### STUDY OF INSECT PESTS.

#### Agricultural College Establishes New Laboratory for Economic Entomology.

Oregon Agricultural College, Corvallis, Ore.—The first laboratory devoted entirely to research in economic entomology to be established in any American college is that just created at the Oregon Agricultural College with Victor I. Safo as assistant professor in charge, and Dr. H. E. Ewing from Cornell as his assistant.

The work of this laboratory will deal exclusively with research problems in entomology. The more intricate problems that require very close investigation connected with insect pests and insecticide will receive the attention of the laboratory experts.

Perry is the attorney for the plaintiff.

### Bridge Being Floored.

The work of putting in the concrete flooring to the new Main street bridge was begun yesterday morning and it is being pushed rapidly. It will probably take another day or so to complete the pouring of the concrete, after which a week or ten days will be required for drying and setting.

### Tracy Baker is Back.

Tracy Baker, the Pendleton boy and ex-University of Washington athlete who was taken from college by the Boston Red Sox, arrived in Pendleton on No. 17 this afternoon and will go on to Vancouver, B. C., Saturday to the Northwest team of which city he has been "farmed out."

### Lester Swaggart is Back.

Lester Swaggart, who left for New York about a month ago on what his friends thought would be his last trip, for the purpose of securing expert treatment for a malignant growth, arrived back in Pendleton today and declares he is a cured man. When he left this city he did so on a cot but he stepped from the train this morning and walked to the home of his sister, Mrs. C. S. Wheeler.

### Three Marriage Licenses.

Fair time is proving to be a profitable time for one Dan Cupid. Two marriage licenses were issued yesterday afternoon and one this morning. Those yesterday were secured by Charles Edward Heard and Annie Margaret Tullis of Pendleton, and by Lloyd J. Critchlow of Durkee, Baker county, and Mary Tucker of Weston, Arthur Holde of Denver and Eunice Barnard of this county took out the one this morning.

### Breithaupt Promoted.

Leroy Breithaupt, who had charge of the course in agriculture at the Pendleton high school last year, has been made superintendent of the newly established experiment station at Burns, Harney county. The new station was authorized by the last session of the legislature and it was located last long since by President Weatherford of the agricultural college regents and members of a special committee named for the purpose. The experiment station is to be conducted jointly by the state and federal governments and Breithaupt will have active charge.

### Busy Time in Police Court.

The festive spirit is providing the justice mill with a good grist. Acting Police Judge Halley sat late at his desk last night and held another long session this morning. Albert Dupuis and Micky Madden, who were arrested several days ago on charges of disorderly conduct, stood trial last night and were found guilty. The former was fined \$7.50 and the latter \$15, both of which sums were paid. Harry Hart (not the dog catcher) three for being drunk. Ike Parr, the veteran offender five days on the same charge and W. H. Mason, Wild Bill and Thomas Herberg three days apiece for the same offense. L. H. Lagary and E. J. Bell were charged with being drunk and pleaded not guilty and will be given trials this afternoon. John Phillips and Harry Hoffman, two cowboys who forgot that Pendleton is not a real frontier town to the extent that they rode up and down Main street in a disorderly manner, were forced to pay five dollars apiece for their lapse of memory and decorum.

### SEATTLE MAY TAKE OVER TROUBLESOME CAR LINE

Seattle, Wash., Sept. 12.—The city council is now planning to eliminate all future troubles with the Seattle-Renton and Southern Interurban company, against which the Rainier valley people made a winning fight by condemning the road and buying it. An ordinance to this effect has already been introduced.

### WOMAN MAKES BURGLAR GIVE BACK STOLEN GOODS

Oakland, Calif., Sept. 12.—Detectives here are in possession of a white mask and today are searching for a burglar who stole \$1000 worth of jewelry from the residence of Dr. R. H. Carter, only to have it taken from them by Carter's wife, in a hand to hand struggle.

### Heavy Hail Storm.

Portland, Ore., Sept. 12.—The southern part of the Willamette valley was yesterday visited by the most violent hail storm in several years. Hail fell to a depth of two inches in the streets of Eugene.

### M'NAMARA TRIAL MAY BE POSTPONED

Los Angeles, Sept. 12.—While the trial of John J. and James McNameama, alleged dynamiters, is set for October 11, it is possible it will be postponed. An election will be held that date it is a legal holiday. Constitutional amendments will be voted on in California and October 12 is Columbus day, another holiday, giving the trial but one day to run.

### CYCLONE DAMAGES TOWN AND INJURES SIXTY

Cadillac, Mich., Sept. 12.—Thirty persons were injured, six seriously, sixty dwellings and business houses were leveled and property was damaged to the extent of more than half a million dollars by a cyclone, which struck the town of Hobart last night according to delayed advices received this afternoon. Louis Wezel and three members of his family were buried in the debris of the post office and probably will die.

### REPLY OF FRANCE READY FOR GERMANY

Paris, France, Sept. 12.—The reply which the French government will in all likelihood make to the counter proposals which were made by Germany, in the efforts to reach an agreement before the cabinet today for approval. It is generally believed that the proposals of Germany were not accepted by the authorities who framed the answer. It is said that while the document is written in conciliatory tones, it is none the less firm.

### Fails for \$3,000,000.

New York, Sept. 12.—Suspension of the brokerage firm of Vanschaik and company was announced today on the stock exchange. Liabilities are given at more than three million dollars. William Jackson, who was recently murdered by a bellboy, Paul Geidel, was formerly cashier of the firm. ### King George in Bad.

London, Sept. 12.—The decision of King George to hold Durbar, in India, in connection with his coronation, despite the famine which is growing worse daily, is making him more unpopular. London newspapers, which usually hesitate in criticizing the king, now censure him for his determination to spend \$10,000,000 while thousands starve.

### CHOICES A HUSBAND OUT OF A HUNDRED

Boston, Mass.—Miss Lena Leavitt, a West End girl, has received within a short time more than 100 proposals of marriage, all due to her procuring her right to choose for herself when it came time to pick a life partner. Her views found immediate response in the hearts of a great number of swains, who deluged her with marriage proposals.

### CHALLENGE IGNORED, WOMAN SLAPS EDITOR'S FACE

Jarvis—Although Miss Arria Ly, who challenged M. Prudent Massat to a duel because of an editorial in Massat's paper which attacked her suffragette views, has retaliated by slapping Massat's face in public, there will be no meeting on the field of honor. M. Massat was the speaker at a mass meeting called to protest against Miss Ly's views that single blessedness is best for women. Miss Ly did not like M. Massat's remarks so she slapped him and was contained before the police, but quickly released on M. Massat's plea. M. Massat a few days ago refused to fight Miss Ly with pistols.

### 24 POISONED BY TOADSTOOLS.

Girl is Dead and Others in Critical Condition Following Feast.

New York.—Angeline de Salvo, a five year old girl, is dead and seven other persons are in a critical condition as a result of a birthday feast given in her honor in which twenty-four persons ate toadstools in mistake for mushrooms. A physician found the eight persons in convulsions and apparently at death's door, when called today. The dead girl's mother and three sisters are not expected to survive. A search is being made for the other seven persons known to have eaten the fungi.

### The success of one may mean the failure of many.

STOP THAT DANDRUFF before it kills your hair. You know dandruff is a germ disease and it leads slowly and surely to baldness and there is only one way to cure dandruff and that is to kill the germ that causes the trouble.

Greasy salves will never do this. ZEMO and ZEMO SOAP kills the germ and are guarantee to cure dandruff, itching scalp and all other germ diseases of the skin and scalp.

ZEMO and ZEMO SOAP are the true scientific remedies for these afflictions. To show our faith in ZEMO and ZEMO SOAP we have instructed the druggist selling them to refund your money if you are not satisfied with the results from the very first bottle and the first cake of soap.

We can afford to make this offer because one bottle of Zemo and one cake of soap are sufficient to show their healing qualities and if used according to directions, they will effect a permanent cure.

Sold by druggists everywhere and in Pendleton by Pendleton Drug Co.
