## SHE GAVE UP ALL HOPE

Physicians Failed To Help Mrs. Green, But She Finally Found Relief in Cardui.

Meets, Va.—Mrs. J. C. Green of this place, says: "I suffered with womanly troubles so that I could hardly sit up. Two of the best doctors in our town treated me, and I tried different medicines, until I gave up all hope of ever getting well."

One day, I decided to try some Cardui. It did so much for me that I ordered some more, and it cured me! Today, I feel as well as I ever did in my life.

The pains and the trouble are all gone. I feel like another person in every way. I wish every sufferer could know what Cardui will do for sick women."

A few doses of Cardui at the right time, will save many a big doctor bill, by preventing serious sickness. It tones up the nervous system, and helps make pale cheeks fresh and rosy. Thousands of weak women have been restored to health and happiness by using Cardui. Suppose you try it. It may be just the medicine you need.

## To Purchase Boston.

Washington, Sept. 13.—James R. McAleer, manager of the Washington Americans, has gone to Youngstown, Ohio, to complete financial arrangements that will enable him to close the deal for a portion of the stock of the Boston American league club next Thursday.

Negotiations some weeks ago fell through. It was said, because Mr. Taylor wanted to retain a block of stock in the club.

McAleer's contract with the Washington club expires in the fall of 1912 but the Washington owners, it is understood, will release him so that he may take up the Boston team. If the deal goes through, as now appears to be probable, the new manager for the Washington club, it is not unlikely, will be selected from the team.

## INDIAN TIMBER PUT ON MARKET

Washington, Sept. 13.—During the past four centuries the Indian has been deprived of nearly all of his land. Now the timber that is left on poor Leo's remaining lands is to be cut and sold.

The Indian bureau is putting on the market millions of dollars worth of Indian timber and timber lands, which can be obtained at a low price. Partly as a result of this, a revival of the conservation controversy in which Pinchot and Ballinger figured prominently is threatened. Solicitor McCabe of the agricultural department has had a hand in the latest developments.

Forest service and Indian bureau officials have agreed tentatively upon the joint sale. If the plan is carried out the forest service will sell its share of 600,000,000 feet of timber in the Sitgreaves forest, and the Indian bureau will dispose of its share in the Fort Apache reservation, both bureaus agreeing on the price, terms conditions and supervision.

Ten years will be allowed in which to cut the timber, and a year or two before that for building mills and logging roads. The scheme is said to be satisfactory to conservationists and involves also the sale of 275,000,000 feet of timber in Oregon, the property of the Klamath Indians, 7,500,000 feet belonging to the Indians on the Red Lake reservation, considerable quantities on Menominee reservation in Michigan, and the Fond du Lac reservation in Wisconsin.

## SOUTHERN STATES TO HAVE EXHIBIT IN CAPITOL.

Large Building Filled With Products for Benefit of Visitors.

Washington.—A new showplace, unique and instructive, will within a few weeks be added to the attractions of Washington. It will be a permanent exhibit of the natural resources and other advantages offered by the southern states to capitalists, home-seekers, laborers and others.

The enterprise will be under the patronage of the Southern Commercial congress. The design is to bring to the attention of a large portion of over 200,000 people visiting Washington every year a graphic presentation of what the South is doing and the opportunities for further development.

The exhibition will be installed in a spacious room, 48x110 ft., on the ground floor of the Southern building, a new skyscraper, two blocks from the White House and near other government buildings that are invariably visited by tourists. The display will be so arranged as to impress the casual visitor as well as to satisfy the inquiries of all who seriously seek information.

Mural decorations will be devoted to emphasizing the great points of leadership inherent in the South. These lines of leadership are:

Coast lines, navigable streams, water powers, distribution of rain fall, varieties of soil, growing hours for vegetation, wet lands, forests and minerals as related to rivers and the coast.

Sixteen great columns in the room will be set aside to emphasize the points of leadership. One column will be devoted to each of the sixteen states for which the Southern Commercial Congress exercises its activities. These are the states:

Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Maryland, Mississippi, Missouri, North Carolina, Oklahoma, South Carolina, Tennessee, Texas, Virginia and West Virginia.

Around these columns will be arranged

## COSTS MORE TO DIE THAN LIVE IN WASHINGTON

Washington, D. C.—The cost of dying exceeds the cost of living in the opinion reached by experts here and the average citizen must leave more for funeral expenses than was required of his ancestors.

Cemetery plots have gone up since 1900. The banding together of Washington's livery men, chief providers of hearses and funeral carriages, has

resulted in the advance of fifty cents per vehicle per cortage. And the new and elaborate styles of caskets have necessitated the payment of extra money by the heirs of him who desired to have himself tastefully interred.

The price of caskets has not advanced, but they are daily becoming more elaborate. They are mahogany caskets, the carving representing three months' work, and bronze affairs, weighing 600 pounds, to occupy the attention of a man who contemplates his demise. These range in cost from \$800 to \$2,000 each.

If going east, or west, or south, have tickets routed Northern Pacific Ry. Close connections at Pasco with all through trains. W. Adams, agent, Pendleton.
