MORE HOGS FOR CENTRAL OREGON, IS THE SLOGAN

Portland Company to Supply Stock for Bend Farmers

Portland. Ore -More hogs for cenral Oregon is the plan of Bend busi ss men and the First National bank of that place has arranged to purhase high grade sows from the midle west and place them with farmers that section of the country.

The Portland Union Stockyards ompany will have the stock purchasd and will deliver two or three carads at Bend about November 1, acting in conjunction with the Bend bank. The bank will sell the sows. preferably in lots not exceeding five o each farmer, and take the note of the purchaser at one year. Applica-tions will be considered in the order they are received and it is hoped to have them on file not lated than September 20.

The Hend bankers have issued a cirular letter containing this informason and they also state their belief n the future of the hog industry in hat section of the state. The followig statement was made:

"Central Oregon does not produce one hog where it should grow one hundred. For years Oregon has been paying the middle western states from hree to five million dollars annually

annually for hogs. Why? "Lack of development in some sec tions, but in central Oregon lack of transportation. The Oregon Trunk and Deschutes railroads promise to have trains running into Bend by November 1 1911. With trains running you can put hogs on the cars in the morning and the next morning they will be on the Portland market, which will consume, at fair prices, raised in this country. Why not raise hogs and keep some of this good Oregon money in Oregon,
