ARMISTICE BRINGS HALT IN WAR BETWEEN ITALY AND TURKEY

M'NAMARAS ON TRIAL TODAY

Year After Times Explosion, Brothers Begin Battle For Freedom.

BOTH ARE CONFIDENT

Large Crowds Gather to Gain Entrance to Court Room, Which Barely Accommodates Court Attaches, Attorneys and Reporters.

Hall of Records, Los Angeles, Cal., Oct. 11.—Handcuffed together, the McNamara brothers (John J. and James) were brought from the county jail to the Hall of Records this morning shortly after 9 o'clock and within a few moments the formal opening of a bitter trial for dynamiting the Times building commenced.

A large crowd of curious persons witnessed the short march. The prisoners were whisked immediately to the eighth floor of the building where the special court room has been arranged. Only accredited court officials, newspapermen and attorneys were admitted to the court room.

The two accused men say that they only want a square deal, and if given this they will not have any trouble in establishing their innocence.

John J. said: "I welcome today's activities, because they mean for me the starting of the machinery which will eventually prove my innocence of the crimes alleged by paid spies of the corporations who seek by discrediting me to involve the entire labor movement and change its onward march."

James B., the brother who is accused of actually throwing the bomb which destroyed the Times, said this morning:

"I feel better than ever and have never worried as to the outcome of the trial. All I want is a square deal."

Announcement was this morning made that former Judge Wheaton Gray, law partner of United States Senator Flint has been retained to aid the prosecution.

RETIRED WHEAT RANCHER OF UMATILLA COUNTY SUDDENLY DIES IN WALLA WALLA

The many friends in this county of J. J. Roulstone will be shocked to learn of his sudden death last night at his home in Walla Walla. Without warning to his family, he was stricken at 10:30 with apoplexy and expired in a few minutes. This was the substance of a telephone message received in this city at midnight last night by Mr. and Mrs. W. M. Blakely. Deceased was one of the pioneer settlers of this county and until five years ago was engaged in farming the six quarters of wheat land near Eastland station, which he still owns.

PRIEST HANDLED STEPHENSON CASH

Father Perrin Spent \$4500 to Further Stephenson's Cause and Kept \$500.

Milwaukee, Oct. 11.—That Senator Stephenson's campaign was waged actively among the Catholic element was brought out at the investigation today.

Father Perrin said he gave R. J. Shields money on numerous occasions and that Shields saw various Catholics, who later became active in Stephenson's behalf.

Father Perrin said he therefore could not account for \$3000 which he paid out.

FEDERAL COURT MUST TRY STANFIELD CASE

Judge Robert Bean yesterday afternoon decided that the town of Stanfield, Umatilla county, would have to try out its troubles with the reclamation service in the federal courts, says the Telegram. A determined effort was made by Attorney J. H. Raley, for Stanfield, to have the case remanded to the state court, but the effect of the court's ruling was that the causes involved are clearly of a federal nature.

To get the case into the state courts the Stanfield litigants made H. D. Newell, a supervisor of the reclamation work principal in the injunction asked. United States District Attorney McCourt pointed out this apparent plan to defeat federal jurisdiction and won the contention that all real federal issues must be heard in the government tribunals.

Stanfield is getting too much water in its basements streets and depressions. Near it the Umatilla reclamation project canal passes and the Stanfield citizens allege that the rising flood seeping through the sand of its foundation is from the government canal. The government engineers insist that the water is seepage from the 3000-acre irrigated area which has recently been placed under the Furnish ditch. In the final hearing these facts will be threshed out by expert students of such problems.

James Johns, president of the Hartman Abstract company, went to Hermiston on the local this morning.
