Dray Load after Dray Load of New Goods Arriving Daily

It will pay you to visit the Golden Rule Store every day and keep in touch with the new arrivals in desirable merchandise, and remember, these specials go at the lowest prices ever known to the people of Pendleton

NEW ENGINEER ON UMATILLA PROJECT

ERIK ERIKSON GETS HIS APPOINTMENT

Official Report for July Shows Much Work Completed and An Abundance of Water in Reservoirs.

(Special Correspondence.)

Hermiston, Ore., July 21.—Among the new appointments made by the reclamation service is that of Erik T. Erikson, as assistant engineer of the Umatilla government project. Mr. Erikson has been at Hermiston for the last three years, coming here from Chicago, Ill., where he was employed in the construction of the big Chicago drainage canal. Mr. Erikson is not only an efficient engineer but one of Hermiston's most prominent fruit growers. He is the owner of 10 acres of apple and peach orchard within the city limits.

Members of the M. E. Sunday school went to Thom's grove yesterday for their yearly picnic. A very enjoyable time was reported.

Mr. Claud K. Kellogg, special fiscal agent of the reclamation service, located at Hermiston, will leave on his vacation about the 16th of the month. His wife will accompany him. They expect to go to the eastern states and will be away for a month.

Dr. M. V. Turley was called to Stanfield yesterday, returning last evening.

Hoosiers Buy Land.

Mr. Otis Sprague, who is working for Clifford L. Morgan, representative of the Maxwell Land & Irrigation company, is expected to arrive here Sunday with several people from Ft. Wayne, Ind., who have purchased lands under the project. Mr. Sommers of Ft. Wayne is now at Hermiston, having arrived a week ahead of the party.

Project Report Issued.

The report of the Umatilla project for July, 1911, of the reclamation record reads as follows:

The maximum temperature was 102 degrees and the minimum was 36 degrees F. The delivery of water to the reservoir ceased June 17, and the lining of portions of the feed canal was begun. The total quantity of water diverted from the river through the feed canal during the month was 4700 acre feet of which 3200 acre feet reached the reservoir. Nine thousand five hundred acre feet of water was turned out of the reservoir to the distribution system and 1500 acre feet were diverted from the river through the Maxwell ditch. The available storage in the reservoir at the end of the month amounted to 41,000 acre feet of water. At the end of the month water right applications have been received covering 12,675 acres of land. Office studies and computations in connection with the western extension of the project were in progress. Wash borings and test pit work were continued at the proposed dam site.

A petition is being circulated among the farmers on this project which will petition the board of directors of the Umatilla River Water Users' association to communicate with the proper government officials to the end that they secure for the settlers a graduation of the water right payments on the project.

Mr. and Mrs. A. C. Crawford have gone to the coast for a few weeks to spend the summer months.

Mrs. F. B. Swayze and family, accompanied by Mrs. Carrie Furry have gone to Meacham for several weeks' outing.

Clifford L. Morgan, the well known colonizer of the Maxwell Land & Irrigation company, is expected here in a few days with a large party of Indiana people.

Ross Loudenslager, who up to a few days ago has been employed with the U. S. reclamation service as recorder, was laid off temporarily on account of the completion of the preliminary surveys on the West extension. He has accepted a position with Henry Hitt of the Hitt confectionery.

Herbert Strohm has gone to the mountains for his annual vacation. Miss Bessie McPherson will leave the latter part of the week for a two weeks' vacation.

Harvey Blaksley, one of the reclamation service patrolmen, is making extensive improvements around the Straw cottage, where he resides, in the way of a fine ornamental fence.

W. Summer is here from Ft. Wayne, Ind., looking over the project. Alfred Franz has gone to Erie, Pennsylvania for a short business trip.

Fred Dow has traded his 160 acres in the light wheat section of Morrow county for an 80-acre tract in Tillamook county. He expects to move his family to the new place in the near future.

Edgar Larson of Spokane is moving into the Swayze house on Gladys avenue.

Mrs. R. W. Hawley has gone to the

mountains for a short stay. W. W. White and family expects to go to the Blue mountains for a few days.

DOG MOTHERS CHICKENS.

Also Makes Good at Telephone and Obeys Messages.

Phoenixville, Pa.—An incubator and a kind, good-natured and intelligent bull terrier are the chief factors in the remarkable success that has come to Frank Radel of Phoenixville in his efforts as an amateur chicken breeder, and Radel believes that his dog has been his greatest success aid. For the dog carefully and tenderly "mothers" the little chickens upon their leaving the incubator and no hen could perform the task with greater success than has Madge, who rarely loses a chick and whose disposition totally contradicts her fierce and forbidding appearance.

Madge is probably the busiest dog in town and has in many ways proven herself a useful member of the community. Besides spending a large part of each day in looking after the welfare of her adopted charges, she is an important aid at her master's photographic studio, where she has posed for innumerable photographs with children, with whom she quickly makes friends. A telephone message will bring her from her master's home to the studio in a few minutes.

Among her most accomplished feats is the answering of telephone calls. Madge is able to knock the receiver from the hook when the bell rings, and dropping one ear over the receiver, barks a response. If her master is calling she can usually understand his simple direction to "come to the studio" or to call his wife to the telephone. If the message is from the owner of an unfamiliar voice the dog calls her master or mistress to her assistance. Madge is mistress of a score of other tricks.

SHUTS OFF DONKEY MUSIC.

Complication of Arrests Follows Impounding of Noisy Beast.

Woodbury, N. J.—A donkey and its owner, Andrew Munzenberger, and William Joyce, milkman and pound-keeper, figure in a scrap that has led to impounding the donkey, the arrest of its owner and the pound-keeper, with no end in sight. It is alleged that Munzenberger allowed the donkey to run at large down High street. Joyce was appointed pound-keeper for the sole purpose of corralling the animal with a couple of cows also belonging to Munzenberger.

Joyce kept the donkey in his barn, and its continued braying kept his family awake at nights. Yesterday Joyce is alleged to have tied the donkey's mouth with a rope and a corncob in such manner that the music was shut off.

Munzenberger appealed to Agent Cozzens of the S. P. C. A., who arrested Joyce. He is under \$100 bail for his appearance before Squire Maukins as soon as the "squire can find time to hear the complaint more fully. Joyce says the tying was in a humane style, even if it was effective. Several of the neighbors have been summoned as witnesses, who will declare that the animal was a nuisance. It will be exhibit "A" at the hearing.

TRACES \$300 IN HER DREAM.

Woman Produces Money and Her Husband Is Arrested. St. Louis, Mo.—Through a dream Mrs. Louis P. Brasch located \$300

stolen from a negro woman, Emma Nicholas, of 1672 Chestnut street, after which the police arrested the dreamer's husband on a charge of grand larceny.

Brasch is a second hand dealer at No. 2618 Franklin avenue. He went to the negro's home to collect a bill. She placed three \$100 bills on a bed while she went out to get a pencil for Brasch to sign a receipt. When she returned the three bills were missing. She accused the dealer.

The police were notified and started to work on the case.

"I dreamed your money was under your bookcase," Mrs. Brasch told the negro woman.

The two women got on their knees and glanced beneath the furniture. Mrs. Brasch pushed her hand under and when she drew it out she held three bills of \$100 denomination. Brasch's arrest followed.

Kill More Than Wild Beasts.

The number of people killed yearly by wild beasts don't approach the vast number killed by disease germs. No life is safe from their attacks. They're in air, water, dust, even food. But grand protection is afforded by Electric Bitters, which destroy and expel these deadly disease germs from the system. That's why chills, fever and ague, all malarial and many blood diseases yield promptly to this wonderful blood purifier. Try them and enjoy the glorious health and new strength they'll give you. Money back, if not satisfied. Only 50c at Koeppe's.

PRESIDENT HILL MAY SPEAK AT STATE FAIR

Secretary Frank Meredith Has Sent Invitation to Gt. Northern Head.

Salem, Ore.—An invitation has been sent to L. W. Hill, president of the Great Northern railway, to deliver an address on the good roads question the last day of the state fair September 16. The invitation has been sent by Secretary Frank Meredith to Mr. Hill at his office in St. Paul, Minn.

Mr. Hill and his father, James J. Hill, expect to be in Oregon to attend the Astoria centennial and make an inspection of the central Oregon line.

WOMAN 110 YEARS OLD THREADS NEEDLE

Lavonia, Ga.—Stephens county claims the oldest inhabitant in this part of the state, if not in the state, in the person of Caroline Scott, a negro living 5 or 6 miles north of Martin. This remarkable woman is able to be about the house at the age of 110 years and does a great deal of patching, always threading her own needle and doing the work unaided.

She has raised a number of children, some of whom have already reached an extreme old age. Her memory of things a hundred years ago is active and she talks readily of affairs of the times of slavery.

NORTH YAKIMA WILL TRY COMMISSION PLAN

North Yakima, Wash.—Following the adoption of commission government by North Yakima by a decisive majority in the special election, commissioners to rule the city under the new system will be elected on September 9, according to a decision made by Mayor H. H. Schott at noon today.

As, under the Allen law, the primary must be held on the second pre-

ceding Monday, this will bring the first vote, to eliminate all but six candidates, on August 28. The petitions of candidates for nomination, which must be filed with the city clerk not less than 15 days nor more than 25 days, before the primary, will have to be in not sooner than August 3 and not later than the night of August 12.

Carries by 815 Votes.

North Yakima adopted the commission plan of government yesterday at a special election in which 1111 votes, almost exactly 52 1/2 per cent of the number of voters registered, were cast.

A decisive majority of the votes cast was given in favor of the adoption of the new form of government. The total vote in all precincts in favor of adoption was 963, or nearly 87 per cent of the aggregate vote, and the vote against the proposition was only 134.

The majority for the proposition was therefore, 815.

MISTAKEN FOR COUGAR JURIST IS WOUNDED

Judge Prigmore is Fatally Wounded by Companion While Hunting.

Bellingham.—A telegram received by the coroner from Concrete late today says that Judge Robert W. Prigmore of Seattle was accidentally shot and probably fatally wounded while going into the interior near Mt. Baker. The message says that R. H. Evans, Judge Prigmore's former partner, who was with him on the outing mistook the jurist for a cougar and shot him with a high power rifle.

Testifies at Own Inquest.

St. Paul, Minn.—For the first time in history, according to local authorities, a man testified at the inquest into his own death. L. P. Teegerstrom wanted on a minor charge, was mortally wounded by Detective Mammern, in making th arrest, two weeks ago.

Teegerstrom was hurried to a hospital and County Attorney O'Brien obtained a phonographic statement from him of about 200 words, in which he told of the shooting. The statement concluded:

"I have no grudge against any man or woman. I am suffering for my own folly."

Mammern was exonerated.

Do you read the East Oregonian?

WHAT'S THE REASON.

Many Pendleton People in Poor Health Without Knowing the Cause.

There are scores of people who drag out a miserable existence without realizing the cause of their suffering. Day after day they are racked with backache and headache; suffer from nervousness, dizziness, weakness, languor and depression. Likely the kidneys have fallen behind in their work of filtering the blood and that is the root of the trouble. Look to the kidneys, assist them in their work—give them the help they need. You can use no better remedy than Doan's Kidney Pills.

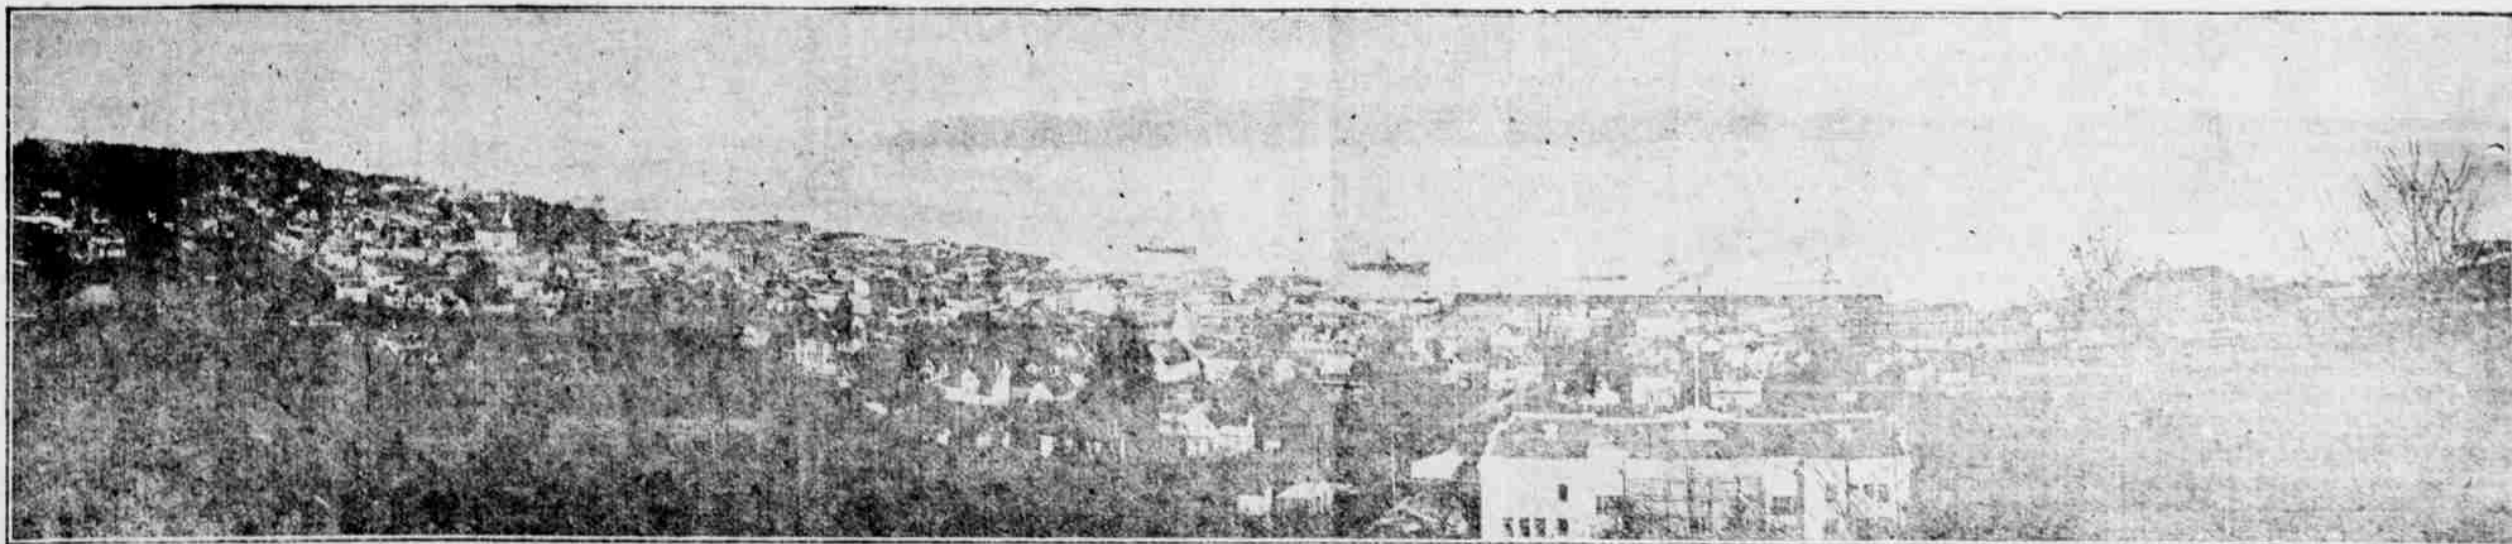

Below is grateful testimony from a sufferer in this locality.

Mrs. Frank Pike, 101 Greenwood street, La Grande, Ore., says: "Doan's Kidney Pills were used in our family and proved very effective. The person who took this remedy had weak kidneys and suffered a great deal from backache. Stopping was difficult and sharp pains darted through the loins. Doan's Kidney Pills were used on a friend's advice and it did not take them long to bring relief."

For sale by all dealers. Price 50 cents. Foster-Milburn Co. Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.
