GERMANY FACES MONEY PANIC

Must Settle Moroccan Dispute In One Week Say French Financiers.

GERMAN BANKERS ADMIT THEIR DANGEROUS STATE

J. Pierpont Morgan Would Put Up Cash to Avert Chaos if Government Agrees to Accept French Proposals in Moroccan Situation.

Paris, Sept. 19.—Unless Germany settles her French differences before six o'clock next Tuesday she will be forced into a tight financial corner. This decision was reached after an all night session by a group of French financiers, presided over by Baron Rothschild, at Frankfurt, acting in behalf of German bankers who are badly scared. German four per cent bonds to the extent of 300,000,000 marks are due Monday. Most of these are held in France, where they had been placed by German banks, which admit they cannot make good. The latest German note, which arrived here today is said to be constitutory. If the notes are not taken up it would throw Germany into financial chaos. It is rumored that J. P. Morgan, the American money king, has agreed to furnish the necessary money to avert a possible panic in German financial circles provided the German government accepts Baron Rothschild's ultimatum, in regard to Germany's acceptance of the French note on terms in the Moroccan dispute.

PUBLIC PAYS TRUST TO BE PROSECUTED

New York, Sept. 19.—How the money trust makes the consumer "pay the freight" for fines levied upon it by the government when it is detected in customs frauds and other shenanigans, was set forth today by sugar brokers. They said the trust's profits for the coming year, following the arbitrary raise from \$3.75 per hundred pounds to \$7.25, will net the corporation \$40,000,000. Much of this will be used to wipe out the deficit in the trust's reserve, which was caused by government prosecutions and subsequent fines.

Wets Majority is Twenty.

Augusta, Maine, Sept. 19.—The "wets" won by a majority of twenty votes, according to complete official returns. The election repeals a constitutional amendment, which made the sale of liquor illegal throughout the state.

GRAND JURY CONSIDERS CASES OF SEATTLE MEN.

Seattle, Sept. 19.—Before the grand jury today at Tacoma, the case against nine Seattle men, charged with "conspiring to obstruct justice" as a result of Judge Hanford's injunction in the street car fight, will be presented for consideration and action. It is believed that all or at least a majority of the nine will be indicted.

Fleet for Ground Breaking.

Washington, D. C., Sept. 19.—The navy department today is in receipt of directions from President Taft to hold the Pacific fleet at San Francisco until after the fair ground breaking ceremonies are over.

Bank Wrecker Paroled.

Washington, D. C., Sept. 19.—A statement was made here today that John Walsh, the Chicago bank wrecker, will be paroled at Fort Leavenworth this week. Walsh's prison record is excellent. He will return to his family.

Rogers Resumes Tomorrow.

Middleton, N. Y., Sept. 19.—Aviator Rogers will resume his transcontinental flight tomorrow.

MARTIAL LAW FOR VIENNA.

Vienna, Sept. 19.—For the first time since the revolution of 1848, martial law was declared here today as a result of the riots due to the high cost of living. Following the riots last night, in which one was killed and one hundred wounded, one hundred and seventy-five arrests were made by the police.

SPAIN IS RENT BY RIOTING AND GENERAL STRIKE

Entire Nation Under Martial Law—Revolution Is Threatened

Madrid, Sept. 19.—Owing to continuous rioting, in which railroad tracks have been destroyed and bridges dynamited, probably by anarchists who are using the strikes to shield their activities, all constitutional guarantees were suspended today and nation-wide martial law declared. The strike situation throughout the kingdom is assuming alarming proportions and some think it foreshadows concerted efforts at revolution by the labor unions. Retaliating the laborites today voted a general strike, which will be declared soon. The revolutionists are advocating a general uprising.

SHOE MACHINE TRUST OFFICIALS INDICTED

Boston, Sept. 19.—Holding that six men, prominent in the management of the United Shoe Machinery company are criminally liable, as individuals under the anti-trust law, and alleging the illegal monopolization of interstate commerce in shoe machinery, the federal grand jury returned two indictments against them today. They are James Storow, president; E. J. Hurd, E. P. Howe, William Barber and G. W. Browne. The penalty is a heavy fine or imprisonment of both. The company manufacturers practically all machines used in the production of shoes which it leased but won't sell to shoemakers. This gives them virtual control of the shoe business.

STEEL MAGNATE BUYS DIPLOMATIC JOB

New York, Sept. 19.—Some astonishing diplomatic and political history is revealed here today in a boom for Dr. Hill, former American ambassador to Germany for the republican nomination for governor of New York next fall. It is alleged the gubernatorial nomination was promised Hill as sop for his removal. It is said the campaign needed money for the 1912 campaign, so it was necessary to give Lehmann, the steel magnate, the Berlin post in order that republican finances might be helped. Hill made a good ambassador.

Wild West Performers Leaving.

The city is rapidly losing its frontier aspect as the host of cowboys here for the Round-Up are leaving for their homes on the ranges and the ranches. "Buffalo" Vernon, champion of all bulldozers, will leave tomorrow for Spokane where he will give an exhibition of fancy roping at the Interstate fair and will then go on to Lewiston for a similar performance, following which he will board the train for New York to begin an engagement. Jason Stoney, J. E. Briscoe and the two Plancetts have already departed, as have the majority of the broncho busters. John Spain, champion rider and stage coach driver, his brother, Fred Spain, Hank McGrath and others of the party, left with their string of horses, including the notorious "Hot Foot" today, some of them going over the mountains to the Spain ranch in Umatilla county and others to Walla Walla for the fair.

Platzcoeder is Sued Again.

William Slusher, the well known sheepman, has commenced suit against the Farmers' Meat company recently closed by attachment to recover a balance of \$293.27 for livestock and meats alleged to have been furnished to the defendant company. Raley & Raley are attorneys for Mr. Slusher.

Two Assaulters Arrested.

C. Montgomery, a waiter formerly employed in the Boston restaurant, and who was arrested for hitting the Chinese cook over the head with a plate, is in the county jail, charged with assault, while William Picard is facing a similar charge, but is out under \$100 bail for assaulting his wife.

ASSASSIN'S KIN ARRESTED

Russian Authorities Use "Third Degree" on Relatives to Solve Stolypin Murder.

BELIEVE BOGROFF IS AN AGENT OF JEWS AND FINNS.

Kiev, Russia, Sept. 19.—Unable to learn who is behind Dimitri Bogroff, the lawyer who assassinated Premier Stolypin while the latter was seated in a theater with Czar Nicholas, government officials are today looking up and placing under arrest every known relative of the prisoner in every part of the country. In an effort to learn who or what is responsible for the murder, the authorities are putting the assassin's relatives through strenuous sessions of the "third degree," but as yet they have not given out any information that they may have secured by this method. The police believe that the murderer was the agent of a coalition of Jewish and Finnish opponents of the late premier. It has been reported that Bogroff may confess before many hours. He is said to be showing signs of weakening and it is believed that a full plot against the government may be revealed when he is finally forced to tell all in connection with his attack on Stolypin. Several thousand of troops are now on duty and are being held in readiness in anticipation of anti-Jewish riots and massacres which it is believed will develop out of the assassination.

MABEL WARNER IS RELEASED ON BOND

Mabel Young Warner, alleged maker of wills and who was indicted on a charge of forgery last week by the grand jury, yesterday afternoon pleaded not guilty to the charge and is now at liberty under \$2500 bonds, furnished by William Roesch and Herman Sahl. Her case has not been set for trial yet but will come up at the present session. The "will" under which Mrs. Warner was indicted was the fourth one and was signed by S. V. Knox and Lewis Ragle as witnesses. It was once declared valid by Circuit Judge, now supreme Judge Henry J. Bean, but was later held to be a forgery by the supreme court of the state. Attorney R. R. Johnson has been retained to defend Mrs. Warner.

Taylor Expelled.

Walla Walla, Wash., Sept. 19.—Lingering at death's door for several hours after the tragedy, attending physicians doing everything possible to save his life, Fred H. DeFamer, the local tailor who fired a bullet into his brain about 10 o'clock yesterday morning in a fit of despondency, died from the effects of the wound about 5 o'clock yesterday afternoon.

ORGIES OF INDIANS AND NEGROES GIVE FEDERAL AND CITY OFFICIALS BUSY TIME

As the result of the activities of federal officers in the city during the past few days, the police court has been an unusually busy place. Several Indians and several negroes have been arrested on various charges and they have all been brought before Judge Fitzgerald. On last Sunday night the officers raided the house owned by Elmer Searcy, a negro, on Cottonwood street, and came upon several of the inmates while they were smoking opium. Searcy, together with Alice Thomas and Nell Dempsey, two Spokane negro women, were arrested and charged with keeping an opium den and the two latter were convicted after a trial last evening. The man pleaded not guilty and will stand trial later.

Plenty of Evidence.

The two women loudly protested their innocence, but the evidence introduced against them was conclusive. When the room in which they were was entered, it was filled with the thin blue smoke of the dream drug, although the inmates had just been burning paper and rags to overcome the telltale odor. Unfortunately for them, an officer looking through a window saw this act and his evidence told against them at the trial.

DEFENSE ATTY. IN CONTEMPT

Must Face Charge Filed By Foreman Wier of Times Grand Jury.

RELEASED ON BOND UNTIL COURT HEARING

Accused of offering a bribe of five thousand dollars for absence of witness during trial of suspected dynamiters of newspaper plant. Los Angeles, Sept. 19.—Cited for contempt of court, on the strength of an affidavit, filed by Charles Wier, foreman of the grand jury, for refusing to answer questions, bearing on the Times dynamiting case, John Harrington, an attorney who is associated with the McNamara defense, is under \$1,000 bail today, for a hearing before Judge Bordwell. Wier's affidavit states that Harrington refused to answer questions bearing on charges, made by the prosecution that the prosecution's witnesses had been intimidated and tampered with. Foreman Wier says that Harrington refused to answer when asked if he had promised D. P. Ingersoll \$5,000 if the latter would procure the absence of his wife, Lena Ingersoll, a San Francisco lodging house keeper, from California during the McNamara trial.

DISTRICT FAIR DIPLOMAS ISSUED

W. M. McMahon, L. L. Berry and Clyde Broxson, all of Milton, the Furman Irrigation Project of Stanfield and Charles Ogilvy of Pilot Rock, are the first winners of diplomas in for exhibitors from the Morrow-Umatilla county fair. The practice of giving diplomas as well as premiums and ribbons was inaugurated at the fair just closed and will undoubtedly prove an added incentive to farmers over the two counties. W. M. McMahon was awarded the diploma for the best and largest display of fruit's grown by the exhibitor; L. L. Berry for the best and largest display of sheep or goat grown by the exhibitor; Clyde Broxson for a like display of wheat; the Furman Irrigation Project for the best and largest display of vegetables and Charles Ogilvy for the best and largest display of farm products grown by the exhibitor. The latter exhibit was one of the best in the pavilion proving as it did the great diversity of products which can be grown on one piece of ground. Fowler to Experiment. Colfax, Calif., Sept. 19.—Aviator Fowler will tomorrow make a trial flight in his rebuilt aeroplane and will probably resume his continental flight Thursday. Fog Prevents Flight. Corning, N. Y., Sept. 19.—A heavy fog prevented Aviator Ward from resuming his transcontinental flight today.

TRUST PICKETING FEDERAL JURIST TO LEAVE BENCH

Predicts Elimination of Old Lines, Also Temples of Justice

CHICAGO, SEPT. 19.—JUDGE PETER GROSCUP, OF THE UNITED STATES CIRCUIT COURT OF APPEALS, TODAY ANNOUNCED HIS INTENTION OF RESIGNING IN OCTOBER AND RESUMING HIS LAW PRACTICE.

He was formerly counsel for a number of big corporations and since he has been on the bench he has been bitterly attacked by the labor press and there has been much agitation against him. He said his family has counseled him to resign, so he could have more freedom as an individual citizen. He set aside the \$29,000,000 fine which was imposed on the Standard Oil company by Judge Landis. The judge said: "The world, politically, is trying to catch up with the changes so radically changed as to economic conditions. Next year the presidential election will, I believe, be lost on old lines and settlement for the future won't come through the courts but through the court of public opinion. I never expect to hold office again."

SENATOR BRISTOW DISAGREES WITH TAFT

Des Moines, Sept. 19.—Disagreeing with President Taft's opinion that the anti-trust law does not need amendment, United States Senator Cummins today said he believed the law should be amended. He said he was surprised to know that the president emphatically opposed any amendment. He continued: "Of course the interpretation of the Sherman law by the supreme court must be accepted as final. Whether the construction is sound or unsound, it will stand as the law laid down."

Charged With Forgery.

Vancouver, Wash., Sept. 19.—James King a well dressed and rather fine appearing young man, who claims to be prominently related in Buffalo, N. Y., was arrested here today on the charge of uttering a forged check for \$16.50 and securing money and a watch in exchange for it. King appears to be about 24 years old.

Millionaire Pitcher Dying.

San Francisco, Sept. 19.—Joseph Seitz, the millionaire pitcher of the Vaughn & Fraser baseball team is lying at the point of death here today as a result of being struck on the head with a pitched ball.

PRESIDENT INVADERS VIRGIN TERRITORY

Aboard President Taft's Special, Sault Ste. Marie, Sept. 19.—The first time a president of this country ever invaded the upper Michigan peninsula occurred today when President Taft crossed the Straits of Mackinac and started toward Soo. He addressed a crowd on the ferry, which took the train across the straits. For the second time since he started his tour, President Taft received a death message, when he was informed of Congressman Madigan's death. He telegraphed his condolences to the widow. The deaths have depressed the president.

Tacoma Has Blaze.

Tacoma, Sept. 19.—Fire of unknown origin yesterday morning destroyed the plant of the Calpenham Lumber company at Kapowit, Wash., with a loss of \$50,000. About 2,000,000 feet of lumber was consumed.

Denounces Court When Sentenced to Prison.

Tacoma, Sept. 19.—Convicted of kidnapping his own son and sentenced to five years in the penitentiary, H. G. Herold turned on Judge Clifford in court today after he had failed in a plea for mitigation and denounced the court bitterly until he was overpowered. He said: "You are railroadng me to the penitentiary and the prosecution has led and misrepresented me." He said the third degree was used to force his confession, previously given.

Carter Funeral Ceremonies Impressive.

Washington, Sept. 19.—Impressive funeral services over the remains of former Senator Carter were held today at St. Paul's Catholic church. Senator Bailey, ex-Senator Scott, Attorney General Galen, of Montana, Judge Hunt of the court of commerce, George Hamilton, Hannis Street and Frank Streeter were the honorary pallbearers.

ATTENDANCE AT SCHOOL HEAVY

Superintendent Not Yet Advised of Number But Book Sales are Many.

BUILDINGS CROWDED AND SHIFTING NECESSARY.

Accommodations at North Side and East End are insufficient to meet needs of those sections of city—133 in High School.

"The biggest school opening in the history of Pendleton," is the way the book stores of the city characterize the commencement of the regular fall term yesterday. White Supt. J. S. Landers has not secured all the figures of enrollment, because of the disorder attendant from changing of pupils from one school to another, all indications point to the verification of the above statement. Certainly the attendance this year will not fall under that of last. Because of technical flaws in the manner of procedure in the voting of bonds for a new high school with an addition to the Lincoln grade school building, much shifting about has been caused by reason of there being insufficient accommodations in the North Side school. Most of the students above the fifth grade were sent to the East End school and their arrival crowded the rooms of that school beyond its capacity and a re-transfer of many had to be made to the West End building. This shifting has prevented the securing of anything like definite figures on the attendance. The high school begins its term with an attendance of 133, which is larger than that of any year, and Principal Hampton expects that number to be swelled within the next few weeks by late beginners. The book stores yesterday were crowded to the doors by pupils of all sizes bent on purchasing the necessary school equipment.

THREE PRISONERS SENTENCED TO PEN

Three and possibly four men will take up their residence in the state penitentiary for an indeterminate length of time as the result of sentences just passed down by Circuit Judge G. W. Phelps. James Rilly, who was accused of stealing several suits from the Bowman hotel, pleaded guilty and asked to be sentenced immediately. The judge at once handed down a sentence of from one to seven years. J. O. Wyatt, the man who was discovered by Deputy Sheriff George Strand just after he had robbed his pal of \$170, pleaded guilty to the charge of larceny from a person and drew the same sentence as Rilly. James Sullivan was the third to draw this sentence when he pleaded guilty of stealing a suit from the Boston store. Dr. Patton, the Portland physician who passed bogus checks on the Tallman Drug company, was given from one to four years but is now making a desperate effort to save himself from prison by getting a parole and it is very possible that he will succeed.

New Testimony May Save Neck of Pryce.

Los Angeles, Sept. 19.—The defense of General Pryce, who is fighting extradition to Mexico on charges of murder, robbery, and arson scored heavily before United States Commissioner Van Dyke today when Silvio Blanco, the first witness, testified that Pryce's men were called rebels and that they carried the flag. This materially strengthened claims of the defense that the men under Pryce were recognized as organized belligerents.

Blanco Admitted that he Commanded Mexican Volunteers at the Battle of Tia Juana and said D. Cevallos, the Tia Juana post master, whom Pryce is alleged to have killed, was in Blanco's command.

Admitting Cevallos was armed shows that he was a combatant and that his death was the result of war, not of murder.

Maderista Army Meets Defeat.

Roma, Tex., Sept. 19.—Fifteen were left dead on the field and a score were wounded last night near Camargo, Mexico, when Magonists and Maderistas clashed. The Magonists whipped the Maderistas. There is great excitement along the border today as a result of the scrap.
