STATE GETS OWN MEDICINE

McNamara Defense Puts Gas on Par With Dynamite Theory in the Trial.

PROSECUTION DISPLEASED

Most Important Naval Engagement Results in Victory for Revolutionists and With Captured Warships They Now Control Entire Valley.

Hall of Records, Los Angeles, Cal., Oct. 24.—Determined if possible to have Judge Bordwell's ruling—that the belief on the part of a juror that the Times building was destroyed by dynamite, does not disqualify—attorneys for the defense in the McNamara case today went more fully into the beliefs held by the fallacious who are being examined in an effort to secure a jury.

The defense attorneys will argue that gas destroyed the building and asserting that this is parallel to the dynamite theory, they will demand the same ruling that the judge rendered in the case of Venremen McKee.

The attorneys for the prosecution will bitterly oppose this and much depends on the decision that will be rendered by Judge Bordwell.

While the court proceedings slowly drag along, both sides of legal talent are working hard on the features outside the court room, preparing their respective cases so as to avoid unnecessary delays.

Dynamite experts in the employ of the defense are conducting a series of experiments, the results of which will not be given out until introduced as evidence in the court room during the trial. They are carrying on their work in a place that is safely removed from the prying eyes of the prosecution.

In the meantime the state is still bringing in witnesses to identify the McNamara brothers. One of the latest arrivals is W. J. Kaiser, a Muncie, Ind., dealer in high explosives. He knew J. B. McNamara as Frank Sullivan, it is alleged, and J. J. McNamara as G. W. Clark. It is alleged that Kaiser had some business dealings with the two brothers, but the nature of the business has not been given out.

During the morning session of the court, two venemen were quickly eliminated and a third, F. J. Mullin, is under challenge for cause, by the defense, because he stated that he believed that McNamara was guilty of causing the Times explosion, but if chosen as a juror he declared that he would be able to set aside his own opinion.

He was still under examination when the court took a recess for lunch.

Ort's McNamara's confession, implicating James McNamara in the Times explosion, and the report of the experts who were appointed by Mayor Alexander, and who found that the Times was dynamited, went into the record of the McNamara trial today.

Newspaper copies were used by the defense in interrogating the venemen for the purpose of determining their opinions.

They were introduced by Attorney Barrow and ordered into the records. They will be used hereafter in interrogating venemen as to how they formed their opinions and the strength of them.

District Attorney Fredericks said he had no objection to this move, but was not prepared to admit that the McNamara affidavit was the "authentic confession" and he thereafter referred to it as the purported confession.

TO EXHUME BODY OF MURDERED GIRL

Search of Poison Leads to Her Grave

On Nature of Drug in Bathrobe Pocket, Hinges Success or Failure of State Case Against Preacher.

Boston, Mass., Oct. 24.—New light is expected to be thrown on the case of the alleged murder of Miss Avis Linnel by Rev. Virgil Richeson, when the officials at Hyannis, the murdered girl's home, will exhume the body and secure the bathrobe which the girl wore when she was found dying, and in which she was buried, to ascertain whether its pockets contain the cyanide vial which is supposed to have been given her by Reverend Richeson.

If the robe contains another kind of poison, the state's case will fail. The suicide claim which is being maintained by the defense was hit hard today, when witnesses were found who will testify, it is said, that Miss Linnel made several engagements for the day following her death.

DR. HYDE WINS A DECIDED VICTORY

Kansas City, Mo., Oct. 24.—with the calling of the second panel of venemen, in the case of Dr. Hyde, the case was resumed today.

The defense claims that the discharge of the entire first panel, on a technicality was a big victory for the defense. It is expected the jury will be secured by the end of this week.

Los Angeles, Oct. 24.—Frank Holatilling, a magazine writer of New York, was burned to death last night in a fire which destroyed a rooming house in West Seventh street at which Holatilling was staying. The fire is supposed to have been started by an electric heating device in Holatilling's room. Smoke was discovered pouring from his room and Holatilling was awakened. He left his room and then went back to rescue some manuscripts. Firemen found his charred remains where he had been overcome by the smoke.

Copenhagen, Oct. 24.—Dr. Cook, who was enthusiastically welcomed here after his alleged discovery of the north pole two years ago arrived here today accompanied by his wife. Owing to the threatening attitude of the crowd, Cook was escorted to his carriage by a detachment of police. The mob followed hooping. The explorer said he had given up his projected European lecture tour and that he would lecture only in this city. The newspapers denounce him, some of them recommending demonstrations of disapproval at his lecture.

Proof of his innocence was furnished when William Duckett, a finger print expert of Topeka, found that the impressions left by the slayer's hand on a bucket were not those of Smithman.

Burns Herself and Babies.

Braddock, N. D., Oct. 24.—Apparently insane, Mrs. Alex Johnson, wife of a farmer living northwest of Braddock, locked herself and her six little children in their home today, and set fire to the house. All were burned to death. Neighbors believe that Mrs. Johnson barricaded the doors and nailed down the windows of the house; then, saturating a room with oil, she applied a match. Neighbors who saw the smoke rushed to the home but the rescue of the woman and her babies was impossible.

Mrs. Smith of Helix, was an incoming passenger on the N. P. this morning.

TRAINMEN, COP, GUN, CLUB AND STRATEGY BARELY EQUAL TO STUBBORN HOBO

Beating his way on the trucks of an O. W. R. & N. train yesterday, a large, fat, prickly porcupine refused to obey the orders of brakemen and in his secure position defied all of their efforts to eject him until Pendleton was reached, when Officer Ira Hughes was called to assist in the enforcement of the rules of the company. Thereby hangs a tragic tale. The little, four-legged hobo was discovered on the trucks at Umatilla and at every stop between that point and Pendleton efforts were made by the trainmen to put him off but, protected by his thorny coat of mail, "Porky" was not in the least disturbed by their threats and futile attempts. When this city was reached, one of the brakemen telephoned to the police station for help, announcing in excited tones that there was a hobo on the trucks who refused to give up his seat. Officer Hughes was just starting for dinner, but the summons to duty made him forget the pangs of hunger

Battle of Benghasi Bloodiest of War

Turks Frantically Resist Landing of Enemy Until Forced to Retreat Before Warships' Fire.

Vienna, Oct. 24.—Bloodier than the battle of Gallipoli, the Italian landing at Benghasi on October 19 resulted in casualties on both sides, numbering 4000, belated reports state.

It is said that the firing by the Italian battleships covering the landing of the troops was so terrific that the beach looked like a storm had swept it after the engagement closed.

The British consul, John Jones, was wounded and the consulates almost destroyed. It is thought that England will demand an explanation from Rome. The Turks fought frantically and, though losing heavily stood until they were forced to retreat.

Italy Anxious.

London, Oct. 24.—Italy is anxious concerning the fate of her land forces which were sent to Benghasi according to reports received here.

It is known that the Italian losses were heavy, some reports placing them at twelve hundred. The Italian government is censoring all news so closely that it is impossible to get definite accounts of the Tripolitan war.

New York National Leaguers Run Bases Like Cripples, Three Being Caught Between Sacks--20,000 See Game On Soggy Field.

Scoreboard for Philadelphia Athletics vs New York Giants. Philadelphia: Runs 4, Hits 11, Errors 1. New York: Runs 2, Hits 7, Errors 3.

Shibe Park, Philadelphia, Oct. 24.—With Baker once more starring as the chief trouble maker for the New York Giants, the Philadelphia Athletics today won the fourth game of the world series by a score of 4 to 2, making three games straight for the Athletics to one for the Giants.

Christy Mathewson was batted all over the lot and was yanked out in the eighth inning and Wilse sent in as a forlorn hope, which proved forlorn.

With New York having scored two runs in the first inning, things looked dark for the Athletics until the fourth inning, when Baker lined out a double-sacker. This feat was duplicated by Murphy and Davis and they later swapped in.

Then in the sixth inning Baker again duplicated his two banger, scoring Collins and it was all off with New York.

The field was soggy, while the infield was in fairly good shape and the game was witnessed by twenty thousand fans.

The Giants made a miserable showing in base running, three men being caught off bases where there was little excuse for it.

The game in detail was as follows: First Inning. Philadelphia—Doyle singled; Doyle tripled, scoring Devore; Snodgrass tripled to Lord, Doyle scoring on throw in. Snodgrass credited with sacrifice. Murray out, Davis unassisted; Merkle fanned. Two runs.

Philadelphia—Lord and Oldring fanned; Collins singled; Baker fanned. No runs.

Second Inning. New York—Herzog flied to Oldring; Fletcher singled to left; Meyers forced Fletcher, Thomas to Collins; Mathewson out, Bender to Davis. No runs.

Philadelphia—Murphy doubled into the right field crowd and took third on Mathewson's wild throw trying to catch him off second; Murphy spiked Fletcher slightly; Davis out, Mathewson to Merkle; Barry and Murphy tried squeeze play, Murphy caught between third and home when Barry failed to bunt; Meyers retired Murphy, unassisted; Barry safe, infield hit; Thomas fouled to Meyers. No runs.

Third Inning. New York—Devore flied to Oldring; Doyle flied to Baker; Snodgrass out, Barry to Davis. No runs.

Philadelphia—Bender out, Fletcher to Merkle; Lord singled to right; Oldring forced Lord out, Fletcher to Doyle; Collins fanned. No runs.

Fourth Inning. New York—Murray flied to Baker; Merkle fanned; Herzog tried to bunt and was out, to Davis, unassisted. No runs.

Philadelphia—Baker doubled to left, Snodgrass slipping on soggy field and overrunning the ball; Murphy doubled to left, scoring Baker; Davis doubled, scoring Murphy; Barry out, Herzog to Merkle; Davis taking third; Marquard, Ames and Crandall are warming up. Thomas flied to Murray, Davis scoring, Bender out, Fletcher to Merkle. Three runs.

Fifth Inning. New York—Fletcher out, Baker to Davis; Meyers doubled to right; Meyers out, Thomas to Baker, attempting to reach third on a short passed ball; Mathewson walked; Devore flied to Lord. No runs.

HIDDEN ARMS OF BLACKS UNCOVERED

While the town is quiet under military protection after the riots in which two were killed and four wounded, citizens still fear trouble.

From Red Bird, a negro settlement six miles away, come reports that the blacks are in an ugly mood and threaten to march upon Coweta.

Citizens heavily armed are helping the soldiers to keep a close lookout at every point the blacks might enter the town in force.

Twenty negroes were arrested and taken to Wagoner.

WORKINGMEN'S INSURANCE BEFORE PARLIAMENT

London, Eng., Oct. 24.—Prepared to make a fight on Chancellor Lloyd George's insurance bill, parliament reconvened today for the autumn session.
