"How Oklahoma Kept Dry," by Rev. F. E. Finley.

Mrs. G. L. Dunning of Stanfield, but lately of North Dakota, told "How the Saloons Were Kept Out of Stanfield."

The following resolutions were next presented by the committee and adopted by the convention:

We, the Women's Christian Temperance Union of Umatilla county, in 10th annual convention assembled, return thanks to God that, though we have not gained in numbers and influence as we wish we had through the past year, yet we feel inspired to go on and we pledge ourselves individually and collectively to do all in our power to add Oregon to the dry states, and as unions we will adopt every plan proposed by our state executive for the furtherance of temperance and righteousness through our several departments of work.

We heartily commend the magazines and papers which have eliminated liquor advertisements from their columns and we rejoice that the number of clean periodicals is increasing.

Resolved that the franchise department be especially emphasized in all our unions.

Resolved, that we deplore the barbaric performances connected with the Pendleton Round-Up. We are heartily in favor of everything that is a benefit and uplift to our county and state, but are emphatically opposed to anything that has a tendency to lower the moral tone of our community.

We wish to thank the Echo Echoes and East Oregonian for their courtesy in publishing the proceedings of our convention.

We thank Mrs. Silbaugh for her untiring efforts in our county which has

made this convention possible and for her eloquent addresses and inspiring leadership throughout our sessions.

We thank the good people whose hospitality we have enjoyed, Rev. Finley and the trustees of the M. E. church for the use of their commodious building, for the good music furnished, and especially we enjoyed the singing of the young men and Miss Waugh.

We also thank the superintendent of the Echo public school for his cordial greeting and timely remarks.

ELEANOR PHELPS, ANNA LEEZER
Committee.

The convention then adjourned until the evening services.

In the evening the audience listened to the thrilling story of "How Seattle Was Cleaned Up," and of the "Recall of Hiram C. Gill," told by Mrs. Jackson Silbaugh, proving that the politics of a city can be clean.

Polecat Closes School.

Irby, Wash.—During recess, a number of pupils of the Irby school had their curiosity aroused by a skunk caught in a trap near the school grounds. A close investigation resulted in the children beating a hasty retreat, and on reassembling in school the atmosphere was found to be so strongly impregnated with the disagreeable odor that it was found necessary to close school for a day and a half.

The best plaster, a piece of flannel dampened with Chamberlain's Liniment and bound on over the affected parts is superior to a plaster and costs only one-tenth as much. For sale by all dealers.

WEST LAYS UMATILLA CASE BEFORE TAFT

GOVERNOR WRITES A LETTER TO PRESIDENT

Acting on suggestion of Nation's Chief Executive, Thoroughly Outlines Needs of Irrigation Project in West End of Umatilla County.

Salem, Ore., Oct. 21.—Governor West yesterday forwarded a letter to Pres. Taft following up his recent conference with the president on the west extension of the Umatilla reclamation project, at which time the president promised to give the subject his personal attention if the governor would write to him concerning it.

The governor in his letter calls attention to this promise and outlines the benefits to be conferred on eastern Oregon by the project. The plan involves the reclamation of 60,000 acres of land by the diversion of the waters of the Umatilla river and Willow creek. The reclamation service has thoroughly investigated the subject and is believed to have made a favorable recommendation, although nothing has been officially given out.

The surveys are complete the water rights existing have been settled, and it appears that an executive order is all that remains to put the work under way. Governor West calls attention to injustice to Oregon in that this state has contributed more to the reclamation fund in proportion than any other state, and has received less.

BABE KILLED BY SPEEDING STREET CAR

Astoria, Ore., Oct. 21.—Running into the street in front of his home at 1271 Franklin avenue, after a top he had thrown away, little three-year-old Harold Peterson, son of Mr. and Mrs. John Peterson was run down and instantly killed by a Pacific Power & Light Company's car, manned by Motorman E. While the wheels did not pass over the child, the underwork of the car next to the wheels bumped him severely.

JUST TRY A TEN CENT BOX OF CASCARETS

Insures You for Months Against a Sick Headache, Constipation or a Bad Stomach.

Put aside—just once—the salts, cathartic pills, castor oils or purgative waters which merely force a passageway through the bowels, but do not thoroughly cleanse, freshen and purify these drainage or alimentary organs, and have no effect whatever upon the liver and stomach.

Keep your inside organs pure, and fresh with Cascarets, which thoroughly cleanse the stomach, remove the undigested, sour and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the decomposed waste matter and poisons in the intestines and bowels.

A Cascaret tonight will make you feel great by morning. They work while you sleep—never gripe, sicken and cost only 10 cents a box from your druggist. Millions of men and women take a Cascaret now and then and never have headache, biliousness, coated tongue, indigestion, sour stomach or constipated bowels. Cascarets belong in every household. Children just love to take them.

Probably most Chinamen don't know what the row is about.
