"SPLIT" SKIRT SOUNDS "HOBBLE" DOOM OF REIGNING

Latest Parisian Style, Says Returning Modiste, Reveals the Ankles.

New York.—Charles Kurzman, a modiste, who always comes back from Paris with detailed information about the things that women wear, returned today on the Kaiser Wilhelm II, with a blithe narrative of the fashions that are to come.

He unfolded the secret that this fall we will have with us the "split" skirt, which is the other extreme from the hobble. It is a split down the front that reveals much of the ankles and gives need for special attention to hosiery and shoes. All fall gowns, he says, are to be cut with reference to "curves." The straight line has dropped.

Furs and laces, quoth the Peeps of fashion, will be much in evidence. Velvets trimmed with furs and reversible plaids will be the real thing for morning wear and for automobile parties. Velvet on satin, trimmed with gold and silver, will be the correct thing for afternoons.

In the evening there will be brocade velvet on satin or mouseline, or else elaborately trimmed gold or brilliant rhinestones or beads.

Madam's train will be long and pointed and the whole effort will be to get a simple, rich, elegant combination in which the bizarre will be strikingly missing.

Fur hats are to be everywhere. Large velvet hats, trimmed with ostrich feathers, are also to be in vogue. Accordion plaited or ruffled neck pieces are to be in evidence, and the large handbag, in which one may move the furniture of a modest flat upon occasion, will still be with us.

Mildy is to give special attention to her hair. She will wear bands, crowns, caps and other ornaments in which cloth of gold and silver will have a prominent part.

99; Survives Operation.

Wilkesbarre.—Mrs. Elizabeth Hillman, who was 99 years old last March and who was operated on for appendicitis two weeks ago, was today announced to be out of danger.

GIRL GUIDES ARE CAUTIOUS.

Organization Will Not Be Combined With Similar Societies.

Spokane, Wash.—Girl Guides of America, a continent wide movement organized in Spokane last spring, has not been nor will it be amalgamated with the Girl Scouts of Des Moines or the Pioneer Girls of New York, said the Rev. David W. Ferry, pastor of Emmanuel Presbyterian church, on returning from New York where he attended a conference of officers of the three societies.

"The news items sent broadcast from New York at the instance of the press committee of the Pioneer Girls were misleading and without authority," the Rev. Mr. Ferry added. "It is true the Girl Guides were invited to join the merger, and I was asked to become chairman of its advisory committee, but I was unable to accept either proposal before consulting with our executive committee.

"Of course, while I believe that more efficient work could be done by one central organization, probably having its national headquarters in Chicago, I did not approve of the methods that were resorted to in the effort to force the Western society into the new order. I am opposed to the means that were employed."

The Rev. Mr. Ferry has had several conferences with members of the executive committee of the Girl Guides of America, and it was decided to go ahead with the organization, independent of other societies.

"We have received advices through H. P. Wood, secretary of the Hawaii promotion committee, that Mrs. Frear, wife of the Governor Hawaii is interested in the movement and expects to organize several patrols at Honolulu and other cities in the territory," the Rev. Mr. Ferry announced. "I also have letters from hundreds of cities and the Central, Middle Western, Southern and Pacific states that several provinces in the Dominion of Canada intimating they are ready to join movement."

Beef Prices High.

New York, Sept. 2.—Dealers in Washington market today agreed that the price of beef to the wholesale and retailer is higher now than at any time since the civil war, with the exception of about one week during the great railroad strike in 1894. Prices have again been advanced from one half to three cents.

AT THE PICTURE SHOWS

The Orpheum.

Pendleton's favorite picture theater offers excellent program for Sunday and Monday.

1. "The Indian Maid's Sacrifice." Kalem. A story of California mission days. This story is founded upon an early legend of San Luis Rey mission told by the Indians of Paula.

The exterior shows the mission as it stands today. While the interior is an exact replica even to the reproduction of the crude Indian designs and paintings on the wall. The scenes about the old Spanish house were taken at Gunga Ranchero, an old Spanish home about four miles from the mission. This old house is one of the historical landmarks of southern California and has been in the hands of the original family from the time it was built to the present day. Part of the Indians used in this production are the direct descendants from the original Hatellja Indians.

2. "The Mother." Selig. The home of a lonely widow is visited by gossipy neighbors, conveying the sad news of the conviction of her only son on a charge of murder. The devotion of a mother's undying love for her boy and determination not to desert him in the hour of need is aroused. She hastens to the governor and intercedes but of no avail. The death warrant is read and all preparations for the execution made, when the governor receives a telegram that the real murderer has made a confession. He is out of order and a human life is at stake. The governor's daughter makes a wild ride and reaches the prison just in time with the reprieve. A most absorbing and interesting story.

3. "A General Strike." Gaumont. The locksmiths go on a strike. Milkmen and bakers join in sympathy—food supplies run low—rich leave city—mothers apply at labor headquarters for food. Committee decides milkmen must return to work—other allied trades join strikers—unions though strong, arbitrate—peace with honor.

4. "A Raging Sea." Gaumont. The grandeur of the sea in one of its wilder moods, is vividly portrayed.

5. "The Long Skirt." Vitagraph. The transformation of a tomboy. A happy, thoughtless girl affects a woman's dress and assumes a woman's place. Be young as long as you can. You will be old soon enough. Don't try to put an old head on young shoulders. See this picture and learn what it means to be young.

The Cosy.

An exciting war drama, a great western, two delightful stories of heart interest and a "Bill" comedy for Friday and Saturday.

"A Southern Girl's Heroism." Champion. A stirring war drama of '61. Captain Wendell, a union officer, was in love with Daisy, the daughter of a confederate colonel, but was ordered from the house. Later, in a fierce battle the colonel was wounded and taken to Captain Wendell's tent. A month later the colonel and his men followed the captain and captured him as he was calling on Daisy and he was sentenced to be shot. Daisy and her faithful negro maid went to the guard house, chloroformed the guard and after putting

the captain's uniform on the negro, escaped. The maid was led out to be shot and the deception was discovered and the union forces coming up captured the confederates.

"The Outlaws Trail" American. Jim, a captain of the rangers, while searching for Winter's outlaw band, met Bonnie, Winter's daughter. Not knowing who she was, they soon fell in love but learning he was an officer she warned her father and he was captured and was to be lynched. Bonnie got the sheriff and his posse, who rescued Jim. Winter was killed in the fight and Jim married Bonnie.

"The Two Mothers." Reliance. Belle, governess of little Marjorie, daughter of a wealthy family, met George, their son, and the two were secretly married. Belle, being discovered making baby clothes, is sent away and George is forbidden to see her. Little Marjorie died and when George and Belle came in and placed their little child in Mrs. Lorimer's arms she forgave them.

"One Good Turn Deserves Another." Lux. Mr. and Mrs. Martin took Mary, their little niece, into their home and cared for her thinking she was poor and friendless. But when Mr. Martin was on the verge of ruin Mary informed them that she was rich and was only testing their love.

"Plucky Bill." Lux. Another great comedy starring the funny little comedian "Bill." You know just how funny "Bill" is if you saw our last change. Come in and see him again today.

"BETTER GOODS FOR LESS MONEY."

"The Battle of Bunker Hill." Edison. An interesting story embodying the above celebrated battle. "This was the first regular battle between the British and the Americans and to the latter their defeat, if defeat it might be called, had the effect of a triumph." Washington Irving.

Cast: George Washington, Commander in Chief, Mable Trunnelle, his bride, Colonel William Prescott, Guy Coombs Jack, a Continental officer Frank McGlynn Charles Ogle.

"The Round-Up at Dawn." Kalem. A western comedy with real humor. The girls and men who play this picture were happily chosen. The sole object of the picture is fun. Each scene lives by its self on its humor, so to speak. The boys were having so much fun with the girls at the big barbecue that they would not start out at once to herd the cattle that had broken through the ranch fence. They decide to round the cattle at dawn, but the girls, for a prank, slip into the bunk house and steal the boys' clothes, dress up in them and leave their own skirts. The girls ride out and do the rounding up. On the arrival of the boys the girls laughingly retort: "You are too slow to catch a girl, how could you catch a cow?"

"A Passing Fancy." Klein. This society drama introduces a number of interesting scenes at a hunting meet in Europe. The out of door scenes showing the hunting party, the large pack of dogs and the deer in full flight is of especial interest.

"Flowers and Plants in Winter." A beautifully colored film.

"The Two Mothers." Reliance. Belle, governess of little Marjorie, daughter of a wealthy family, met George, their son, and the two were secretly married. Belle, being discovered making baby clothes, is sent away and George is forbidden to see her.
