### EXAMINATION FOR ASSISTANT FOREST RANGERS

Washington, D. C.—The civil service commission will hold an examination for assistant forest ranger on October 23-24, 1911. The U. S. department of agriculture estimates that 400 rangers will be needed during the field season of 1912. Assistant forest rangers are paid an entrance salary of \$1100 per annum.

The examination will be held at national forest headquarters in Alaska, Arizona, Arkansas, California, Colorado, Florida, Idaho, Kansas, Minnesota, Montana, Nebraska, Nevada, New Mexico, Oklahoma, Oregon, South Dakota, Utah, Washington and Wyoming. No examination will be held in Michigan.

The law requires that, when practicable, forest rangers must be qualified citizens of the state or territory in which the national forest on which they are appointed is situated. Since the list of local eligibles must be exhausted before eligibles residing in other states can be appointed, the chance of citizens of outside states who go to the national forest states and take the examination to secure an appointment is small.

The requirements and duties of forest rangers are thus described in "The Use Book," which contains the regulations and instructions for the use of the national forests:

"A ranger of any grade must be thoroughly sound and able-bodied, capable of enduring hardships and performing severe labor under trying conditions. He must be able to take care of himself and his horses remote from settlement and supplies. He must be able to build trails and cabins, ride, pack and deal tactfully with all classes of people. He must know something of land surveying, estimating and scaling timber, logging, trap laws, mining and the livestock business."

**Chicago, Oct. 5.—**The indifference of the Liverpool cables and no important crop changes made the market here a steady but unchanged affair from Tuesday's figures. The cash market was unchanged at nearly all quarters. The trade lapsed into dullness during the mid day. About the only news worth mentioning was a message from a grain man at Minneapolis, who claims that the best wheat growing sections of North Dakota say that half of the wheat is still in the shock. The market closed practically unchanged from Wednesday.

Primary movements for the day are as follows: Wheat receipts, 1,377,000 bushels against 983,000; corn, 474,000 against 654,000. Shipments: Wheat, 547,000 bushels against 426,000; corn, 481,000 against 466,000. Clearances of wheat and flour, 294,000; corn, 307,000.

## York & York Chinese Doctors CAN POSITIVELY CURE YOU

Those who are suffering from diseases which many other doctors have pronounced incurable, now have relief in sight. York & York, the famous Chinese doctors, are now located in Walla Walla. These men, after years of study and research in China, were granted diplomas by the Emperor, to pursue their practice of medicine.

For centuries the Chinese have been acknowledged leaders in the practice of medicine, and many wealthy people annually go to that country in search of relief for ailments which doctors of this country have pronounced incapable of permanent cure.

York & York use nothing but powerful roots and herbs of demonstrated medical value. These roots and herbs act gently on the system in direct contrast to medicines usually given. They can be consulted without cost. Those residing out of the city can send for symptom blanks and a free diagnosis will be given.

O. A. C. Reports Progress in Uncle Sam's Bureau of Education at Washington.

Oregon Agricultural College, Corvallis, Ore. — The annual report of Pres. W. J. Kerr of the Oregon agricultural college to the bureau of education at Washington this year contains many striking statements showing the rapid growth of the institution during the past biennium.

Chairs in highway engineering and in rural economics have been established, and the state legislature has increased the appropriation for maintenance or current expenses from \$80,000 to \$150,000 a year; appropriated \$60,000 for equipment, \$132,500 for buildings, \$10,000 for books for the library, \$25,000 for improvements and \$15,000 for repairs.

Additions to the equipment of the college for the two years have been made to the value of \$210,000, \$130,000 being for buildings, \$52,000 for apparatus and machinery, \$20,000 for land, \$4000 for livestock, and \$3100 for the library.

The total income of the college for a year was \$406,546.44, of which \$16,625.25 came from tuition and laboratory fees, \$2,739.00 from room rent in dormitories, \$11,022.88 from the federal land grant fund of 1862, \$45,000.00 from the Morrill and Nelson funds, \$20,000.00 from the Hatch and Adams experiment station funds, the three state appropriations of \$210,000 for increase of plant, \$65,000 for current expenses and \$13,725 for experiment station work. The college farm, gardens, dairy and shops yielded an income of \$5,433.21.

### YOUNG ELOPERS CAUGHT.

4000-Mile Chase by Detective After Mr. and Mrs. Charles Suydam.

New Haven, Conn.—Mr and Mrs. Charles Suydam of Spokane, Wash., youthful elopers, were caught here by Jimmy Reed, a detective of that city, who had traveled 4,000 miles to prevent their marriage if possible, and left here today for the Pacific coast.

The couple ran away from Spokane together and were married in Seattle. Reed reached that city shortly after they left and learned that they had gone to New York City for their honeymoon. They reached that city Friday and Reed located them, but learned they came here yesterday afternoon to see Yale's football game. He found them at the railroad station late last night on their way back to New York.

### FENCE ACTS AS CUSHIONED NET IN A THIRTY FOOT FALL.

Conshohocken, Pa.—Because chicken wire on the premises of Patrick Harkins saved William Rorick believes his baby's life was saved.

The child leaped from a third-story window to watch Harkins' chickens and pitched out.

In falling the child struck the top of the wire fence, and because of its sagging it acted as a net, and aside from bruises and a pair of black eyes the baby was not hurt. The fall was fully thirty feet.

### SAGGING WIRE SAVES BABY.

The Suydams were not arrested, but agreed to accompany Reed back to Spokane. Suydam's father is a multi-millionaire timber owner and railroad magnate.

### DRAG COW THROUGH SEWER.

Whole Neighborhood Turns Out to Rescue Bossy.

Brainard, Minn.—W. E. Lively's cow Spot fell into the plank sewer in the ravine north of the baseball park and the entire neighborhood dug two holes and fastened a rope around her and dragged her from her dangerous position after she had traveled 175 feet toward the river, crawling through a space 4x1-2 feet until she stuck fast in the mud and water.
