PORTLAND AD CLUB MAKES BIG NOISE

Making the welkin ring with their songs and yells the Portland Ad club members left Pendleton people know they were around during the forenoon today. After arriving on their special train this morning and after breakfasting the Ad club formed an informal procession and made the rounds of the business section. At the East Oregonian office they gave vent to things like this:

Oh, Oh, Pendleton, fair Pendleton, We're here to meet you and to greet you. Oh, Oh, Pendleton, fair Pendleton, We wish you all luck. So—Let 'er Buck!

ROUN-D-UP. This is a fine town for you and me. Rah, rah, rah; Rah, rah, rah; Portland Ad Club That's who we are. What ho, what fun, what fun what ho. This is certainly a damn fine show. All the while.

They say that old Pendleton, she hain't got no style; She's style all the while, all the while. She's style all the while, all the while. For their parting song the following has been prepared:

So long, Pendleton Round-Up, we will miss you so; So long fellows, we certainly hate to go. For we'll all be longing for the Round-Up, oh Pendleton, So long, fellows, you certainly are not so slow.

Here's our hand, we greet you, oh you Pendleton; Take it, shake it, boys, for we like the fun; Round-Up it certainly is fine, Oh, boys, take us down the line; We like your town, we like your show, Pendleton.

We'll come again, as sure as rain in Oregon, Oh oh, don't fret, we won't forget. ROUN-D-UP. WELCOME WORDS TO WOMEN

Women who suffer with disorders peculiar to their sex should write to Dr. Pierce and receive free the advice of a physician of over 40 years' experience—a skilled and successful specialist in the diseases of women. Every letter of this sort has the most careful consideration and is regarded as sacredly confidential. Many sensitively modest women write fully to Dr. Pierce what they would shrink from telling to their local physician. The local physician is pretty sure to say that he cannot do anything without "an examination." Dr. Pierce holds that these distasteful examinations are generally needless, and that no woman, except in rare cases, should submit to them.

Dr. Pierce's treatment will cure you right in the privacy of your own home. His "Favorite Prescription" has cured hundreds of thousands, some of them the worst of cases.

It is the only medicine of its kind that is the product of a regularly graduated physician. The only one good enough that its makers dare to print its every ingredient on its outside wrapper. There's no secrecy. It will bear examination. No alcohol and no habit-forming drugs are found in it. Some unscrupulous medicine dealers may offer you a substitute. Don't take it. Don't trifle with your health. Write to World's Dispensary Medical Association, Dr. R. W. Pierce, President, Buffalo, N. Y.,—take the advice received and be well.
