

THAT AWFUL BACKACHE

Cured by Lydia E. Pinkham's Vegetable Compound

Morton's Gap, Kentucky.—"I suffered two years with female disorders, my health was very bad and I had a continual backache which was simply awful. I could not stand on my feet long enough to cook a meal's victuals without my back nearly killing me, and I would have such dragging sensations I could hardly bear it. I had soreness in each side, could not stand tight clothing, and was irregular. I was completely run down. On advice I took Lydia E. Pinkham's Vegetable Compound and Liver Pills and an enjoyable good health. It is now more than two years and I have not had an ache or pain since. I do all my own work, washing and everything, and never have the backache any more. I think your medicine is grand and I praise it to all my neighbors. If you think my testimony will help others who may publish it."—Mrs. OLLIE WOODALL, Morton's Gap, Kentucky.

Backache is a symptom of organic weakness or derangement. If you have backache don't neglect it. To get permanent relief you must reach the root of the trouble. Nothing we know of will do this so surely as Lydia E. Pinkham's Compound.

Write to Mrs. Pinkham, at Lynn, Mass., for special advice. Your letter will be absolutely confidential, and the advice free.

WHAT'S THE REASON?

Many Pendleton People in Poor Health Without Knowing the Cause.

There are scores of people who drag out a miserable existence without realizing the cause of their suffering. Day after day they are racked with backache and headache; suffer from nervousness, dizziness, weakness, languor and depression. Likely the kidneys have fallen behind in their work of filtering the blood and that is the root of the trouble. Look to your kidneys, assist them in their work—give them the help they need. You can use no better remedy than Doan's Kidney Pills.

Below is grateful testimony from a sufferer in this locality.

Mrs. Frank Pike, 191 Greenwood street, La Grande, Ore., says: "Doan's Kidney Pills were used in our family and proved very effective. The person who took this remedy had weak kidneys and suffered a great deal from backache. Stopping was difficult and sharp twinges often darted through the loins. Doan's Kidney Pills were used on a friend's advice and it did not take them long to bring relief."

Philadelphia 11, Detroit 5.
 Philadelphia, Sept. 27.—The American league championship for 1911 was decided here yesterday when Philadelphia defeated Detroit. It was the fourth time that a local team piloted by Connie Mack has won the pennant and the first time that Philadelphia has won the title in successive seasons. By repeating this year, Philadelphia earned the right to defend the title of world's champions, which it won last year in a series with the Chicago National league club.

Only Philadelphia and Detroit fought it out for leading honors in the American league this season. The latter got a flying start and on May 19 had a lead of 12 games over Philadelphia. From that date the locals gained ground and took the lead from Detroit on July 4. The next day New York defeated Philadelphia, and the latter dropped to second place. Detroit kept in front until August 4, when Mack's team for the second time jumped into first place. Since then Philadelphia never has been headed.

Score: R. H. E.
 Detroit 8 10 1
 Philadelphia 11 15 2
 Willett, Works and Stange; Coombs and Lapp.

Washington 8, Cleveland 2.
 Washington, Sept. 27.—Washington yesterday batted Mitchell out of the box in the third inning and easily defeated Cleveland. Swindell, who relieved him, pitched good ball for the remainder of the game.

AT THE OREGON THEATRE

"The Flower of the Ranch," which comes to the Oregon Theater Sunday, October 1, is a musical play in three acts, all of the scenes of which have been laid in the rugged west, with colorful and scenic settings of great beauty. The book, lyrics and music of the play have been written by Joseph E. Howard, composer of "The Time, the Place and the Girl," "The Honeymoon Trail," "A Stubborn Cinderella," "The Flirting Princess," "The Goddess of Liberty," and other successful musical comedies. There are more than a dozen swinging song successes in "The Flower of the Ranch," among them being "The Palomares and the Nightingale," a quality humorous and colorful ditty that tells a pretty story of a clothes line flirtation. The music is all in Howard's best vein and when it is remembered that this author has provided the music for so many successes something out of the ordinary may be expected.

LETTERS BRING ON DEATH.

Woman Bitten by Dog Dies Through Missives Detailing Hydrophobia.

Chicago.—Worry over scores of letters telling of the dangers of hydrophobia is said to be the indirect cause of the death of Mrs. Gertrude Ross, breeder of many famous dogs, at a hospital, after she had been bitten by one of her blood pets. Following the publication of the fact that she did not fear hydrophobia she began to receive letters from friends, and some from persons unknown to her, detailing the horrors of the malady. The contents of the lurid letters caused her to grow weaker and more nervous, until pneumonia ensued. When she was told that death was imminent Mrs. Ross expressed a last wish that her three favorite pets be chloroformed. Mrs. Ross is said to have won more prizes with her dogs than any other woman dog fancier.

Washington Tax Levy.

Olympia, Wash., Sept. 26.—The tax levy for the year, just announced, is 5.30 mills. This brings \$5,022,167 to the state treasury.

HERMISTON TO HAVE LYCEUM COURSE

(Special Correspondence.)
 Hermiston, Ore., Sept. 27.—C. B. McKinstry, cashier of the First National Bank of Sedgwick, Colo., spent several days here looking over the project and completing arrangements for setting a ten acre tract to fruit.

Mr. McKinstry was here eighteen months ago and purchased ten acres from S. E. Loudenslager. He notes great changes in and around Hermiston and was free in his statements in regard to the future prospects of the project. He formally lived in the West and has watched the great fruit districts come to the front. The Hermiston project is only a repetition of Yakima, Wenatchee, Hood River and other great districts in the Columbia River valley.

The first number of the Hermiston lyceum course will take place October 13th, when the Amstary Rectal company will render a musical program. This is the first of a series of four numbers secured for the season. The course costs \$500, and in order to secure this course it was necessary for the business men of Hermiston to guarantee this amount.

George H. Uphogrove was called east the first of the week by a telegram saying that his mother who has been living in Valparaiso, Indiana, was dying. It is hardly a year since he was called to his home by the death of his father.

Mr. and Mrs. Al E. Robb will leave this week for Dayton, Ohio, where Mr. Robb goes in the interests of the Maxwell Land and Irrigation company. They spent six months last year working in the territory and as a result a number of Dayton people will become settlers on the Umattila project in the near future. Two families have already located on their land.

C. Rice of the City Bank of Boone, Iowa, is spending several days looking over the Hermiston and Western Land company's projects. Mr. Rice is the owner of a tract of land under the Western Land company project.

C. Mix, of Portland, is here visiting his wife's parents, Mr. and Mrs. P. C. Holland. Mr. Mix is very much interested in irrigation and especially in lands located in the Columbia River valley.

OLD CASTLE FOR AMERICA.

Famous Tattershall Bought by Millionaire to be Moved to Long Island.

London.—It was reported that Tattershall Castle, in Lincolnshire, erected during the middle of the fifteenth century, has been purchased by an American millionaire to be pulled down and re-erected on Long Island. Tattershall Castle has been brought prominently to public notice because of the attempts which have been made to have the famous mantel pieces contained in it from being taken out of the country.

Tattershall Castle was erected by Lord Cromwell, Lord Treasurer to King Henry VI., about the years 1432-1443, and has been described as probably the finest specimen of medieval brickwork in the United Kingdom. The four fireplaces in the castle are remarkable for their beauty and heraldic interest, and give practically a history of the owners and builders of the castle from the earliest times.

Do the Right thing if you have Nasal Catarrh. Get Ely's Cream Balm at once. Don't touch the catarrh powders and snuffs, for they contain cocaine. Ely's Cream Balm releases the secretions that inflame the nasal passages and the throat, whereas medicines made with mercury merely dry up the secretions and leave you no better than you were. In a word Ely's Cream Balm is a real remedy, not a delusion. All druggists, 50 cents or mailed by Ely Brothers, 56 Warren street, New York.

Passengers to Portland can save money and at the same time have an enjoyable river ride by taking boat from The Dalles. Str. Bailey Gatzert leaves daily, except Friday and Sunday at 3:30 p. m., arrives in Portland 9:30. Fare \$1.00.

WASHINGTON D. C. HAS 17 MURDERERS

Washington, Sept. 27.—Cells in murderers' row in the District of Columbia jail are occupied by 17 persons convicted for or charged with taking human life. It is a record for Washington. The collection, however, is only one greater than was the case half a dozen years ago, when 16 murderers were at the same time lodged and fed under the roof of the prison.

Two of the present occupants of the row have been condemned to death. It means the gallows, congress not having adopted electrocution for the enforcement of the death penalty. One of the two marked for capital punishment is Mattie Lomax, a negro woman. The other is Arthur Johnson, also a negro, convicted for a brutal and wholly unprovoked murder of a blacksmith. Antonio Sacriani, sentenced to imprisonment for life is held at the jail awaiting the outcome of an appeal.

Other women tenants in the row awaiting action by the grand jury are Bessie Pendleton, Rachael Epps and Belle Mills.

An odd case is that of Colbert Jackson, who received a sentence of ninety days for assault. His victim was discharged from the hospital, but became worse, returned there and died. The charge against Jackson is now one of murder.

Still more unusual is the case of Charles Fletcher, a negro, who was partially tried on the charge of murder in the first degree. During his trial his actions were so suspicious that a lunacy commission investigated his case, reported him of unsound mind, and he was removed to the government hospital for the insane, where he remained three years. Last spring a plot was discovered to liberate the patients confined in Howard Hall, and Fletcher was said to be the ringleader of the conspiracy. He was re-examined and pronounced sane. Now he is in jail awaiting a reopening of the case.

FOR GRUBSTAKE HE WILL DIVIDE GOLD

Says He Knows Whereabouts of Cave in Which Great Treasure Is Hidden.

Oklahoma City.—J. J. Ayres, seventy years old, is here to get financial backing for search for a treasure of which he heard forty years ago in Fort Worth, and which he declares is buried in a cave somewhere in the old Indian Territory part of Oklahoma. He says he will undertake it himself provided some one will grubstake him for the journey. He says he knows the exact location of the treasure, and as he is an old man with but a few years to live he is willing to divide it with whoever will put up the necessary funds.

Ayres read in the Oklahoma recently of a search which Big Keyes, an Oklahoma Indian, has been making for money which he concealed in a cave more than eighty years ago and which he has never been able to locate. He believes that the gold for which he intends to search is the same treasure, and the story in the Oklahoma called to his mind an incident of more than forty years ago which led to his start on the search for the money.

Forty years ago he was in Fort Worth, he says, and at that time a trapper, whose name he has forgotten, frequently went there for supplies. The trapper was somewhat inclined to take too much whiskey aboard on his visits to the city, and was in the habit of leaving several gold coins with the dealer, from whom he purchased supplies before getting drunk, as he was afraid some one would steal them from him. The money was in gold, consisting of both Spanish and American pieces.

This went on for some time and the trapper finally told where the gold came from. He said that in the Indian territory, on the banks of a certain stream, there was a cave in which there was a large quantity of gold and silver, enough, he supposed, to fill three or four barrels. On each visit to the cave the trapper said he took away a few pieces of the coin.

Who put the money there the trapper never knew. He went on one of his long hunting and trapping trips eventually, and never returned. But he had told Ayres of the cave and explained to him how to find it. Ayres says he thought no more of the matter until he read the story in the Oklahoma recently, when he determined to search for the money. He says it will take \$50 or \$100 to outfit him for the trip, but that he will have no difficulty in finding the cave from the old trapper's directions. He also offers to take with him any persons who will put up the money for the trip, just to show that he is "on the level."

OLD-TIME REMEDY DARKENS THE HAIR

Gives Color, Lustre to Faded and Gray Hair—Dandruff Quickly Removed.

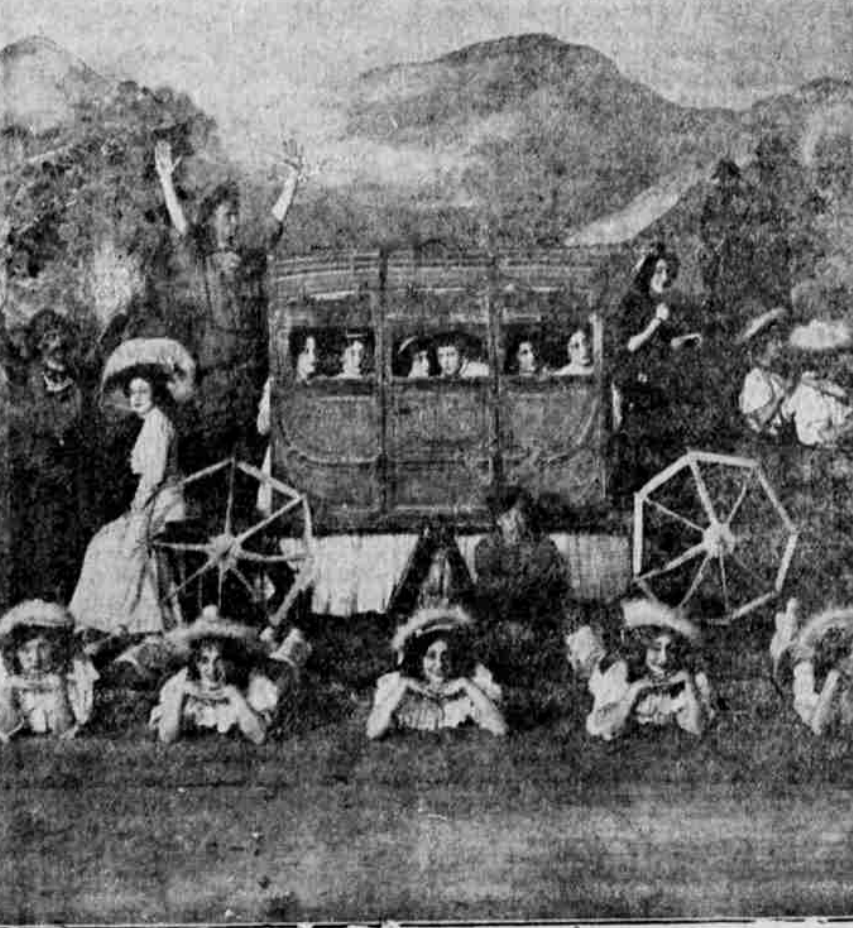

From time immemorial, sage and sulphur have been used for the hair and scalp. Almost everyone knows of the value of such a combination for darkening the hair, for curing dandruff, and falling hair, and for making the hair grow.

In olden times the only way to get a hair tonic of this sort was to brew it in the home fireplace, a method which was troublesome and not always satisfactory. Nowadays almost every up-to-date druggist can supply his patrons with a ready-to-use product skillfully compounded in perfectly equipped laboratories. The Wyeth Chemical company of New York put up an ideal remedy of this sort, called Wyeth's Sage and Sulphur Hair Remedy, and authorize druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

If you have dandruff, or if your hair is turning gray or coming out, don't delay, but get a bottle of this remedy today, and see what a few days' treatment will do for you.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by special agent, Pendleton Drug Co.
