During the summer most persons are annoyed with pimples, boils, rashes or eruptions, while others suffer more severely with Eczema, Acne, Tetter, Salt Rheum, or some kindred skin disease. All skin affections come from humors and acids in the circulation. The blood, as it circulates through the system, deposits these humors and acids in the sensitive membranous flesh which lies just beneath the outer skin. This acrid matter causes inflammation and a discharge which breaks through the delicate cuticle, and skin diseases are the result. To cure any skin trouble the blood must be freed from all acids and humors, and for this purpose nothing equals S.S.S. This great blood purifier completely removes every particle of the impurity, enriches the blood, and in this way permanently cures skin diseases. S. S. S. cures because it purifies the blood and thus does away with the cause. Book on skin diseases and any medical advice you may desire sent free. S.S.S. is for sale at drug stores.
