

Aids Nature

The great success of Dr. Pierce's Golden Medical Discovery in curing weak stomachs, wasted bodies, weak lungs, and obstinate and lingering coughs, is based on the recognition of the fundamental truth that "Golden Medical Discovery" supplies Nature with body-building, tissue-repairing, muscle-making materials, in condensed and concentrated form. With this help Nature supplies the necessary strength to the stomach to digest food, build up the body and thereby throw off lingering obstinate coughs. The "Discovery" re-establishes the digestive and nutritive organs in sound health, purifies and enriches the blood, and nourishes the nerves—in short establishes sound vigorous health.

If your dealer offers something "just as good," it is probably better FOR HIM—it pays better. But you are thinking of the cure not the profit, so there's nothing "just as good" for you. Say so.

NATIONAL LEAGUE

New York 3; Chicago 2.
New York, Aug. 22.—The National league leaders began their final series in the east for this year at the Polo grounds yesterday with a 10-inning contest, which New York won, 3 to 2. Richie, who has beaten New York five times this season, was beaten in a pitchers' duel with Marquard. Score: R. H. E. Chicago.....2 6 1 New York.....3 7 0
Richie and Archer; Marquard and Myers.
Umpires—Klem and Brennan.

Cincinnati 7; Boston 6.
Boston, Aug. 22.—Boston made a strong fight to win after a bad start yesterday, but lost. Errors by Sweeney figured in the visitors' scoring. Score: R. H. E. Boston.....6 9 5 Cincinnati.....7 10 1
Purdue, Brown and Kling; Gasper, Keefe, and McLean, Clarke.
Umpires—O'Day and Emslie.

Pittsburg 10; Philadelphia 7.
Philadelphia, Aug. 22.—After playing a fine uphill game yesterday Philadelphia was defeated by a ninth inning rally by Pittsburg. Steele and Chalmers, who started the game, were driven off the rubber in one inning. They were succeeded by Camnitz and Moore, Hall, formerly of the Tacoma club, pitched the last two innings for the locals, it being his major league debut. The hitting of Magee, who made a home run, a double and a single, featured. Score: R. H. E. Pittsburg.....10 9 2 Philadelphia.....7 10 0
Steel, Camnitz and Gibson; Chalmers, Moore, Hall and Madden.
Umpires—Riegler and Pinneran.

St. Louis 6; Brooklyn 1.
Brooklyn, Aug. 22.—The pitching and fielding of Sallee enabled St. Louis to win yesterday. The visitors hit hard and ran wild on the bases, stealing six bases. Score: R. H. E. St. Louis.....6 10 1 Brooklyn.....1 7 1
Salle and Hlas; Knetzer and Bergen.
Umpires—Johnstone and Eason.

Victoria	31	97	.242

Spokane 1; Tacoma 0.
Spokane, Aug. 22.—Yesterday's game was forfeited to Spokane in the fifth inning with Tacoma batting, and the score 1 to 0 in favor of Spokane. With runners on third and first bases and nobody out, Gordon drove the ball to right. It struck a few inches inside the line, according to the majority of the people in line with the hit. McCarthy, umpiring from behind the pitcher, had a working agreement that the catchers of each team should call batted balls close to the line. Spiesman said foul and McCarthy so ruled. Lynch and the Tacoma team left the field, McCarthy declared the game forfeited to Spokane.

Tacoma 0; Spokane 2.
Tacoma, Aug. 22.—Spokane defeated Victoria, 7 to 3, yesterday. The visitors got a good start in the third, when two bases on balls and a two bagger by Stovall with the bases full scored five men. After the fatal inning Lake was relieved by Surphis. Jensen pitched good ball for Portland. Score: R. H. E. Tacoma.....0 2 0 Spokane.....2 0 2
Batteries—Gordon and Burns; Kraft and Spiesman.

Seattle 6; Vancouver 1.
Seattle, Wash., Aug. 22.—Seattle found Vancouver's pitchers for twelve hits six of them for extra bases and won easily 6 to 1. Fullerton would have scored a shutout had not Clark reached first on a third strike that went wild. Score: R. H. E. Seattle.....6 12 0 Vancouver.....1 5 0

Vernon 3; Oakland 2.
Los Angeles, Cal., Aug. 22.—Vernon and Oakland played for eight innings yesterday without scoring a run, each scored in the ninth, tenth and eleventh frames. The game was called after the twelfth with the score still tied, 3 to 3, to allow the Commissioners to catch their train for the north. Not a visitor reached third until the eighth. In the ninth, Alton Hoffman pitched one for Oakland, Brashear doubled to center, and one fan, evidently by the excitement, fainted. Brashear scored on a wild pitch and Hosp's single. Vernon lost a chance to clinch the game when Hosp was caught off third. Carson was taken out in the tenth to allow Brown to bat for him and Breckenridge replaced Carson until Hitt warmed up. Ables was benched in the seventh after Hosp had doubled and Burrell singled. Score: R. H. E. Vernon.....3 11 1 Oakland.....2 7 1

ASSERT RACE SUICIDE MADE FRANCE RICH

Paris.—That race suicide has been of incalculable value to France in bringing about both material and educational prosperity is the contention made by the officials and leaders of the Malthusian society of France, which opened its annual convention here.

France, with the lowest birth rate of any civilized nation, is now, and for years has been, it is asserted, the richest country in the world, proportionate with its population. According to Edmond Thierry, the noted political economist, the total of the combined private fortunes of France was \$12,500,000,000 in 1848. At the present time the total stands at \$57,456,400,000, and the gain in wealth has been far ahead of the increase in population.

If the private wealth of the republic were distributed each of the 39,278,000 inhabitants, men, women and children would be worth \$1,462. Counting four to a family this would give each French family a fortune of \$5,848. No other nation approaches these figures, nor is there any other country in which wealth is as evenly divided as in France. Swollen fortunes in the republic are few and extreme poverty prevails to a much lesser extent than in any other land. The disciples of Malthus attribute all this to the limitation of population urged by the great English economist.

Within the last decade, workingmen as well as the middle class have become converted to the doctrine of race suicide and as a rule have only from one to three children. With the population remaining almost stationary and the increased wealth, which amounts to about \$554,000,000 yearly, being distributed pretty equally, the material advantages of race suicide are apparent, its advocates say.

While the birth rate has decreased, government statistics show that the rate of infant mortality has more than correspondingly decreased. Illiteracy is practically non-existent in France. With fewer children, better care and better education result.

SUCCESS OF ENGLISH STRIKERS INSPIRES AMERICANS

Chicago.—Labor leaders of national repute admit today that the success of the English strikers, had given impetus for a "general strike" in America, the object of which, they say, will be to secure the mastery of labor.

Serious labor difficulties among railroad, steel and coal workers are predicted, involving 370,000 coal miners, 700,000 railway workers and 300,000 employees of the steel trust.

The first trouble which may result in a monster walkout, it is said, is the coal mining industry when the contracts expire April 1. It is said that they will demand the "same conditions and wages that obtain in Illinois," where the highest wages are paid and excellent working facilities are provided. This demand will be made, labor leaders say, to equalize the profit now made by eastern mine operators and prevent the Illinois operators from closing down their mines as they have threatened to do.

HE'S ALWAYS DRUNK

Man Appears in Court on Same Charge for the 112th Time.
Fresno, Calif.—Bank Honk, an odd jobber, has been sentenced 112 times to the county jail on charges of drunkenness, according to the records of the police court.

Justice of the Peace A. G. Smith of Laton, sitting for Police Judge Briggs, threatened to give Honk a six month's limit should he come up for the 112th time during the time Justice Smith may act in this court.

Monk was sentenced to the usual ten days.

STORK SHUNS PASADENA

Millionaires of California City Asking for Babies to Adopt.
Pasadena, Cal.—Despite the fact that Dr. Stork has sidestepped Pasadena in his frequent trips about southern California, the millionaires in South Orange Grove avenue are asking for babies to adopt.

So great has been the demand for more babies that the baby home supported by the Humane society, which contained nineteen was ones a month ago, is now depleted. Three tots were imported from Los Angeles today and were snapped up before they

Young Mothers

No young woman, in the joy of coming motherhood, should neglect to prepare her system for the physical ordeal she is to undergo. The health of both she and her coming child depends largely upon the care she bestows upon herself during the waiting months. Mother's Friend prepares the expectant mother's system for the coming event, and its use makes her comfortable during all the term. It works with and for nature, and by gradual expansion of all tissues, muscles, and keeping in good condition, brings the woman to a crisis in splendid physical condition. The baby too is more apt to be perfect and strong where the mother has thus prepared herself for nature's supreme function. No better advice could be given a young expectant mother than that she use Mother's Friend; it is a medicine that has proven its value in thousands of cases. Mother's Friend is sold at drug stores.

Write for free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature.

had a chance to get acquainted with their patronesses. There is a standing order in Los Angeles to supply future citizens for good homes in Pasadena and the demand continues to exceed the supply.

The person most responsible for the success of the wholesale baby adoption is Mrs. Eordyce Grinnell, society leader and club woman of 527 North Marengo avenue. Said Mrs. Grinnell today:

"We want more babies, heaps of them. We can't get enough in Pasadena and must seek elsewhere for them. Pasadena may have a low birthrate, but the people are mobbing the Humane society for more babies. Why, I went to Los Angeles today to bring back three babies. I had shown a photograph of them previously to baby applicants and they were sold before they left Los Angeles.

"Childless millionaires have sent in their applications and must await their turn. Some of the waifs adopted by our millionaires are pretty well grown and are far better off than had they remained with their fathers and mothers."

COUPLE MARRY TWICE.

Vows Now Tied Tighter Than Gordian Knot.
Santa Ana, Cal.—It took a preacher and a justice of the peace to tie the knot for Bert Theodore Wilkie, aged 27, of Los Angeles, and Sadie Wheelchel, aged 22, of Long Beach. The two ceremonies were performed eleven days apart. The second was made necessary by reason of the fact that the first, while it had all the thrills lacked the binding force of legality.

The license was issued by the county clerk of this county. Wilkie did not know that a marriage license can legally be used only in the county in which it is issued. On that point the Rev. Robert Henson, rector of St. Mark's Episcopal church of Los Angeles, was as ignorant as Wilkie. The Rev. Mr. Denison performed the ceremony in Los Angeles county.

Wilkie and his bride had no doubt but what they were as thoroughly married as any couple could be, and they knew no different until they learned that the recorder of Los Angeles county had refused to record the certificate. Hearing that news, Wilkie seized the document, and with Miss Wheelchel, took the first car for Santa Ana, and on their arrival here were married by Justice Cox, who wrote out a new certificate, glued it

WOMAN WALLOPS INTRUDER.
Thamesburg Burglar and Ties Him to Chair Before Calling Aid.
Verona, N. J.—Mrs. John Dex, tall and athletic, was notified by her little daughter that a burglar had entered her home. Mrs. Dex left her work in the back yard, ran into the building, and after a ten minute fight had the intruder crying for mercy.

She tied him hand and foot with a clothesline, pummeled him into obedience in order to stand by and completed the operation by binding him to a chair. Then she walked to a near by field, where her husband was at work and told him what she had done.

Dex ran to the house and after giving the thief another thrashing notified the police. The prisoner, bruised and bleeding, said he was Thomas Keller of Newark and that Mrs. Dex had interrupted him while he was looting the second floor.

Restores Gray Hair to Natural Color

If other "so-called" Restorers have failed, don't give up hope, but give WYETH'S SAGE AND SULPHUR HAIR REMEDY a trial. You run no risk. If it is not exactly as represented, your money will be refunded.

PROFIT BY OTHERS' EXPERIENCE

Gray Hair Restored

My hair was getting quite gray and falling out rapidly and I was troubled with a terrible itching of the scalp. My head was full of dandruff, which fell upon my clothes and kept me continually brushing it off. While on a visit to Rochester I heard of your Sage and Sulphur for the hair. I got a bottle and used it. A few applications relieved the itching, my hair stopped falling out and gradually came back to its natural color. It is now a nice dark brown color, soft, glossy and pliable. Several of my friends want to use it, and I want to know what you will charge me for six bottles of it.

MISS E. A. ROSS,
Sharon, Mercer Co., Pa.

Grew Hair on a Bald Head

For two or three years my hair had been falling out and getting quite thin until the top of my head was entirely bald. About four months ago I commenced using Sage and Sulphur. The first bottle seemed to do some good, and I kept using it regularly until now I have used four bottles. The whole top of my head is fairly covered and keeps on coming in thicker. I shall keep on using it a while longer, as I notice a constant improvement.
