PREPARE ESTIMATES FOR DRAIN SYSTEM

STANFIELD PROJECT IS AGAIN GIVEN IMPETUS

New Project Town School Opens With Increased Attendance — Little Girl Falls and Sustains Broken Arm—Reception to Teachers.

(Special Correspondence.)
Stanfield, Ore., Sept. 22.—The board of directors of the drainage district held a meeting yesterday at which several matters of importance were considered. Estimates are being prepared and it is hoped to have data ready in a few days so that bids may be asked for as it is the desire of the board to commence work on the system at the earliest possible date. Under the present plan it is intended to use a covered ditch through the town and an open ditch beyond.

Recent visitors to the Furnish project at Stanfield are amazed at the progress that has been made in the way of improvements here and it is difficult for one to realize that the many thrifty young orchards to be seen at this place have been developed upon land that was covered with sage brush two or three years ago. At the Umatilla-Morrow county fair held recently at Pendleton the project at Stanfield was awarded 32 premiums, also a diploma for the best showing of vegetables, and another diploma for the best showing of fruits all grown here. Peaches were on exhibit that were grown on trees that were planted two years ago last spring on the Page place. Much surprise was expressed by visitors because of the display that was made by this district and many congratulations were extended. Quite a number of new families are coming here this fall from the middle west to make their homes here, several of them having previously purchased lands here.

The Stanfield schools were opened last Monday morning with an enrollment which indicates an increased attendance over last year. As the new stone building is not quite completed it was necessary to make temporary arrangements in order that there should be no delay in opening the school. For a few weeks some of the classes will meet in the Webster building on Main street. New furniture is ready to be placed in the school on completion of the new building. A reception to the teachers will be given this evening. The teachers employed for the ensuing year are T. D. Carruth, principal, Miss Minnie E. Baker, Miss Ione Applegate, Miss Chesick.

Ruth Hurd, the little daughter of Mr. and Mrs. G. L. Hurd, while playing yesterday, fell from a buggy and sustained a slight fracture of her arm. Dr. Reid was called and attended to the injury.

C. P. Bowman of Butter Creek, was in town yesterday and attended a meeting of the board of directors of the Bank of Stanfield.

Jesse Richards returned yesterday morning from a visit to Portland and other Coast cities.

R. N. Stanfield went to Pendleton yesterday after spending a few days looking after his numerous interests here.

Miss Stella McCullough, who spent last week at Pendleton during the Round-Up was a Stanfield visitor yesterday on her way to Portland where she is now making her home.

Mrs. J. A. Bamford who has been spending the past two weeks visiting here with her sister, Mrs. E. N. Wheeler, returned to her home in Portland this morning.

R. W. Fletcher, circulation manager for the East Oregonian, was a welcome visitor in Stanfield yesterday.

E. N. Wheeler returned yesterday from an extended visit to Ohio and other eastern states and reports that there is an increasing interest being shown by eastern people in the Pacific coast in general and in Oregon in particular.

Dr. Henry W. Coe was transacting business in Hermiston today.

Hon. W. J. Furnish is spending a few days in Portland looking after business.

NEGROES PLAN TO MOVE TO AFRICA

Race Friction Causes Them to Look for Homes in Land of Ancestors.
Oklahoma City, Okla.—Frenzied by continuous race troubles, most of the negro population of the southern part of Bryan county, Oklahoma, are making preparations to leave the state, and a considerable number have chosen the Republic of Liberia, Africa, as the promised land.

Race frictions have been particularly frequent and serious rioting, following the numerous recent attacks on white women in that part of the state and the burning of a negro at Durant several weeks ago, have aroused the whole negro population of the state.

Since then, relates Devoy Costner, a negro renter on a farm near the Colbert Ferry, Bryan county, the leader of the movement, many respectable negro families in that county have been subjected to embarrassing accusations by white men. Costner went to Denison, Texas, to organize and finance a movement to send a number of negro families to Liberia.

INDIGESTION IS ENDED FOREVER

NO SOURNESS, GAS OR DYSPEPSIA IN 5 MINUTES

A Little Diapepsin Now Will Make Your Out-of-order Stomach Feel Fine—Digests All Your Food, Leaving Nothing to Ferment and Sour.

Nothing will remain undigested or sour on your stomach if you will take a little Diapepsin occasionally. This powerful digestive and antacid, though harmless and pleasant as candy, will digest and prepare for assimilation into the blood all the food you can eat.

Eat what your stomach craves, without the slightest fear of indigestion or that you will be bothered with sour risings, belching, gas on stomach, heartburn, headaches from stomach, nausea, bad breath, water brash or a feeling like you had swallowed a lump of lead, or other disagreeable miseries. Should you be suffering now from any stomach disorder you can get relief within five minutes.

If you will get from your pharmacist a 50-cent case of Pape's Diapepsin you could always go to the table with a hearty appetite, and your meals would taste good, because you would know there would be no indigestion or sleepless nights or headache or stomach misery all the next day; and, besides, you would not need laxatives or liver pills to keep your stomach and bowels clean and fresh.

Pape's Diapepsin can be obtained from your druggist, and contains more than sufficient to thoroughly cure the worst case of indigestion or dyspepsia. There is nothing better for gas on the stomach or sour odors from the stomach or to cure a stomach headache.

You couldn't keep a handier or more useful article in the house.

Why?
"I'd rather have three sober men and a bottle of ink to start a movement," says a Nebraska philosopher, "than a hall full of people and a keg of beer."

Sound doctrine, but why bother the three sober men?—Chicago Record-Herald.
