Break Even.

Los Angeles Oct. 9.—Before crowds that aggregated more than 20,000, believed to be a record attendance at Coast League baseball games, Vernon and Portland split even yesterday in a double header, leaving the standing of the two clubs in the fight for the pennant practically unchanged.

The score at the morning game was 21 to 1, possibly another record, and the game was everything that the score indicates. Portland came back in the afternoon and despite the rioting of a crowd that ran over the bleachers, ropes and finally police guards, tamed the Tigers 17 to 5 in the second and last game of the day. It was estimated that more than 20,000 fans saw the contest. In a park that provides seating capacity for many thousands less that number, the crowd became unruly and the game delayed 25 minutes until a riot platoon of police arrived and drove

THROW OUT THE LINE.

Give Them Help and Many Pendleton People Will Be Happier. "Throw Out the Line"—The kidneys need help. They're overworked—can't get the poison filtered out of the blood. They're getting worse every minute. Will you help them? Doan's Kidney Pills have brought thousands of kidney sufferers back from the verge of despair. Pendleton testimony proves their worth.

C. S. Howard, 1214 W. Webb street, Pendleton, Oregon, says: "For fifteen years I had a great deal of trouble from a dull pain through the small of my back and left side and during the past year there was a numbness under my shoulders. I was unable to be comfortably on my back and I was bothered a great deal by too frequent passages of the kidney secretions. After several well known remedies had failed to help me, I took Doan's Kidney Pills and they relieved my trouble. I am grateful to this remedy for its good work."

the fans from the outfield. Fresh from their morning victory, the villagers went into the afternoon contest determined to even up the series, but they floundered without Steen whom Manager McCreedie had chosen to pitch for Portland. Not only did Steen keep the Vernons from hitting effectively, but helped materially in the scoring for his own side when in the sixth inning with the bases full he hit the ball over the left field fence for a home run. Before the Beavers had been retired 3 hits and eleven runs had been made. Hogan used five pitchers in an ineffectual attempt to stem the Portland batting streak and changed catchers three times. The scores:

Frisco 3-3, Oakland 0-2. San Francisco, Oct. 9.—San Francisco took revenge upon Oakland yesterday for defeats of the past week by taking both games of a double header. Browning, who pitched for the Seals in the morning game, was invincible, letting Wolverton's men down with six scattered hits and no runs, while the Seals registered three tallies off Able's delivery.

Watt Powell was the hero of the afternoon game, driving out two home runs and winning the game for San Francisco. Wolverton also knocked the ball out of the lot (Hendley and Martin), each allowed eight hits, but the San Francisco pitcher kept his hits more widely scattered. The final score of the afternoon game was San Francisco 3, Oakland 2.

Willamette Defeated by Alumni.

Salem, Ore., Oct. 9.—Old Willamette's "has-beens" proved that they were able to "come back" by playing the varsity to a standstill on the Willamette gridiron Saturday afternoon. During the first half of the game McRae, the big varsity tackle, made two long runs for touchdowns, which being converted into goals netted the collegians 12 points. During the same half Rader for the Alumni, scored three points on a neatly executed field goal.

Alumni Defeats Varsity.

Oregon Agricultural College, Corvallis, Ore., Oct. 9.—The initial football contest at the Oregon Agricultural college played Saturday afternoon between the alumni and the varsity eleven resulted in a victory for the old stars. A safety secured by the college in the early part of the game and a place kick by the alumni tells the story of the 3 to 2 score which brought defeat to Coach Dolan's green aggregation in their initial fray.

NEWSPAPER MAN TO TRAVEL 4,000 MILES

Trip to be With Wagon to Restore Health to Wife. Spokane, Wash.—Four thousand miles by wagon, traversing Washington, Oregon, California, Arizona, New Mexico and diagonally across Texas to Texarkana, Ark., is a trip to be undertaken soon by Mr. and Mrs. A. E. Davis, living at 1018 North Normandie street, Spokane. They plan to be on the road four months. "The trip is primarily for Mrs. Da-

vis' health," said the originator of the tour, who was formerly a newspaper writer, "and I think it will fully restore her. We shall live in Texarkana for some time, also visiting other parts of the Southwest.

"The trip is not for the purpose of breaking records, but I think it will be the first time that such a journey has been undertaken by any one. We shall go by way of Walla Walla, Wash., striking thence for Oregon and through California. The longest distances between towns probably will be in Oregon and Texas, but we shall carry ample provisions and water for the trip.

"We shall make the trip in a light covered wagon and live in the open as much as possible. We have nothing to sell. We are making the trip at our own expense and look upon it as a high-class investment, as it will give us a better knowledge of the vast western country and its opportunities and resources.

"I expect to gather a lot of data and other information for a series of travel letters and magazine articles, also photographs to illustrate the matter. I shall write of things as I find them.

AUTO TRUCK KILLS MAN ON STREETS OF DALLES

The Dalles, Ore.—The first fatal automobile accident in this city happened when Herman Dierkes, residing at 1004 H street, was run over and killed almost instantly.

Chester N. Sargent, coming in from a trip to the fair grounds with his auto truck, which he had fitted up for carrying passengers to and from the fair, rounded the corner at French & Co.'s bank, turning into Second street, when Mr. Dierkes attempted to cross from the Williams store to the north side of the street. There were a good many people on the street, and Sargent was almost upon Mr. Dierkes before he saw him or before he was observed by the pedestrian, who when Sargent sounded his horn and turned the car to get past him, instead of going forward stepped back in front of the car and was knocked down, the car passing over his body. His chest was mashed almost flat, and his skull

fractured by hitting the pavement and he died in a few minutes. Mr. Dierkes was about 60 years of age, and leaves a widow and a son and daughter.

RESTORE GRAY HAIR TO NATURAL COLOR

By Common Garden Sage, a Simple Remedy for Dandruff, Falling, Faded Gray Hair. The old idea of using sage for darkening the hair is again coming in vogue. Our grandmothers used to have dark, glossy hair at the age of seventy-five, while our mothers have white hair before they are fifty. Our grandmothers used to make a "sage tea" and apply it to their hair. The tea made their hair soft and glossy, and gradually restored the natural color. One objection to using such preparation was the trouble of making it, especially as it had to be made every two or three days, on account of souring quickly. This objection has been overcome, and by asking almost any first class druggist for Wyeth's Sage and Sulphur Hair Remedy the public can get a superior preparation of sage, with the admixture of sulphur, another valuable remedy for hair and scalp troubles. Daily use of this preparation will not only quickly restore the color of the hair, but will also stop the hair from falling out and make it grow. Get a bottle from your druggist today. Use it and see for yourself how quickly dandruff goes and gray hairs vanish. This preparation is offered to the public at fifty cents a bottle and is recommended and sold by special agent, Pendleton Drug Co.
