Shelby Suffered Untold Agony For Three Days Before Death. Augusta, Ga.—After suffering paroxysms, the most excruciating pain and having convulsions one after another, P. M. Shelby, a grocer in this city, died from hydrophobia. It is the first case in the history of the city, so medical men say, and one of the very few cases in this country. Shelby and his wife live at the corner of Kollook and South Boundary streets, where they keep a neighborhood grocery. Six weeks ago the husband took a little fox terrier dog into his store. A short time after the dog began to stay with Mr. and Mrs. Shelby. It seemed to be ill and refused to eat. One day Mrs. Shelby was trying to get it to eat and it bit her on the hand. The next day it bit her husband. The dog soon after died and was buried by the Selbys, although neither man nor wife thought that it had the rabies. His wife is badly frightened and believes that she will be attacked by hydrophobia also. It is probable that she will be sent to a Pasteur Institute. FIGHT FOR THE EDDY TAX. Massachusetts and New Hampshire Claimants for Tariff on Estate. Boston.—A statement of Attorney-General James M. Swift's reasons for appealing from a decree of the Suffolk county probate court, allowing, as a foreign will, a copy of the will of Mrs. Mary Baker Eddy, of which the courts of New Hampshire have already taken jurisdiction, was filed in the supreme court. Swift contends that Mrs. Eddy was not a resident of Concord, New Hampshire, at the time of her death, but actually resided in Newton, Mass. For this reason he claims the probate court had no jurisdiction of the matter and that proceedings should have been held in Middlesex county. The purpose of the attorney-general in attempting to show that the domicile of Mrs. Eddy was in Massachusetts and not in New Hampshire is that Massachusetts may get the benefit of the inheritance tax on nearly \$3,000,000 claimed by New Hampshire. STORE MANAGER IN THE TOILS Taken Into Custody Because of Original Ideas of Securing Customers. Tacoma.—Because he showed original ideas in enticing customers, John Doe Moore, manager of a clothing store, is under arrest here for obtaining money under false pretenses. According to Deputy Prosecuting Attorney Burmeister, who swore to the complaint Moore advertised the sale of the store to a fictitious person, announced the new owner's death, hung crepe on the store doors, caused accounts of an imaginary funeral to be published and finally invited the public to attend an administrator's sale. While the store was crowded with patrons it was raided by the police, the manager was arrested and the place was then ordered closed. It is alleged by the prosecuting attorney that the actual owner of the store is a wealthy Seattle resident. College 400 Years Old. Census Bureau Announces Holdings in Country Are Worth \$28,384,821,000. Washington, D. C.—Of marked interest, because of many statements during the Canadian reciprocity debate, was the census bureau's announcement of the latest general farm statistics of the United States showing that land in farms more than doubled in value during the past ten years, having increased \$15,252,788,000, or 118 per cent. In 1900 they were valued at \$13,051,033,000, and returns of the thirteenth census show they are now worth \$28,384,821,000. A year ago, when Nelson was taken from the Grand Trunk wreck at Durand, the physicians said he could not live. But despite untold agonies, he survived the first month and then the doctors put it up to his friends, George Miner, Ole Olson, Frank Floyd, all trainmen, and Fred Ross, a nurse, came forward and allowed 101, 100,

185 and 75 graftings of skin, respectively. Now after a year in the hospital Nelson is able to leave the rest inured definitely on the money given him by the Grand Trunk as a settlement.

FORTY YEARS FOR BRIDE. Man Renews Suit When Sweetheart's Husband Dies.

Grand Island, Neb.—Waiting for two score years and hoping fate would finally decree that his love-making should win, John Patrick, a wealthy business man of Hamlet, Ind., married Mrs. Flora L. Leflew. Forty years ago the couple were sweethearts, but there came the parting of the ways, and Mrs. Leflew, who was then Miss Flora Peeler, was married to another suitor. After Mr. Leflew died and the conventional time of mourning had elapsed Mr. Patrick renewed his suit and was accepted.

DONKEY SILENT WITNESS.

Nibbles 'Squire's Tablecloth and is Ordered Out of Court. Woodbury, N. J.—A donkey owned by Andrew Munzenberger and which has caused suits, countersuits, arrests and rearrests, is now in possession of Sheriff Wilson on a writ of replevin obtained by the owner which was served on William Joyce, the pound-keeper, who held the animal. This followed an attempted hearing before Magistrate Mankin, but which was postponed because City Solicitor Davis, who has been appointed by the council to defend Joyce, is out of the city. Prosecutor Rogers is acting city solicitor, but he wanted nothing to do with the case. Other lawyers are into it, however, and the end is not yet, so 'tis said. The donkey was taken into the magistrate's office, but began nibbling a tablecloth and Constable Dopsan was ordered to take the beast out into the yard. It didn't bray once.

GETS \$20,000 FOR LOWER BERTH GIVEN RICH MAN

Atlanta, Ga.—A courteous act on the part of William R. O'Neal of Bainbridge, Ga., has been rewarded by a fortune. When O'Neal exchanged a lower for an upper sleeping car berth with J. T. Young, of Oakland, Cal., four years ago, when the two men were en route to Florida, where Mr. Young was going for his health, he thought little of the incident. Evidently Mr. Young considered it a great favor, for in his will he left \$20,000 to the Georgia young man, who is 26 years old. O'Neal was in Atlanta and was informed of his good fortune by a son of Mr. Young, who had come to Georgia to look for him.

PUTS UNION ABOVE COURTS.

Miner of Benton Must Wait for Citizenship Papers. Seattle, Wash.—Thomas Joliff, a miner of Benton, in Judge A. W. Frater's room in the superior court, twice made the assertion that he would obey his union rather than the courts in a strike. When Judge Frater said that he could not admit Joliff, who was born in England, to citizenship, the applicant said he had changed his mind and would give the courts the preference. But Judge Frater said that he would have to wait until September, anyhow. In the meantime, his case will be investigated.

LIGHTNING'S STRANGE FREAK.

Strikes House, Barn and Wagon Shed Simultaneously. New York.—By a queer freak of lightning the home, barn, wagonhouse and shed of Harvey Schellinger of Erial, near Clementon, N. J., were set on fire. When Mrs. Schellinger and a number of neighbors started to fight the fire in the house they were startled to see flames issue simultaneously from the other three buildings, each situated 100 feet from the house and about the same distance from each other. By means of a bucket brigade and a hand pump the flames were extinguished in the house, but not until it had been partially destroyed. The other buildings were destroyed. Mr. Schellinger said his loss will be between \$2,500 and \$3,000 with \$500 insurance.

CHOPPED SNAKE A FIGHTER.

Caught in Lawn Mower, Reptile Still Shows Spirit. Darby, Pa.—Finding that his lawn mower suddenly refused to operate no matter how much he pushed and pulled at it, George Long, sexton of Darby Friends' burying ground, made an examination and was surprised to find that the blades were choked with a five foot snake. The snake was badly cut in several parts of its body, but it had lots of fight left, and fought until Long killed it with a club, after which he was compelled to cut it out in sections with a hatchet.

KILLED BY PETS.

Great Danes Throw Girl on Knife With Fatal Results. New York.—To be tugged from a kitchen table by one of her three pet Great Danes, the police of which she was warring off with the fit side of a fourteen inch carving knife, and to have the blade plunged into her breast near the heart, resulting in her death, was the extraordinary accident that befell 15-year-old Helen Wynemann of 1646 Third avenue. She died on the way to the Reception hospital in an ambulance. Circumstantial evidence indicated to the police that when the child dropped the knife it struck the floor on the hilt and was upright when she fell upon the point, which sank into her body to a depth of two inches. She was found by her mother a moment after the accident.

ECHO FLOCKMASTER SUSTAINS INJURIES KICKING COLT BREAKS THREE RIBS FOR HIM Annual Picnic Given by Presbyterian Sunday School, is Largely Attended and Proves Enjoyable and Successful Outing for Young Folks.

(Special Correspondence.) Echo, Ore., July 24.—Joe Cunha, the sheepman, who lives near town, had quite a serious accident last Saturday. He, with his son, Joe, were leading a band of horses to water. Some calves were running loose in the barn lot and Joe, Jr., set the dogs on them, causing the horses to stampede. As they whirled one of them kicked, striking Mr. Cunha with such force as to render him unconscious. Drs. Dorn of Echo and Smith of Pendleton, were called. He suffered a fracture of two ribs and internal injuries, but at present is resting easy. The annual picnic given by the Presbyterian Sunday school was a decided success. About fifty young people attended and enjoyed the day in the cool shade of the Spike grove. Suitable games were played and a sumptuous spread was enjoyed by the jollicking youngsters and their parents. John McCarty left yesterday on the local for the Walliowa county. The wool scouring plant is running full force. Manager Ross is enjoying an outing at Hot Lake and Guy Durham is in charge of the plant. Harry Jane, who has been employed as waiter in the Hotel Echo, has gone to Pendleton where he expects to find employment. Mr. and Mrs. Samuel Avis and daughters, Ruby and May, have gone to Salt Lake City. They have a claim west of Echo on which they have arranged to prove up under the desert claim act. Mayor R. B.
