

THE GRAND STAND ENTRANCE AT THE SPOKANE FAIR

Last year 50,000 people went through the entrance shown above during the six days of the Spokane Interstate Fair and about 45,000 more attended the six night shows. The "Standing Room Only" sign was up at nearly every performance, and so great was the crowd that the fair management decided to increase the seating capacity of the grandstand, and an addition has been put on which will enable this mammoth stand to comfortably seat more than 10,000 people at each performance, and so well planned is this building that every seat commands an excellent and an uninterrupted view of the race track and vaudeville stage.

The day program for this year, to be seen every day during the week of Oct. 2, is very attractive and includes six races, three airplane contests, a concert by Ferullo's famous Italian band and ten big circus acts. The night spectacle is to be absolutely unique. In fact, very few of the details have been made public, but it is to be called "Pioneer Days in the Palouse" and will depict some of the stirring scenes of bygone days when the Palouse and all the inland Empire was a frontier cattle country. Besides this mammoth spectacular production there will be band concerts and the usual stage performances and also a brand new novelty—namely, running races by searchlight. This was tried one night last year with such success that it was decided to put on one or more such races every night. A gorgeous \$1,500 display of Gregory's famous fireworks will furnish a fitting finale for each night's performance, but for hours after the last skyrocket stick has fallen the big, busy Midway, with its fifteen snappy shows, will provide fun in plenty for all who stay.

The Spokane Fair has been unusually fortunate this year in securing the very best carnival company in the country, the big Parker No. 1 show. This organization has never been west before, as they have in previous years furnished the midway attractions at the largest eastern fairs. C. W. Parker has made a million dollars in the carnival business, and this No. 1 show is the cream of the many troupes he has out on the road during the summer season. Thirty cars are needed to transport this banner aggregation, and it moves by special train entirely. Midway visitors may be sure of seeing really new attractions and the kind that women and children can safely visit.

WESTON PHYSICIAN SERIOUSLY INJURED

(Special Correspondence.)
Weston, July 24.—Dr. Donald C. Lazier, who has been in Weston for several weeks met with an accident while riding a bicycle between Weston and Milton. While coming down Dry creek hill, Dr. Lazier was thrown from his wheel, dislocating his hip and receiving many bruises. He was taken to Milton and his injuries were attended to by Dr. Thomas. Dr. Lazier was brought to Weston Sunday morning.

The wheat in this vicinity is measuring up to all expectations. Eighty acres just north of Weston belonging to Jim Turner was threshed last week, yielding 53 bushels to the acre. On

More Sick People to be CURED

To the Public:
I have taken Doctors York & York's special treatment for kidney and stomach trouble for about a month. I had suffered with this trouble for many years and doctored with many doctors as well as tried various patent medicines, but all without avail. Now I am well and able to work. I have also gained twenty pounds in weight. I am certainly glad to give these Chinese doctors this testimonial.

(Signed) ANDR. BERG.

We receive testimonials daily from grateful patients. If the public desires to investigate them, we will be only too glad to show them.

Doctors York & York successfully treat all chronic and blood diseases. Out of town people can write for free consultation paper and circular, enclosing 2c stamp.

THE GREATEST SUCCESSFUL CURE OF ANY CHRONIC DISEASE GIVEN UP BY PHYSICIANS.

To the Public—I am glad to relate to the public that Dr. L. Ching Wo of Walla Walla, Wash., has cured my daughter of asthma and catarrh in the head and nose, which she had been afflicted with since a little child, and as I had many doctors and none gave her any relief until she went with her husband to Walla Walla three years ago, and he took her to the Chinese Dr., L. Ching Wo, and he gave her treatment for four months and she is entirely well. So when I went to visit my daughter last winter, 1910, she requested me to go and see the Chinese Dr., but I told her it was no use as I had been doctoring for years with our doctors and they told me that my case was hopeless as I had floating kidneys and never could be cured as my age would not permit me having an operation now that I was 66 years old, but my daughter kept on insisting until I went just to please her, not that I had any faith in the treatment at all. So when I went he told me that he could cure me, so I told him to fix up the medicine and I would try it. So the result is I am at home again in Victor after having gone to Cal. for my health, and I can say that I can do more work now than half of the young women in town and I sleep all night and have a fine appetite and am very thankful that I had the opportunity of meeting Dr. L. Ching Wo, and am glad to recommend his wonderful medicine to any one who is sick, as I took three months' treatment and am relieved of my troubles. I am truly yours,
MRS. L. G. WITHERS, Victor, Mont.

We receive testimonials daily from our patients who have been cured. If you want to be cured, come to see us, or if unable to come, write, enclosing two cent stamp for symptom blank. Address.

PAINT BABY COUSIN GREEN.

Weird Sight Sets Dog and Mother Almost Hysteric.

Connellsville, Pa.—Two-year-old Willie Wilkins had the heat problem settled for him by being fitted with a skin tight green coat of paint. He crawled with delight, rolled in the grass on the lawn and was having a splendid time, to the amusement of his two cousins, 8 and 10 years old, when the family dog, returning from a foraging expedition, saw him and became so wildly excited that his barking brought Mrs. Mary Wilkins, the baby's mother, to the door.

When she saw Willie she gave a wild shriek and George and Scott Williams, her nephews, hurried out to the front gate on a run. She picked up Willie and ran screaming with him into the house and summoned Dr. Walter Mustin, who came to the house in a mad dash in his auto. The nephews had stripped Willie of his clothing and painted him all over with green paint, secured at a new residence next door, which Willie's father, Daniel Wilkins, is erecting.

The doctor assured Mrs. Wilkins that all Willie needed was a good hot bath. Willie got it, but some of the paint is still in his hair and in spots on his body.

George and Scott were bundled off to the country to spend the rest of the summer with their grandfather.

WHERE SURGERY FAILS.

Cutting Won't Remove the Cause of Piles.
Piles mean more than merely the pain of the stubborn little tumors. There is a condition inside that must be dealt with. Cutting is usually followed with later and worse attacks. A permanent cure can only be made by bettering the condition of the parts and getting a free circulation of the blood.
Hem-Roid cures all kinds of piles by internal action right on the cause. Sold by Pendleton Drug Co., and druggists everywhere, and money back if it fails. \$1 per bottle. Dr. Leonhardt Station B, Buffalo, N. Y.

SHATTERED HAND BETRAYS.

Secret of Fish Dynamiters Brought to Light by Accident.
Doylestown, Pa.—While dynamiting fish in Tinsman's dam, Lumberville, Eimer Johnson blew his hand off by the explosion of a cap. Pieces of flesh and bone were scattered over the apron of the dam and the arm had to be amputated between wrist and elbow. John Gilmer was with Johnson at the time of the accident, made to keep the accident quiet, on made to keep the accident quiet, on account of the criminal act of the men in violating the fish laws against dynamiting streams. The stream at this point has been dynamited several times, but the identity of the offenders could not be learned by the residents. It is likely that on this occasion the dynamiting would have passed unnoticed but for the accident.

The Bucks County Fish Protective association is taking up the matter and contemplates bringing prosecution, unless the members should arrive at the conclusion that Johnson has been sufficiently punished.

NEW KIND OF CRANK.

Not So Easy to Carry Out "Lenient" Sentence of "Squire."

Wilkesbarre, Pa.—Alderman Donohue of this city imposed sentence today upon William Happig and Fred Dinker, who confessed stealing a bag of potatoes from a commission house in this city. Admitting their guilt, they said they had taken the potatoes because they were hungry.

"In that case," declared Donohue, "I'll be lenient with you. The sentence of the court is that you fill your pockets, hats, shirts, clothes and arms with the stolen potatoes, march through the streets to the commission house and return them with an apology."

Smiling at what they thought was their easy escape the two men started to dispose of the potatoes about their clothes. Not until they had mastered delicate balancing feats were they able to carry the potatoes. On the way they had to stoop many a time to pick up those which fell. A policeman saw that the sentence was strictly enforced.

DREAMED HE WAS AIRPLANE TRIED TO FLY OUT WINDOW

Waycross, Ga.—Dreaming that he was one of the latest model aeroplanes and was being used in an effort to lower some of the world's records, J. H. Holland who resides here, availed through a second story window at his home during the early hours of the morning and received a broken ankle. How he escaped a more serious injury is remarkable. Mr. Holland was awakened when he struck the ground, that being the first intimation he had that he was out of bed.

He is receiving attention in one of the city's hospitals and will be out again shortly. Minor bruises received in the fall gave Mr. Holland additional souvenirs of the dream.

S.S.S. CURES OLD BLOOD DISEASES

Contagious Blood Poison is responsible for a great many old blood troubles, such as scrofulous affections, skin eruptions, catarrhal troubles, Rheumatism, ulcerating sores, etc. There is no such thing as ridding the system of these effects by killing the poisonous germs. Any medicine powerful enough to accomplish this would also destroy many of the delicate linings and tissues, and wreck the constitution. The only way to cure old blood troubles is to REMOVE the cause from the circulation, and for this purpose nothing is equal to S. S. S. It goes into the blood, and drives out every taint and poison, and makes this vital fluid pure, rich and nourishing. S. S. S. has long been known as the greatest of all blood purifiers and many thousands have rid themselves of old blood diseases by its use. It ALWAYS removes the impurity from the blood and cures these old disorders, whether inherited or acquired. Book on the blood and any medical advice free to all. S. S. S. is sold at drug stores.
