### UMATILLA PROJECT YIELDS HEAVILY

PRODUCTS TOWER OVER AVERAGE FOR STATE

Reduced to Actual Figures, Comparison Shows Western Part of This County to be Garden Spot of Oregon and Most Productive.

(Special Correspondence.)  
Hermiston, Ore., Sept. 13.—Few people take time to investigate official crop records of Oregon, and the Northwest, and especially to compare them with what is being done in this section of the country and on the Umatilla project. A few interesting items from the 1910 crop report follow:

Average wheat yield for the state 17.93 bushels. Average price 87 cents. Returns of \$15.33 per acre.  
Average timothy yields 1,673 tons at \$16.76 per ton, \$16 per acre.  
Average alfalfa yield 3,117 tons, at \$8.73 per ton, or \$27.21 per acre.  
Average yield of potatoes 109 bushels at 42 cents or \$45.87 per acre.

Comparing the above with what is being done on the Umatilla project is interesting. Wheat is only raised for a cover crop, and no tests have been made by threshing. Farmers have only experimented with timothy.

Alfalfa is grown here in large quantities, and of extra good quality, nearly every farmer having a small acreage, while some have devoted their entire acreage to its culture. The average yield in the state is 3,117 tons. Here the yield averaged 7 tons and at the price given the average profit per acre is \$61.11, or a little more than double the average for the state.

On potatoes the comparison is even greater. The average for the state is \$46.87. Here on the project figures obtained from farmers place the returns at an average of \$140 per acre. This shows profits three times greater than the state average.

One might go right down the list and take everything grown on the project and compare it with the average yield of the state, and in every instance a good substantial increase could be shown over the figures from official crop records. And this would not only apply to the state of Oregon alone, but to the entire United States.

Dr. C. W. Cropp is here from Walla Walla spending several days visiting at the home of his daughter Mrs. C. H. Uphregrave and family. Dr. Cropp has just returned from a three months' trip in northern Idaho where he is interested in a gold mine, from here he goes to Castle Rock where he has a 200 acre alfalfa ranch.

Henry Sommerer and R. R. Lewis are in Pendleton this week looking after the Hermiston collection of exhibits for the county fair. Mr. Sommerer has charge of the booth for the Farmers' Union and by the looks of the specimens he shipped they will have a fine showing from the Umatilla project.

In Saturday's issue of the Hermiston Herald appeared the announcement of the opening of the Project Drug company's new store. The store is located in the same building with the Jewelers store. The rooms have been remodeled and everything will be installed for the opening Saturday, September 16th.

Dr. M. V. Turley reports several new settlers over Sunday. To Mr. and Mrs. Char. Nelding a ten pound boy and to Mr. and Mrs. W. F. Brown a boy.

Rev. I. S. Leonard of Harrington, Washington has been placed in charge of the Baptist pulpit here. Rev. Leonard's family has not arrived yet, but will be here during the next week. They will occupy the Yates cottage on Gladys avenue.

### WOMAN CRAZED BY BEATTIE TRIAL TRIES TO KILL SELF

Reads That Beulah Binford May Again be Arrested and Attempts Suicide Three Times—Will Recover.  
Pensacola, Fla.—A newspaper story telling of a chance that Beulah Binford might be prosecuted as an accessory in the Beattie murder case is declared to have driven Mrs. Laura Sullivan to suicidal despondency late last night.

First she drank kudanum. This was pumped from her stomach. Then she slashed herself in the side and head. The knife was taken away from her before she inflicted fatal wounds. During the night she obtained a pistol and tried to shoot herself. A severe scalp wound was the most serious result.

After her last wound had been dressed Mrs. Sullivan said she would attempt suicide no more. She declared she was all right so far as mental balance goes till she read there was a chance of Beulah Binford might be prosecuted.

### S.S.S. FOR SCROFULA NATURE'S PERFECT CURE

Swollen glands about the neck, weak eyes, running sores and abscesses, pale, waxy complexions and frail, poorly developed systems, are the most usual ways in which Scrofula is manifested. In some cases the blood is so filled with the scrofulous germs that from birth the disease shows its presence. In other cases it is held in check during young, vigorous life, but when the system begins to weaken, especially after a spell of sickness, the disease will often manifest itself in some form. S. S. S. is Nature's perfect cure for Scrofula, made entirely of healthful roots, herbs and barks, a perfectly safe medicine for young or old. S. S. S. goes into the circulation, and drives out all scrofulous matter, and supplies the blood with the healthful, vigorous qualities it is in need of. In this way it builds up weak, delicate persons and makes them strong and healthy. S. S. S. cures Scrofula because it is the most perfect of all blood purifiers. Book on the Blood and medical advice free. S. S. S. is for sale at drug stores.

**Pave Streets at Pasco.**  
Pasco, Wash.—The paving of Clark street is moving on rapidly, the stretch from Fifth street to Tacoma avenue having the base of concrete. On top of this a wearing course of bitulithic two inches in depth will be placed. With the completion of Clark street Pasco will have 12 blocks of streets paved.

**Funeral Services of T. Ford.**  
Milton, Ore.—The funeral services of T. Ford, who lives a mile out of Milton, took place from the Methodist Episcopal church, south, and the body was shipped to Belgrade, Mont. Mr. Ford came to Milton two years ago for his health, having suffered with tuberculosis since he was 18 years of age. About two weeks ago he was operated on for that dread disease in

St. Mary's hospital, Walla Walla, but died at his home on Thursday evening. He was born in Sullivan county, Tennessee, May 26, 1863, and was married in 1875. He is survived by his wife and two children, who will return to Montana.

**Arrests Farmer Near Glade.**  
Pasco, Wash.—Deputy Sheriff Edward Dennison will return from Glade where he has Fred Baumgardt under arrest at the request of the officers of Okanogan county. Baumgardt is accused of alleged horse stealing. He was arrested on his ranch about 14 miles from here.

**Pasco Boy Shoots Self in Foot.**

**Bruiise May Cost Girl's Eye.**  
Albion, Wash.—What is proving to be a serious accident happened to Chester Rice's little girl while playing with some children. She was thrown against a picket in a gate, bruising her eye. Inflammation has set in and it is feared that she will lose the sight of one eye.

**Minor Injured.**  
Mullan, Idaho.—Mikel Quirk, a miner, working in the Ryan slope of the Gold Hunter mine, met with a serious and probably fatal accident while he and his partner were barring down a bolder weighting nearly 10 tons. The rock fell from the hanging wall, striking Quirk, breaking his leg in two places and fracturing his skull. His chances for recovery are slight. He was immediately taken to the Providence hospital at Wallace.

**Combine Dayton Churches.**  
Dayton, Wash.—By the terms of the recent negotiations between the respective conferences of the Methodist Episcopal and the Methodist Episcopal South churches within this state, the Methodist church South of Day-

ton will be disbanded and its membership will be transferred to the Methodist Episcopal church of this city. The Methodist church South of Dayton has been in existence for more than 20 years. The Methodist church South at Covello, hitherto connected with Dayton, is also affected by this arrangement.

**A Dreadful Slight**  
to H. J. Barnum of Freeville, N. Y., was the fever sore that had plagued his life for years in spite of many remedies he tried.
