A Refreshing Drink For Fever Patients

To half a glass of any good symp left from canned froit—raspberry or grape juice is especially good—add a tablespoonful of Duffy's pure malt whiskey and a few lumps of ice. Fill up the glass with plain cold water. This may be made more nourishing by adding the yolk or white of a fresh ear and staking the whole well.

This drink is very highly recommended by Dr. Thomas Love, of Atlanta, Ga., who says: "It is unequalled for fever patients."
