

TO THE PUBLIC

WE wish to announce that we have discontinued the credit system of doing business and hereafter will sell for cash only.

By making this change we will be able to cut down our office expense, eliminate lost accounts, and save money paid as interest on sums borrowed at different times in order to pay our bills---these savings will enable us to sell lower, so that the general public will be the one to derive the most benefit in the end.

In credit system institutions, those who pay cash and pay their bills must in the end always pay for those who do not pay at all. We are reversing this rule so that those who buy here and pay cash will be able to buy hardware for a less price than they have ever paid before in the city of Pendleton.

We cordially invite the general public of Umatilla County to bring in any mail order house hardware catalog and compare the prices with ours. We guarantee to sell everything we carry at a less price than any store doing a credit system business (except a few lines where the selling price is arbitrarily made by the manufacturers).

Come and Get Our Prices, It Will Pay You.

CLARK, CLARK, 1912; FRATS START BOOM

Delta Tau Deltas Raise Roof With Rab-Rabs Hailing Speaker for President.
Chicago.—A presidential boom for Speaker Champ Clark was launched at the banquet of the Delta Tau Delta fraternity with a volley of college yells that nearly lifted the roof off of the Auditorium hotel.

The white haired speaker, with folded arms, received the suggestion with a face that was one huge smile. In the end he had to use his skill as

a presiding officer to halt the cheering of his "frat" brothers.

"In reply to the kind suggestion that I may one day be president of the United States," the speaker said, "I can only say that the office is so great, its duties so profound that it is neither to be sought nor declined. Only two men have ever declined the vice presidential nomination after it had really been made. No man will ever decline the presidency.

"If ever I get into the white house every 'Delta' twirl the two seas is welcome to have his legs under my table."

At this the cheering broke out again and finally resolved into an uproarious chant and ran: "Champ Clark, our next president."

Even the republicans among the young college banqueters seemed to forget party lines in their enthusiasm over the Champ Clark boom.

The surprise of the evening came after Clark had left the banquet hall. James R. Mann, minority leader, seconded Clark's nomination for the democratic headline.

"For the good of democracy and in the interests of good government and clean politics, I second the nomination of Champ Clark," he said.

The fraternity men howled for ten minutes at this unexpected endorsement from the republican leader.

The vehicle of launching the Clark boom was unique, due to the originality of the Rev. Ernest Wray O'Neal, a Methodist clergyman, who was master of the toasts. Speaker Clark is a member of the Christian church, the sect commonly known as "Campbellites."

Clark had prepared a speech. The demonstration over his boom so affected him that he forgot the prepared speech and made a new one that fairly bristled with "punch" paragraphs.

PROGRESSIVE DEMOS ORGANIZE Will Endeavor to Eliminate Political Bossism.

Washington.—Elimination of political bossism is one of the main objects of the progressive democrats who are lustily engaged in the work of organizing a country wide federation of democratic precinct clubs. They contend that both the big parties are dominated to a large extent by bosses in states, cities and counties.

"We are in complete sympathy with democratic principles," said Senator George E. Chamberlain (dem. Ore.), one of the leaders in the movement, today. "The federation in no sense stands for party dissension but to place the control of the democracy in the hands of the voters.

"No personalities as to candidates

are involved in the movement and no men have been discussed as candidates.

"We do not want, however, a progressive democrat as a candidate for president next year. We want a leader who will represent the people rather than the predatory interests of the country. The federation will constitute machinery inside the party to bring about the election of such a man in the 1912 campaign.

"We want the people to have a voice in the naming of the party standard bearer rather than to have him named as the result of secret caucuses and in conventions controlled by self-appointed leaders of the party."

The couple will be accompanied by the great Ferullo Band, which has become famous in the Pacific Northwest.

"I suffered intensely after eating and no medicine or treatment I tried seemed to do any good," writes H. M. Young, Editor of the Sun, Lake View, Ohio. "The first few doses of Chamberlain's Stomach and Liver Tablets gave me surprising relief and the second bottle seemed to give me a new stomach and perfectly good health." For sale by all dealers.

TWO CUT THROUGH WALL OF JAIL AN ESCAPE

Rainier, Ore.—Clarence Lane and Ed Simmons were arrested charged with being drunk and disorderly and placed in the city jail of which the city marshal secured the key from the present owner. These men made their boast in the afternoon that even if arrested, the marshal had no place to put them. Sunday night they broke jail. When the marshal came down yesterday morning to feed them he found a hole cut through the wall and the prisoners gone. A case knife with less than an inch of blade remaining was found in the cell with a note attached, bearing the words: "Compliments to Judge Symons. This is what did the trick." On the wall was another note addressed to Judge Symons, saying: "We are off for a 15 days' sea voyage." It is believed the men received assistance from the outside as the officers say it is impossible to cut such a hole with a case knife.

Young Mothers

No young woman, in the joy of coming motherhood, should neglect to prepare her system for the physical ordeal she is to undergo. The health of both she and her coming child depends largely upon the care she bestows upon herself during the waiting months.
