

UNUSUAL STRENGTH IN SWINE TRADE

PRICE GETTING VEERY NEAR EIGHT DOLLARS

Poor Quality of Cattle Offerings, In-jure Market—Sheep Trade Unchanged With Small Run — Chicago Wheat Recovers.

(From Thursday's Journal.)
The situation in the swine trade is one of unusual strength. Sales were made this morning at North Portland on the basis of \$7.75 for first class quality. The transaction included 22 head of Willamette valley stock that sold at \$7.65. Eastern Oregon or Idaho supplies always bring a dime or even better price than Willamette valley offerings because of the firmer flesh.

Besides the offerings of the small valley lot a carload came through from Rigby, Idaho, but details of the sale were not made public until a late hour.

As has been forecast repeatedly in this paper, the outlook for favorable hog values is much better than expected by most interests. Naturally killers are bearish, but the fact that they cannot get the hogs, only adds weakness to their arguments.

Packers are still forced to get practically all their swine from the Omaha territory, and for that reason are helping to maintain the market here at a basis that is the full Omaha price with the freight added.

North Portland general range:
Best light hogs \$7.75
Medium hogs \$6.50
Good and heavy hogs \$6.75
Rough and heavy hogs \$5.00

Poor Cattle Hurt Trade.
Poor quality cattle are what all the cattle trade at North Portland these days; in fact, is hurting the trade of the entire country. Top steers are still selling at \$6.75, but it takes excellent quality to bring this figure.

Ed Knorr and W. H. Jones, two shippers from Grangeville, Idaho, topped the market for both steers and cows this morning. These were about the best arrivals seen at North Portland recently and for that reason were able to command best figures. A total of 471 head was received in the cattle pen today, compared with 834 on this day last week, when the big run was shown.

North Portland range:
Best steers \$5.65 @ 5.75
Choice steers 5.40 @ 5.75
Ordinary steers 4.50 @ 5.00
Common steers 4.00 @ 4.25
Fancy heifers 5.00
Fancy cows 4.60

Chicago Wheat Recovers.
Chicago, July 28.—The recovery in the wheat price was sharp and at the closing the bears wondered just where they were at. Closing figures were 3-8c to 1-2c a bushel above yesterday, while the opening was at a loss of 1-8c to 1-2c.

To some extent the lower opening here was due to the loss at Liverpool, but the extreme strength at other European centers as well as reported damage to the crop at home brought out a line of short covering that was sufficient to stem the tide of bearishness that appeared at the start.

While Liverpool was down 1-4c to 3-8d at the closing and Berlin was off 5-8c, there was an advance of 3-4c to 1c at Paris, 5-8c at Antwerp and 1 3-8c at Budapest.

The official report of the Spanish government estimated the wheat crop at 136,808,000 bushels compared with 134,808,000 bushels a year ago. Range of Chicago prices furnished by Overbeck & Cooke Co.:

RELIGION IS PLACED FIRST.
Salt Lake Citizen Quits Business for Missionary Work.
Salt Lake City.—"Go to South Africa, leaving your business, and preach the gospel."

Truly the heads of the Church of Jesus Christ and the Latter Day Saints exercise authority upon the true believers. This call was made by the Mormon elders to Frank P. Hewitt, president of a large business company here. He will arrange his affairs immediately and sails at the end of this month to take charge of a mission at Woodstock Cape Colony. For this he will receive no remuneration and will pay all expenses out of his own pocket.

The church exercises the right to call upon any of her members, in whatever walk in life, to preach her doctrine in this way. It is, however, some time since such a prominent man has been asked to quit his business. Although the church claims that none of her preachers receive salaries, yet an enormous number draw their share from the tithing fund, thus probably receiving more than they would were they "salaried" preachers. Mission workers, however, receive nothing and as in the present case, have to pay all their expenses themselves.

MILK DRINKS THREATENED.
Lactical Concoctions Curtailed by Reports Expected Shortage.
Newport, R. I.—Gin rickies and absinthe frappes threaten to supplant milk punches and all drinks of which milk is a component part this summer, owing to the milk famine which seems imminent.

The stewards of one of the exclusive clubs of the ocean drive told a reported that even his millionaire customers would probably feel the pinch of the milk shortage.
"Of course, there won't be any trouble about the babies," said he. "In the first place there aren't many, and what few there are can get their milk from the special laboratories. But when it comes to milk punches and eggnogs we will realize the high cost of living, and I don't believe our customers will be willing to pay the price we shall have to charge. Straight drinks, such as champagne or whisky and milkless mixed drinks, will be generally substituted."

Another difficulty which threatens Newport this summer is the limited water supply, due to scanty rainfall this spring. It is the lack of rain which is really responsible for the scarcity of milk.

JAPAN IS INCENSED AT RUSSIA.
Seizure of Sealer Causes Storm of Protest.
Victoria, B. C.—Advices from the far east report the seizure of the Japanese sealer Kofuji Maru by a Russian patrol cruiser off the Kommandorski, or Copper, island rookeries. The seizure of the schooner has caused a storm of protest in Japan. Shortly before it took place Russia gave notice to Japanese of an extension of the limits of territorial waters and the Japanese claim that the schooner was on the high seas outside the proper limit when seized.

Newport, R. I.—Carrying the secretary of the navy, George Von L. Meyer, the submarine boat Octopus dived under the waters of Narragansett bay giving the secretary his first submarine experience. With him were Commander George F. Williams of the navy torpedo station and Mrs. Robert Goetz.

GIVES STREET TO CHILDREN.
Traffic Stopped So They Can Use the Thoroughfare as Playground.
Chicago.—In an effort to alleviate conditions in a thickly populated tenement house district on the North Side, locally known as "Little Hell," Mayor Harrison, at the request of women's clubs and social settlement workers, ordered traffic stopped on Galt place during the summer months, so as to make the street available for a playground for poor children.

There are said to be 2000 children in the district.
TO PROBE ALLEGED SHOE TRUST.
Evidence Will Be Presented to the Boston Grand Jury.
Washington.—The long-planned action against the United Shoe Machinery company will begin next month, when evidence gathered by the department of justice will be presented to a grand jury in Boston. One feature involves a question of patents much the same as in the case against the electrical trust and the Pittsburgh action against the International Harvester company. In the main, however, the government will charge restraint of trade by illegal contracts and methods.

Sheep Market is Unchanged.
Practically no change in condition is showing in the sheep and lamb trade at North Portland. There was a small run for the trade, but with the present overloaded condition of killers, there is no hope for any beneficial change in values. Today's run of sheep and lambs was 340 head compared with 2435 last Thursday.

North Portland sheep and lamb ranges:
Select lambs \$5.25 @ 5.30
Ordinary lambs 5.05
Best wethers 3.25 @ 3.50
Common lambs 4.00 @ 4.25

City of Peoria Bars Them From Parks.
Peoria, Ill.—War against Peoria bachelors has been started by the park board. The board has issued an order that no male more than 14 years old shall enter any of the Peoria parks unless accompanied by a woman.

Recently complaints were made that unaccompanied men were in the habit of accosting young girls.
In South park a band concert is held Tuesday nights and an extra number of policemen kept watch of the patrons that the rule might be strictly adhered to.

CALL FOR BIDS FOR FUEL.
The county court of Umattila county, Oregon, will receive sealed bids for one car load of Rock Springs lump coal, delivered on car at railroad yard in Pendleton, and 100 cords of red fir wood delivered at the court house yard. Lightning Chases Man With Caruso's Voice.
Agent Admits That He Let His Press Induce Him to Fool the Public.
Rome.—The mystery that has surrounded the condition of the voice of Enrico Caruso, the world-famed tenor, was explained when Caruso explained there was nothing the matter with his voice, and that he had merely followed the instructions of his press agent.
"For all time I am through with newspapers," said Caruso. "I 'ruined' my voice for them by advice of my press agent.
"You know," he continued, "that I consider myself the happiest embodiment of what is best in both the Italian and the American spirit. I have bowed to many an American institution. One of these was the press agent.
"For a long time I spurned the idea of hiring one. I said I did not need one. Then one day Oscar Hammerstein explained to me that not only did I need one, but I needed one badly. He said that every one in public life, be he a clergyman or a university professor, could not do without a press agent.
"Finally I got one. The first advice he gave me was:
"Speak hoarsely to your friends, but don't commit yourself as to the condition of your voice. The world getting accustomed to your magnificent voice and some day it may not have any more interest for the theater-going public. The only way to retain your popularity is to make the world believe that your voice is gone."
"Last year this simple trick worked wonders with the public. This year I shall first fill my engagements at the Vienna Imperial, then in Berlin, and later I shall return to America."
