

### NEW WAREHOUSE FOR STANFIELD

(Special Correspondence.)  
 Stanfield, Ore., Oct. 7.—The Umanilla Storage and Commission company has just completed the purchase of a tract of land alongside the railroad track which has a frontage on the track of more than 200 feet, upon which they propose to erect a new warehouse and feed mill. It is the intention to begin work on the building between now and early spring so as to be ready for next season's business. This will be a very valuable addition to the business interests of Stanfield.

A camp equipment of the reclamation service of Hermiston has been moved from Cold Springs reservoir, near which considerable work has been done cementing weak places in the U. S. R. S. feed canal. The camp is being located at a point near the government ditch south of Stanfield, where work is to be commenced next Monday. The work to be done includes the cementing of a small portion of the feed canal which has caused considerable trouble in this vicinity during the past few months through the seepage from the ditch referred to.

The Stanfield Woman's Study club held its first bi-weekly meeting Thursday afternoon with Mrs. E. N. Wheeler.

### NOT SALTS, OIL OR PILLS BUT CASCARETS

The Millions of Cascareset Users Never Have Headache, Constipation, Biliousness or Sick Stomach.

It is more necessary that you keep your bowels, liver and stomach clean, pure and fresh than it is to keep the sewers and drainage of a large city free from obstruction.

Are you keeping clean inside with Cascarets—or merely forcing a passage every few days with salts, cathartic pills or castor oil? This is important.

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry out of the system the decomposed waste matter and poison in the intestines and bowels.

No odds how badly and upset you feel, a Cascareset tonight will straighten you out by morning. They work while you sleep. A 10-cent box from your druggist will keep your entire family feeling good for months. Don't forget the children—their little insides need a good, gentle cleansing, too.

Roll call was responded to by each member with a report of some important current event. Mrs. J. F. Bagan read a most interesting paper on the life and career of Henry W. Longfellow. Mrs. F. A. Baker followed with several poems of John G. Whittier and a brief outline of the history of his life. The study club is destined to become very popular among our ladies as it is their purpose during the coming winter to take up various topics that will be of great interest to all who participate.

Mrs. R. N. Stanfield spent the day here Thursday, returning to Pendleton on the evening train.

Dr. Henry W. Coe was a Pendleton visitor Thursday.

The ladies are to give a dance in Webster's hall this evening.

Prof. F. D. Caruth, the popular principal of the Stanfield public schools went to Pendleton yesterday evening to remain over Saturday and Sunday.

Walter W. Weir, the U. S. government drainage engineer who has been looking over drainage conditions in this vicinity during the past few days went to Pendleton yesterday afternoon and from there to Portland this morning. Mr. Weir plans to return here next week with a view to making further investigations of the drainage proposition.

Attorneys Lowell and Winter of Pendleton were Stanfield visitors yesterday.

E. N. Wheeler was a Pendleton visitor yesterday afternoon.

M. R. Ling, president of the Home Builders association, was transacting business in Echo yesterday.

### AIR TELEGRAPHY FOR WAR.

Navy Electricians Invent Device Abolishing Ground Wires.

Vallejo, Calif.—What is asserted to be the last word in aeroplane telegraphy will be tested shortly at the Mare Island yard, according to an announcement by Lieutenant R. M. Fawell of the navy. The invention, it is said, will revolutionize land and sea communication both for the navy and the army.

A model aeroplane is being constructed in the equipment shop. It will be installed on the cantilever crane at the building slip for the tests.

The apparatus is the invention of H. E. Merin and Y. S. Whitman, electricians aboard the cruiser West Virginia. It eliminates entirely the ground wire. This has been the chief handicap in attempting to utilize aeroplanes in the wireless service.

An old laborer was hurrying along a railway platform to catch a train when a porter suddenly collided with him, knocking him down. A gentleman happened to come along as he was slowly rising to his feet and said to him: "Ah my good man, is this the whisky again?" "No, yer honor," replied the old laborer; "it was the porter."

### NEWS OF THE NORTHWEST

**St. Maries Hunter is Killed.**  
 St. Maries, Idaho.—Ray Zeiglit, age 16, was accidentally killed while hunting with a companion. The gun was accidentally discharged. The bullet entered the left side, penetrating the heart.

**Woodmen Build La Grande Home.**  
 La Grande, Ore.—Woodmen of America met at the home of R. C. McClain, in the north part of the city and will build a house. Mr. McClain has had much sickness in his family and the 50 or more men will aid in completing his home free of charge.

**Bridegroom 80; Bride of 75.**  
 Colfax, Wash.—A marriage license was issued to E. D. Lake and Mrs. Clara Justy, both of Colfax. They will be married Sunday. Mr. Lake is 80 years old and the bride-to-be is accredited with 75 summers.

**New Hotel at Walla Walla.**  
 Walla Walla, Wash.—Furniture is now being put in the new Grand hotel, fire escapes being attached, and the work of finishing the building and making it ready for occupancy is drawing to a close. The hotel is being elaborately and newly furnished throughout its 125 rooms, bar, lobby and cafe.

**Finds Body on Snake Island.**  
 Page, Wash.—While walking over Fishhook Island, on Snake river, J. R. Klundt discovered a corpse, supposed to be the body of an Italian laborer who was drowned July 13. Coroner Murphy of Pasco was notified and pronounced death due from drowning. The body was buried on the island.

**Cub Lions Nursed by Terrier.**  
 Tacoma.—A stepmother, in the form of a thoroughbred English terrier, solved the problem confronting the Point Defiance zoo keeper as to how he could save the life of a baby lion, born Tuesday night. The mother lioness is too young to care for the whelp and when the creature failed to gain strength, through a medicine dropper, a foster mother was advertised for. Dr. Elwin Brown offered his aristocratic terrier, "Wildgrove Juneau Brown," which had given birth to a pair of thoroughbreds last Monday, and the foster mother promptly seized and ministered to the tiny jungle beast as if it were her own.

Lane back is one of the most common forms of muscular rheumatism. A few applications of Chamberlain's Liniment will give relief. For sale by all dealers.

### PREFERS DEATH OR A LIFE SENTENCE TO 30 DAY TERM

English Student at Northwestern University Makes Strange Demand When Arraigned for Borrowing Auto for Joy-Ride.

Chicago, Ill.—Death or a life sentence rather than a thirty day term in the county jail as a punishment for "borrowing" an automobile for joy riding purposes was the strange demand made by a young Englishman of Judge Newcomer.

James Burgess, a student at Northwestern university, was the exponent of the peculiar code of morals which are affected by the members of the vast colony of "remittance men" scattered about the English colonies and in the United States.

Burgess claims to be a member of an old and respected English family with high social standing. Each month Papa Burgess remits his "black sheep" son a remittance sufficient to keep him from soiling his hands with manual labor.

Getting ahead of his remittance and not owning an automobile, Burgess "borrowed" a machine of Charles Lumpkins, a garage owner, 3426 Indiana avenue, with whom he was forced to seek employment in order to keep alive until the remittance arrived. Taking a negro, Fred Dixon, to act as chauffeur, Burgess took a whirl over North Side roads in company with two pretty girls.

He was arrested on his return and, after hearing the evidence, Judge Newcomer announced that the two men should either pay a fine of \$200 or go to the bridewell for thirty days. "Make it a life sentence or else give me the death penalty, judge," pleaded Burgess with tears in his eyes. "I never could stand to go to jail and then come out and face my friends and family. It would disgrace my family and spoil my life forever. Don't send me to jail unless it's for life."

Judge Newcomer continued the case.

**Do the right thing if you have Nasal Catarrh.** Get Ely's Cream Balm at once. Don't touch the catarrh powders and snuffs, for they contain cocaine. Ely's Cream Balm releases the secretions that inflame the nasal passages and the throat, whereas medicines made with mercury merely dry up the secretions and leave you no better than you were. In a word Ely's Cream Balm is a real remedy, not a delusion. All druggists, 50 cents or mailed by Ely Brothers, 56 Warren street, New York.

You are not experimenting on yourself when you take Chamberlain's Cough Remedy for a cold as that preparation has won its great reputation and extensive sale by its remarkable cures of colds, and can always be depended upon. It is equally valuable for adults and children and may be given to young children with implicit confidence as it contains no harmful drug. Sold by all dealers.

### WESTON CITIZEN DIES SUDDENLY

(Special Correspondence.)  
 Weston, Ore., Oct. 7.—Mr. Mathew Gerking, a prominent resident of Weston, died suddenly Thursday afternoon. Mr. Gerking seemed to be in as good health as usual and was sitting in a barber shop joking, when he suddenly fell to the floor dead.

He was held in very high esteem in this community and formerly held the office of city marshal. He was a member of the Odd Fellows lodge. His sudden death is mourned by his wife and daughter, as well as his many friends.

Robert Jamieson of Walla Walla, president of the Farmers Bank of Weston, was in the city Thursday on business.

Hanger and Thompson, Walla Walla merchants, were in the city this week.

Mrs. Sim J. Culley of Weston was in Walla Walla this week visiting Mrs. Della Larson.

Claude Price was in Athena during the week on business.

Mr. and Mrs. Heury Pinkerton spent Friday visiting relatives in Athena.

Mr. and Mrs. Wray of Pendleton, were in Weston during the week on business.

Mrs. Ermy Davison is very ill at his home on Normal Heights.

The Ladies' band of Weston is going to Walla Walla Friday evening to remain over Saturday. They are going to play for President Taft on his tour through the west.

Mr. Joe Rainville of the reservation has sold his land in that district and has moved his family to the Nez Perce reservation in Idaho.

George Bodiefelt, a former resident of Weston made a visit to this city during the week.

Mrs. Joseph Wurzer and daughter, Anna, spent Saturday and Sunday in the Garden City.

### RICH LIQUOR CARGO IN RIVER.

South Dakotans Try to Raise \$45,000 Worth of Whisky Lost in 1868.

Elk Point, S. D.—A great deal of interest is being manifested in the recovery of the cargo of the old steamboat Leadora. In 1868 the Leadora caught fire and sank in the Missouri with a cargo of merchandise and whisky.

The boat is fifty rods north of the present course of the river and is four miles south of Elk Point.

There are supposed to be 100 barrels of old whisky in the hold of the boat, valued by the present owners at \$45,000. Cole Bros. of Alcester and E. E. Winner of this city are trying to raise the cargo.

Manufacture of palm leaf hats commenced in Massachusetts in 1826.

Gazette of Venice was the first Italian newspaper appearing in 1570.

### OSLER RIGHT; YOUTH SUCCEEDS AGE

Gray Hair is First Sign of Age—Harmless Remedy Restores to Natural Color.

Osler isn't the only man who turns down old age. In the business world the "young man" is always the one who picks the plums. It is an age of "new thought," "new talent," etc., and the old man is passed by in the race.

One of the first signs of coming age is the appearance of gray hairs. When you see them, act promptly. Wyeth's Sage and Sulphur Hair Remedy will correct this sign, which so often deceives people into thinking that age is really upon them. It is a well-known fact that Sage and Sulphur will darken the hair. Wyeth's Sage and Sulphur combines these old-time remedies with other agents, which remove dandruff and promote the growth of the hair.

The manufacturers of this remedy authorize the druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

Don't look old before your time. Get a bottle of Wyeth's Sage and Sulphur today and see what an improvement it will make in the appearance of your hair.

This preparation is offered to the public at fifty cents a bottle and is recommended and sold by special agent, Pendleton Drug Co.

## They Always Follow Me

As sung in GEO. M. COHAN'S Musical Frivolity

### "THE AMERICAN IDEA"

Words by WM. JEROME      Music by JEAN SCHWARTZ

*Marcia*

1. I've had a lot of trouble since I came to gay Par-  
 2. It's worth a trip a-cross the pond to see the way they

*Till ready.*

ee, With ti- the sell- ing French-men chas- ing wild- ly aft- er me, And  
 flirt, These Frenchmen rave at an- y noise that sounds just like a skirt; But

why they fol- low me a- round, I just can't un- der- stand, One  
 lit- the me is more than wise, ex- po- ri- enced, you see, And

of them grabbed me yes- ter- day and tried to kiss my hand,  
 to these brot- er counts I sing, "No wed- ding bells for me!"

CHORUS.

They al- ways fol- low me,..... they al- ways fol- low me,..... No mat- ter  
 where I chance to stray, They're aft- er me both night and  
 day, I'm turn- ing them a- way,..... with great di-  
 plo- ma- cy;..... These roam- ing, roam- ing, roam- ing,  
 Rom- o- os, Keep run- ning aft- er me. They al- ways me.....

D. S.
