The wise guy never jolts a horner's nest to find out what's in it,

How often one hears the expresion, "She is gray and beginning to look old." It is true that gray hair usually denotes age and is always associated with age. You never hear one referred to as having gray hair and looking young.

The hair is generally the index of ige. If your hair is gray, you can't blame your friends for referring to you as looking old. You can't retain a youthful appearance if you allow your hair to grow gray. Many persons of middle age jeopardize their future simply by allowing the gray hair to become manifest. If your hair has become faided or gray, try Wyeth's Sage and Sulphur Hair Remedy, a preparation which a chemist by the name of Wyeth devised a few years ago. It is simple, inexpensive and practical, and will banish the gray hairs in a few days. It is also guaranteed to remove dandruff and promote the growth of the bair. It is a pleasant dressing for the hair, and after using it a few days itching and dryness of the scalp entirely disappear.

This preparation is offered to the public at fifty cents a bottle, and is ecommended and sold by all drugIS THE BUSIEST PLACE IN TOWN
