enrich and purify the circulation. Nothing is equal to S.S.S. ac a blood purifier, and it is especially adapted to the cure of malarial troubles because it contains no harmful minerals, and while ridding the system of the malarial germs, S. S. S. builds up the entire constituion by its fine tonic effects. If you are suffering with Malaria begin the use of S. S. S. and rid yourself of this weakening disease. Book on the blood and any medical advice desired sent free to all who write and request it. S. S. S. is sold at drug stores.
