### FINDS ELOPING COUPLE AFTER TWO YEARS' CHASE

Bohemian Trails Wife Through Five States to a Lumber Camp in Oregon Forests.  
Sandy, Ore.—R. A. Lovgrove and Luella Brannock eloped from Coalinga on April 6, 1909, after an acquaintance of nine days. Lovgrove leaving his wife and four children destitute at Graton. Mrs. Brannock took her two small boys along. She had been visiting Coalinga from Tall.  
Brannock has since searched California, Nevada, Washington, Idaho and Oregon. He has dwindled from 270 to 140 pounds.  
Two miles from here in the Firwood Lumber company's camp he came upon them. Brannock covered Lovgrove with a gun, while a sheriff's deputy handcuffed him.  
Brannock will take his boys back to Tall, where he is a boilermaker for the Standard Oil company, and get a divorce. The clothes are in jail.

### WOMAN LIVES WITH PIGS.

Taken Into Custody, She Is Unable to Tell Her Name.  
Denver.—An apparently demented woman, about sixty-five years old, has been taken in custody by Marshal Eberhart of Edgewater, who says he found her living in a semi-barbaric state on a ranch a short distance northeast of the National Jewish hospital.  
For months the woman, who cannot recall her name, has been at the ranch. It is said that she lived in a shack which served as a shelter for pigs, chickens and cattle. When

found by Marshal Eberhart she was scantily dressed.  
How the woman contrived to exist is a mystery. Not a particle of food was found about the place. Persons living in the vicinity of the ranch say that they have frequently seen her out gathering roots and herbs.  
One explanation given of the woman's presence on the ranch is that she was placed there by the owner, said to be a well-to-do Denver woman, to look after the livestock. There are a dozen horses, six cows and a score of pigs on the place.

### WED 60 YEARS AFTER SCRAP.

Cleveland, Ohio.—A romance, interrupted 60 years ago by a lovers' quarrel, had a happy culmination at Mount Gilead when Mortimer Baldwin and Mrs. Hanna Wells, both 81, were married at the parsonage in Marango by the Rev. F. G. Boroff.  
It was 60 years ago that Baldwin first courted Hanna Wilson in South Woodbury village. One evening Baldwin called on Flora Aldrich. Village gossip told his sweetheart. They quarreled. In 1854 Hanna Wilson married Ruben Gardner. The next year Baldwin wedded Flora Aldrich. The two couples lived as neighbors, and Hanna Gardner and Baldwin forgot their quarrel.  
In 1880 Gardner died and in 1875 the widow married Captain Milton Wells. Mrs. Baldwin died in 1891 and with the death of Captain Wells last February the former sweethearts were free to marry.

### PRESIDENT ACCEPTS BID TO VISIT COAST STATES

Washington, Aug. 21.—If congress adjourns tomorrow afternoon, President Taft will leave Washington two hours later for Beverly and his long deferred vacation.

His vacation this summer, however, will be cut to three short weeks, for he will leave on September 15 for a long western trip to the Pacific coast.

The president will visit Oregon and Washington as well as California before his return to the east. While in California the president will attend the ground breaking exercises of the Panama Pacific exposition at San Francisco. He definitely accepted the invitations of western states today, to visit them.

### STRONG INFLUENCE AGAINST DEATH PENALTY FOR WEBB

Salem, Ore., Aug. 21.—Strong influence, it is said today, will be brought to bear on Governor West soon in an effort to persuade him to commute the death sentence hanging over Jesse P. Webb to life imprisonment. Webb is sentenced to hang September 5 for the murder of William Johnson in Portland last winter.  
Several times last week Webb's wife and seventeen year old daughter visited the governor and plead with him to save Webb from the gallows. In each instance the governor declared that nothing had arisen which could cause him to interfere with the court's decree.

Seattle, Wash., Aug. 21.—Unless the recall association gets busy and secures many more names to the petition for the recall of Mayor Dilling, that official is not in any immediate danger of being pulled out of his office, as less than 6,000 of the 10,000 names to the petition which was presented last week, have been found to be bone fide by the canvassing board.

### WASHINGTON PUNCHERS TO JOIN ELK ROUND-UP

Spokane Wash., Aug. 21.—Sportsmen and former cowboys from various parts of eastern Washington and central Idaho, including Edward Beck and Ray Hester, formerly of the Bank of Commerce, and Roy Hoagland of Lewiston, Idaho, have gone to Jackson's Hole, Wyo., to assist the state game warden, United States cavalry soldiers and ranchers in rounding up between 25,000 and 30,000 elk and driving them to less settled territory. Old timers in Spokane say a round-up is a difficult task at this time of the year, but the game warden think this is the only way to save the bands from being exterminated, as the restriction of the open range has resulted in the loss of fully 5000 animals a year by starvation, despite the fact that fodder has been provided by ranchers in the district and the legislature of the state of Wyoming. This is the first attempt at an organized round-up of

### SPokane JUDGE DECIDES TO LIVE TO AGE OF 120

Spokane, Wash.—Judge E. H. Sullivan, dean of the Spokane county superior court and exponent of the theory of violent muscular exercise as a check against the ravages of old age, declared at a meeting of the county bench and bar that he has solved the problem of how to grow young after passing the so-called prime-of-life period. Four years ago when he started to develop his plan, he fixed his age limit at 100 years. Now he says he shall live 20 years longer, or 120 years. Judge Sullivan is 61 years of age, but few men of 25 possess his activity and stamina. His body, arms and legs are as strong and supple as one would look for to an athlete in condition. One of his favorite feats is to touch the floor with his elbows without bending the knees. He pounds his body with bare hands several times a day, exercises care in food, sleeps eight hours at night and does nothing to controvert the laws of nature. He adduces evidence from his superior physical condition, his youthfulness and suppleness of muscle to substantiate the reasonableness of his theories, which he will gladly pass on to anyone.

### OSLER RIGHT; YOUTH SUCCEEDS AGE

Gray Hair is First Sign of Age, Harmless Remedy Restores to Natural Color.  
Osler isn't the only man who turns down old age. In the business world the "young man" is always the one who picks the plums. It is an age of "new thought," "new talent," etc., and the old man is passed by in the race.  
One of the first signs of coming age is the appearance of gray hairs. When you see them, act promptly. Wyeth's Sage and Sulphur Hair Remedy will correct this sign, which so often deceives people into thinking that age is really upon them. It is a well-known fact that Sage and Sulphur will darken the hair. Wyeth's Sage and Sulphur combines these old-time remedies with other agents, which remove dandruff and promote the growth of the hair.  
The manufacturers of this remedy authorize the druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.  
This preparation is offered to the public at fifty cents a bottle and is recommended by the Pendleton Drug Co.
