York & York Chinese Doctors CAN POSITIVELY CURE YOU

Those who are suffering from diseases which many other doctors have pronounced incurable, now have relief in sight. York & York, the famous Chinese doctors, are now located in Walla Walla. These men, after years of study and research in China, were granted diplomas by the Emperor, to pursue their practice of medicine.

For centuries the Chinese have been acknowledged leaders in the practice of medicine, and many wealthy people annually go to that country in search of relief for ailments which doctors of this country have pronounced incapable of permanent cure.

York & York use nothing but powerful roots and herbs of demonstrated medical value. These roots and herbs act gently on the system in direct contrast to medicines usually given. They can be consulted without cost. Those residing out of the city can send for symptom blanks and a free diagnosis will be given.

FIRST AID PACKAGES ON SOUTHERN PACIFIC TRAINS

San Francisco Calif.—In an effort to minimize fatal results from what first appear to be only minor injuries through train accidents, the Southern Pacific company, through its chief surgeon, Dr. F. K. Ainsworth, has ordered installed on its baggage cars, combination cars and cabooses, what are known universally as "first aid" packages. Ever since the railroads of the country first became interested in first aid work the Southern Pacific trains have been equipped with "first aid" kits, but these were so large that when one was opened only one or two were used and several were left to become dirty and unfit for medical use.

The "first aid" packages contain only sufficient bandages and dressings for one wound and a sufficient number of packages are placed in each car to take care of a large number of wounds should it happen that any great number of persons incur injuries at the same time. Danger from train accidents, which has been minimized to such an extent during the last few years by modern equipment and safety devices, is further diminished by having these "first aid" packages at hand at all times and practically all train crews have become skilled in rendering the first aid work.

STRIKERS WIN IN 20 MINUTES TIME

Baker, Ore.—Telephone facilities were put out of commission for 20 minutes, and what threatened to be a serious strike was nipped in the bud by Traffic Chief Barnhart, who

persuaded the girls, after they had walked out, to return to their boards, and last night, after a short conference, matters were adjusted to the satisfaction of all. The difficulty arose over the discharging of one of the operators recently and a demand for an increase in wages. The girls also demanded the removal of the chief operator, but withdrew this demand upon the reinstatement of the discharged operator and the granting of an increase in wages.

PLANS MORE MARRIAGE AND LESS IMMORALITY

Spokane, Wash.—Fraternal Souvenir of the World, originated by J. C. Gage, 1124 Courland avenue, Spokane, announced today that the purpose of the organization are to increase marriage and decrease immorality. Cash bonuses for weddings are expected to accomplish the first named, while for the second the order plans to abolish the so-called "dual standard of morality" by making social outcasts of persons guilty of improper living. Mr. Gage, who was a rancher in eastern Washington until a year ago and before that was a school teacher in the east, says: "We believe happy homes to be our nation's only safeguard and 'has encourage marriage by paying members certain benefits on their wedding day; educating both sexes in the art of home making, so that society may be free from divorce; assisting our single members to find their ideals of the opposite sex through this organization that they may marry and build up happy homes." He added that all white persons over the age of 14 years are eligible to membership. The first wedding will take place in April, 1912.

HELD AS BIGAMIST; PLEADS IGNORANCE

The Rev. John Harton, Formerly of Bolton, England, is Arrested at Beecher, Ill., on Charge of Bigamy. Joliet, Ill.—Following the arrest in Beecher, Ill. of the Rev. John Harton, formerly of Bolton, England, on charges of bigamy, the police announced that the pastor has admitted the offense, but has pleaded ignorance of the meaning of bigamy, avowing that he has done no moral wrong. The Congregational preacher married Miss Amanda Brenker, a member

of his Beecher congregation, in Chicago, Saturday, in the county courthouse. Information reached the police that a wife, Edith Jones Harton, daughter of a retired British naval officer, and three children were awaiting Harton in England. The arrest followed.

Harton, who has held the pastorate at Beecher for five months, is said to have shown a letter received from the Rev. W. H. Carter of Madison, Wis., secretary of the Wisconsin Congregational association, asking him to withdraw from an anticipated call to Steuben, Wis., because of rumors that had reached the ministerial body.

His alleged defense of his actions, his denial of moral wrong in them and his alleged avowal of ignorance of the meaning of bigamy are said by the police to have followed the display of this letter.

TORPEDO BOAT DESTROYER DEVELOPS HIGH SPEED

First Vessels for Cuba's Navy Are Launched—Two Daughters of President Gomez Christen Both of Them.

Philadelphia.—The new torpedo boat destroyer Patterson was placed in commission at the Philadelphia navy yard.

On her builders' trial trip the Patterson developed an average speed of nearly 35 knots an hour. This record is expected to be eclipsed on her official trip.

The first vessels for Cuba's new navy were launched at the Cramp shipyard here this afternoon in the presence of the secretary of the Cuban navy, the four daughters of President Gomez and high officials of that country. The vessels are of the protected cruiser Cuba and the Patria, a training ship. Miss Marianna Gomez christened the Cuba and the Patria received its name at the hands of Miss Narcia Gomez.

The Cuba is 260 feet long and will carry two 4-inch guns and a number of other guns of smaller caliber. The training ship has a length of 185 feet.

FINDS SKELETON AND \$5000.

Farmer Uncovers Bones of Man Who Died During War.

Marksville, La.—Wesley Cooper, a farmer living near here, has dug from the mud along the banks of the Red River the skeleton of the clerk of the steamboat Texas, with a big box of money. The Texas, which plied between New Orleans and Red River points, sank in 1864 at James Bardolona. The clerk was the only man who lost his life.

According to reports Cooper obtained about \$5000. It seems that when the boat struck a snag and began to sink the captain headed his craft for shallow water and tied up to several trees. The passengers and crew were landed, but the clerk was ordered back to get the money from his safe. As the clerk started ashore with a box containing the money the cables parted and the Texas drifted down stream, sinking shortly after. Cooper is very secretive about his find.

Several persons subsequently visited the scene and unearthed a number of loose silver dollars, coined in 1864.

The bulk of her estate Mrs. Jeffries leaves to her seven children, Almedia E. Boyer, Lydia A. Southworth, Lillie Metcalf, Willis E. J. H. James J. and C. M. Jeffries, who get share and share alike.

To her husband, Alex C. Jeffries but \$1,000 is left, with the request that "the children render unto their father their support and regard and protection, but it is not my intention that any charge be imposed upon my estate for this purpose."
