

Facts for Weak Women

Nine-tenths of all the sickness of women is due to some derangement or disease of the organs distinctly feminine. Such sickness can be cured—is cured every day by

Dr. Pierce's Favorite Prescription

It Makes Weak Women Strong, Sick Women Well.

It acts directly on the organs affected and is at the same time a general restorative tonic for the whole system. It cures female complaint right in the privacy of home. It makes unnecessary the disagreeable questioning, examinations and local treatment so universally insisted upon by doctors, and so abhorrent to every modest woman.

We shall not particularize here as to the symptoms of those peculiar affections incident to women, but those wanting full information as to their symptoms and means of positive cure are referred to the People's Common Sense Medical Adviser—1008 pages, newly revised and up-to-date Edition, sent free on receipt of 21 one-cent stamps to cover cost of mailing only; or, in cloth binding for 31 stamps.

STANFIELD LADIES GIVE A SOCIAL

(Special Correspondence.) Stanfield, Ore., Oct. 5.—Yesterday evening the ladies of the Catholic church of Stanfield held a social at the residence of Mrs. P. H. Buchholz for the benefit of the church building fund. Several musical numbers were rendered, and refreshments were served, a very enjoyable evening being had by those who attended.

Walter W. Weir, the U. S. drainage engineer, with headquarters at North Yakima, is spending a few days here looking over the proposed drainage system at this point with a view to giving the district the benefit of his experience and knowledge in this line of work, which will materially assist those who are working on the proposition here.

County Assessor Strain has been working in this vicinity the past two or three days looking up tax matters. He returned to Pendleton last evening.

Hon. W. J. Furnish arrived here from Portland Monday morning and after attending business matters here took the evening train for Pendleton, going from there to Portland yesterday.

Dr. G. E. Watts of Portland, who has been here the past few days looking after his orchard interests, returned home yesterday.

County Commissioner Horace Walker was a motor passenger to the county seat yesterday morning.

Mrs. E. Lundwell and Mrs. T. O. Yates were Pendleton visitors yesterday.

Mrs. G. L. Dunning and daughter Eva returned Tuesday evening from a visit to North Yakima.

A. B. Thomson of Echo, was transacting business here yesterday.

F. A. Phelps of the Umatilla Storage & Commission company, with headquarters at Hermiston, was a visitor in Stanfield yesterday, looking after the business of their branch here.

J. E. Reeves went to Pendleton Monday evening to attend to jury duty.

Dr. Henry W. Coe was a Hermiston visitor Monday.

KANSAS DAIRYMAN ARRIVES.

Oregon Agricultural College Adds Another New Member to the Faculty.

Oregon Agricultural College, Corvallis, Ore.—E. R. Stockwell, of Havensville, Kans., a graduate of the Kansas Agricultural College last year has just been added to the faculty of the dairy school of the Oregon Agricultural College.

During the past summer Mr. Stockwell has been touring the dairy districts of Wisconsin, studying the methods of dairy husbandry in practice there. He was for a time at the College of Agriculture of the University of Wisconsin, and there joined a party of students under Prof. D. H. Otis in a field course in farm management. The party, which included two graduate students from South Carolina, two from Kansas, one from Wisconsin, two from Minnesota, and one from Ohio, made nomadic visits, dwelling in tents along the way, through the rich dairy district about Milwaukee, Waukesha, Oconomowoc, Rosendale, and Fort Atkinson, where they went through the Hoard's Dairyman plant.

You are not experimenting on yourself when you take Chamberlain's Cough Remedy for a cold as that preparation has won its great reputation and extensive sale by its remarkable cures of colds, and can always be depended upon. It is equally valuable for adults and children and may be given to young children with implicit confidence as it contains no harmful drug. Sold by all dealers.

GIVES WIFE TO ANOTHER.

Missouri Man Gets Divorce So She May Marry Rival.

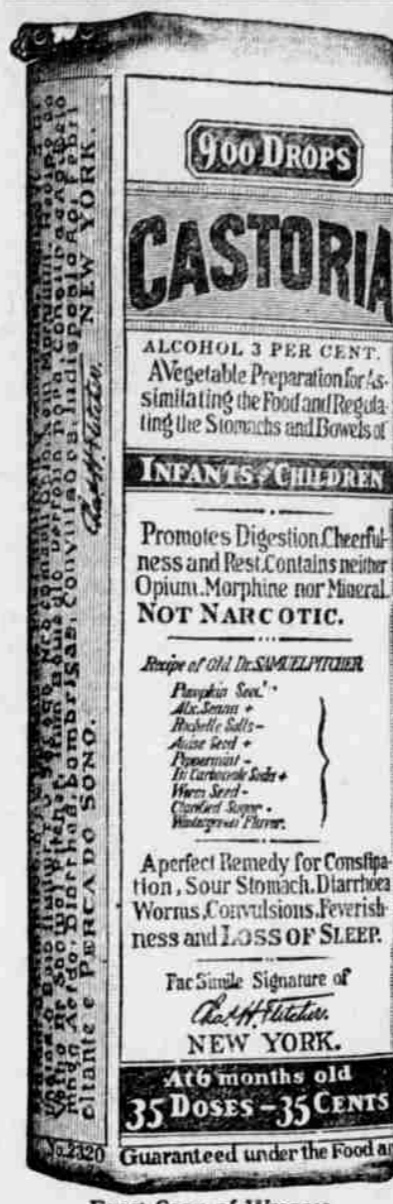

Kansas City, Mo.—Choosing between two sweethearts and marrying John P. Barnes, Nellie Barnes discovered when it was too late that she had made the wrong choice, for the sight of the cast off lover quickened her pulse and caused her to brood for the wrong she had done both men.

After living with Barnes for three years she told him of her mistake, and that she carried the picture of the other lover in her heart and could not drive it out. They separated and she went to Arkansas. Barnes was granted a divorce this morning by Judge W. O. Thomas.

"She was a good woman," he told the court. "It was her goodness that prompted her to tell me she still loved the other man and did not believe she was doing right in living with me. Of course I was unhappy at the thought of her leaving me, but I saw the situation as she saw it and agreed to her going."

Barnes is a driver for the Jones Dry Goods company.

Passengers to Portland can save money and at the same time have an enjoyable river ride by taking boat from The Dalles. Str. Bailey Gatzert leaves daily, except Friday and Sunday at 3:30 p. m., arrives in Portland 9:30. Fare \$1.00.

UMATILLA PROJECT MONTHLY REPORT

(Special Correspondence.)

Hermiston, Ore., Oct. 5.—The following is the monthly report issued by the United States reclamation service on the Umatilla project:

Weather conditions have been favorable throughout the month. The maximum temperature was 98 and the minimum was 47. Delivery of water was maintained throughout the entire month with little difficulty and few complaints. Ten thousand acre feet of water was turned from the reservoir into the distribution system and 500 acre-feet was diverted from the Umatilla river direct to the land through the old Maxwell ditch. The available storage in the Cold Springs reservoir at the close of the month was 18,599 acre-feet. During the month water right applications were made covering 13,299 acres of land. The third cutting of alfalfa has been made and a good yield was obtained. Office studies and computations in connection with the west extension were in progress. Test pit work was conducted at the proposed dam site and some diamond drill work was carried on at the proposed diversion site.

COWBOYS GREET TAFT ON REACHING CHEYENNE

Cheyenne, Wyo., Oct. 4.—Instead of the customary brass bands, President Taft was today greeted on his arrival in this city by the yells from the throats of one thousand cowpunchers from over Wyoming.

Soon after his arrival the president was escorted to Fort Russell which he inspected and later attended a wild west performance especially arranged for him, at Frontier park.

At the Capitol Avenue theater, the president addressed two thousand people and left at noon for Laramie.

Easy to Get Rid of Dandruff

Dandruff means that down near the roots of your hair there is a vast army of little invisible germs or microbes.

And this army never sleeps; it wages a war of destruction night and day. It destroys the nourishment that the hair must have in order to grow vigorously and abundantly.

PARISIAN SAGE now sold all over America will destroy these germs and at the same time furnish the hair roots with just the proper nourishment to make hair grow lustrous and luxuriant.

PARISIAN SAGE is guaranteed by Tallman Drug Co. to banish dandruff, stop falling hair and itching scalp or money back. It is a delightful hair dressing that wins instant favor with refined women. Sold for only 50 cents a large bottle by Tallman Drug Co. and druggists everywhere. Girl with Auburn hair on every carton and bottle.

JUST TO WISH HER LUCK.

Young Man Frightens a Nurse by Following Her.

New York.—Trained nurses, though often in the streets after dark and before dawn, rarely report annoyance or molestation. One of them, however, reported a circumstance that gave her concern for an hour or so.

She lived on the upper West Side. About 2 o'clock one morning she was summoned to a case in a New Jersey suburb for which she had been holding herself in readiness for some weeks. Leaving her home, she became conscious that she was being followed by a young man. Seating herself in the car on the way to the ferry, she found the youth seated opposite. At the end of the line the stranger caught up her suitcase, and despite her protestations carried it onto the ferry boat and set it down

before the seat she selected. He then raised his hat with the remark: "I hope you get there before the stork!" and strode away.

The nurse is wondering whether it was keen interest in amateur detective work that impelled him to pursue her. At all events, he guessed the object of her mission.

Neuralgia of the face, shoulder, hands or feet requires a powerful remedy that will penetrate the flesh. Ballard's Snow Liniment possesses that power. Rubbed in where the pain is felt is all that is necessary to relieve suffering and restore normal conditions. Price 25c, 50c and \$1.00 per bottle. Sold by A. C. Koepfen & Bros.
