## THE GREATEST SUCCESSFUL CURE OF ANY CHRONIC DISEASE GIVEN UP BY PHYSICIANS.

To the Public—I am glad to relate to the public that Dr. L. Ching Wo of Walla Walla, Wash., has cured my daughter of asthma and catarrh in the head and nose, which she had been afflicted with since a little child, and as I had many doctors and none gave her any relief until she went with her husband to Walla Walla three years ago, and he took her to the Chinese Dr., L. Ching Wo, and he gave her treatment for four months and she is entirely well. So when I went to visit my daughter last winter, 1910, she requested me to go and see the Chinese Dr., but I told her it was no use as I had been doctoring for years with our doctors and they told me that my case was hopeless as I had flowing kidneys and never could be cured as my age would not permit me having an operation now that I was 66 years old, but my daughter kept on insisting until I went just to please her, not that I had any faith in the treatment at all. So when I went he told me that he could cure me, so I told him to fix up the medicine and I would try it. So the result is I am at home again in Victor after having gone to Cal. for my health, and I can say that I can do more work now than half of the young women in town and I sleep all night and have a fine appetite and am very thankful that I had the opportunity of meeting Dr. L. Ching Wo, and am glad to recommend his wonderful medicine to any one who is sick, as I took three months' treatment and am relieved of my troubles. I am truly yours,

MRS. L. G. WITHERS, Victor, Mont.
