**Notice to the Public.**  
 Power will be off tomorrow morning from 7 o'clock to 1 o'clock.  
 PACIFIC POWER & LIGHT CO.

**NEW WRIGHT FLYER IS SHOWN**  
 Latest Acroplane is Glider. But is Not Buzzard-Shaped.  
 Kittyhawk, N. C.—With the assembling of the Wright brothers' latest development in the science of aviation about which so much speculation has been indulged in, spectators were given their first view of the new flying device which is to be used by the famous aeroplane inventors in the solution of the problem of sustained flight with minimum power.

The new glider, as the Wrights call it, differs only slightly in form from the present-day machine now in use by them, and is not a buzzard-shaped affair as has been reported. It is much lighter, however, than any machine now in use by the Wrights, weighing only about 145 pounds.

There was not enough wind to fly the new aeroplane from Kill Devil Hills, and the first flight is expected to take place next Monday, as the Wrights insist upon observing the Sabbath.

When the parts of the machine were assembled its appearance bore out the statement of Orville Wright that it was intended merely as a glider. It is a biplane, the planes measuring 32 feet across from tip to tip and 5 1-2 feet in breadth. From upper to lower plane there is a space of 5 1-2 feet.

Norway's first book, an almanac, was printed in 1643.

# PERSONAL MENTION

J. B. Grubb has returned from a week's visit at Adams.

R. N. Stanfield is here today from his ranch at Stanfield.

W. A. Moore of Pilot Rock, is registered at a local hotel today.

F. W. Kellog of Walla Walla, was here yesterday evening.

Miss Rilla Thompson of Echo, has been in the city upon a short visit.

William Nickschinski is in the city today from his place on Birch creek.

O. A. Cannon, principal of the high school at Echo, is a Pendleton visitor.

Mr. and Mrs. C. E. Deal are registered in the city from Vancouver, B. C.

C. C. Thompson is here today from Gibbon and is a guest of a local hostelry.

Mrs. E. A. Schiffler left on today's N. P. train for a few days' visit at Pasco.

R. N. Adams of Stanfield, is among those now in town from the west end of the county.

Carl Jensen, a farmer of the Pilot Rock country, is here today upon a short visit.

Mr. and Mrs. L. E. Avery of McPherson, Kansas, are guests in the city today.

J. L. Underwood, a resident of North Yakima, has been in town during the past two days.

Mrs. Charles Hamilton, wife of the O. W. R. & N. yardwaster, and daughter, Edna, have gone to St. Anthony, Idaho, for a visit with relatives and friends.

**KILLS WIFE; STOPS ALIMONY.**  
 Man Roused by Tardiness of Courts Forces Divorce by Death.  
 Pine Bluff, Ark.—Because a court delayed so long hearing his divorce case and he was assessed heavily for temporary alimony and his wife's attorney's fees, W. T. Nichols, a contractor of this place, killed Mrs. Nichols by cutting her throat. She had come to his house to visit her children and reached out for a baby in her husband's arms when Nichols inflicted the fatal wounds. The man admits the crime and says he was driven to it by the slowness of the courts. It is understood the courts will not be slow in hearing the murder charge against him. There has been threats of a lynching if the trial is long delayed.

**FOR THE CHILDREN**  
 ALSO FOR GROWN PERSONS  
 QUICK - SAFE - RELIABLE  
 NO OPIATES NO NARCOTICS  
**FOLEY'S HONEY AND TAR COMPOUND**

A COMMON COLD neglected may go quickly into CROUP, BRONCHITIS, or PNEUMONIA which often means a sudden fatality. Keep FOLEY'S HONEY AND TAR COMPOUND always in the house and give at first sign of a cold. Refuse substitutes.

John Parsons, Stewart, Ohio, writes: "We use Foley's Honey and Tar Compound as our best and only cough remedy. It never fails to cure any of my seven children of cough. My 2-month-old baby has had a most severe cough which our Doctor said he could not cure and that Baby would surely die. Several of our relations and neighbors had gathered to witness the ending of the child's life. Two bottles of Foley's Honey and Tar Compound cured the child and he is alive and well today."

FOR SALE BY ALL DEALERS.

## Wohlenberg Dep't. Store

Better Goods for Less Money

**BIG TOW, LONG DISTANCE.**  
 Two Docks, One Inside, Other, Ship Inside the Shutter One.  
 Amsterdam—Two dry docks, one inside the other, and a ship inside the smaller one, are to be towed from Europe to the Dutch East Indies. The large dock is being built in Holland and the smaller dock and ship in England. To obviate towing the three separately half way around the world, it is proposed to make "one job of it" as indicated. The saving will be considerable.

**Beware of Side Needle Spine**

Physicians today recognize the sewing machine as being the basic cause of more nervous disorders peculiar to woman than any other modern convenience.  
 Of all human inventions, the ordinary sewing machine does more to wreck a woman's health, by producing spinal weakness, causing nervous troubles, and lingering, torturing internal displacements than any other cause.  
 The reason is plain—look at the construction of your sewing machine: on account of the needle being 4 1/2 inches away from the centre, where it should be, you have to sit in a position with your body twisted out of plumb to operate it.  
 Think what this twisting of your spine and other delicate internal organs means, and you can't operate your machine with your feet on the treadle without this twist in your body.  
 Now compare this with a STANDARD CENTRAL NEEDLE MACHINE built to operate with the needle central, right in front of you and directly over the centre of the treadle.  
 This construction enables you to sit straight and do your sewing without the least strain on your spine or any part of your internal anatomy. You can sew on this STANDARD CENTRAL NEEDLE MACHINE all day, without feeling tired or getting a pain in your back. You can sit in a natural position without undue strain on your stomach and nerves.  
 This new type of machine means freedom from suffering and ushers in a tremendous advance for health and happiness and freedom from disease. And this machine is easily within your reach—easy to buy and easy to operate, will save its cost in doctor's bills, to say nothing of health.  
 If you value your health and the health of your growing daughters,  
 Call and get the free book, "A Stitch in the Side," and learn what every woman should know.  
 I will be pleased to demonstrate this machine at your convenience.

# MONDAY MORNING WILL START THE 11TH DAY OF OUR GREAT \$20,000 DISSOLUTION SALE

There has never been a sale in Pendleton where the interest has kept up for this length of time. We have not had one poor day since our opening and we have reasons to believe that the coming week will be fully as good if not better than the days gone by. There must be a reason. We have done just as we promised in our big ads. and as far as we know not one customer has been dissatisfied. They have found the prices just as we said they would be. We told the Public we wanted to raise \$20,000.00 to buy the interests of the First National Bank in this firm, and everyone knows in order to do this we must make it an object to the people to buy here. We have done it and shall continue to do so until we have the necessary amount. It is a great chane for the people of Umatilla County to buy just at this time of the year merchandise they need and need right now at prices far below the actual values. New lots are placed on counters and bins each day.

COME AND BRING YOUR FRIENDS.
