

A MOTHER'S DUTY

It is the duty of every expectant mother to prepare her system for the coming of her little one; to avoid as far as possible the suffering of such occasions, and endeavor to pass through the crisis with her health and strength unimpaired. This she may do through the use of Mother's Friend, a remedy that has been so long in use, and accomplished so much good, that it is in no sense an experiment, but a preparation which always produces the best results. It is for external application and so penetrating in its nature as to thoroughly lubricate every muscle, nerve and tendon involved during the period before baby comes. It aids nature by expanding the skin and tissues, relieves tenderness and soreness, and perfectly prepares the system for natural and safe motherhood. Mother's Friend has been used and endorsed by thousands of mothers, and its use will prove a comfort and a benefit to any woman in need of such a remedy. Mother's Friend is sold at drug stores. Write for free book for expectant mothers, which contains much valuable information.

HEAVY RUN OF CATTLE SUNDAY

LITTLE CHANGE IN PRICE QUOTATIONS

Fair Run of Hogs Does Not Effect Market a Great Deal—Better Inducements Offered by Packers, Bring Heavy Shipments, Declines.

(From Monday's Journal.)

There was a rather heavy run of cattle over Sunday, a total of 515 head being received in addition to the showing of 83 head in the calf division. The offerings were from various sections; conspicuous among them being those from Montana. Seven loads of cattle came from there during the past 48 hours in addition to a load of calves.

In the early morning trading there was practically no change in the cattle situation at North Portland. Some steers sold at \$5.50 and a load of cows at \$4.50.

At Chicago there was a weaker tone in the cattle trade with a run of 32,000 head. Prices were down 10c from Saturday.

At South Omaha cattle were slow with steers \$7.00@7.75; cows and heifers \$4.30@5.50.

North Portland cattle market range:

Select steers	5.75
Fancy steers	5.50
Choice steers	5.25
Feeders	4.65
Common steers	4.25
Fancy heifers	5.00
Fancy cows	4.65@4.75
Feeder cows	3.25
Fancy bulls	3.00@4.00
Good ordinary bulls	2.00@2.50
Stags	4.50
Fancy light calves	2.00@2.25
Medium calves	5.50@5.60
Ordinary calves	4.00@5.00

Hog Market Maintained.

There was another fair run of swine in the North Portland pens today and taken as a whole the market was quite steady. Sales were made around the previous level for quality.

Run for the day was 168 head compared with 690 last Monday, 104 a month ago and 586 a year ago. The heavy receipts a year ago were entirely from the Missouri river section.

At Chicago there was a run of 35,000 hogs in the yards today, with the market weaker and 5c lower. Tops sold there during the day at \$6.65. This was for light stuff.

Hogs were steady to strong at South Omaha with tops at \$6.40. This means \$7.50 to land here.

North Portland swine trade today: Best eastern Oregon... \$7.50@7.55; Medium eastern Oregon... 7.25; Best Willamette valley... 7.25; Good and heavy... 6.75@7.00; Rough and heavy... 6.00@6.25.

Heavy Offering of Sheep.

Just as soon as packers were in a position where they were offering better inducements to mutton shippers, everyone started to come forward at once, therefore overloading the trade. There was a run of 2082 head over Sunday compared with 690 last Monday, 104 a month ago and 586 a year ago for the same date.

The sheep trade was fairly well supported during the day even though offerings were greater than expected. Prices during the morning remained about as previously quoted.

At Chicago there was a weak tone in the sheep trade. Receipts for the day were 55,000 head. Prices closed 10c lower than on Saturday.

At South Omaha sheep were lower with yearlings \$3.35@4.15; lambs, \$5.25@5.50; wethers, \$3.25@3.50; ewes, \$2.90@3.15.

Nominal Sheep Values at North Portland:

Selected lambs	4.25
Choice lambs	4.00
Common lambs	3.25
Old wethers	3.25@3.60
Fancy ewes	3.00@3.24
Ordinary	2.25@3.00

You are not experimenting on yourself when you take Chamberlain's Cough Remedy for a cold as that preparation has won its great reputation and extensive sale by its remarkable cures of colds, and can always be depended upon. It is equally valuable for adults and children and may be given to young children with implicit confidence as it contains no harmful drug. Sold by all dealers.

Dr. Pierce's Favorite Prescription

Is the best of all medicines for the cure of diseases, disorders and weaknesses peculiar to women. It is the only preparation of its kind devised by a regularly graduated physician—an experienced and skilled specialist in the diseases of women.

It is a safe medicine in any condition of the system. THE ONE REMEDY which contains no alcohol and no injurious habit-forming drugs and which creates no craving for such stimulants.

THE ONE REMEDY so good that its makers are not afraid to print its every ingredient on each outside bottle-wrapper and attest to the truthfulness of the same under oath.

It is sold by medicine dealers everywhere, and any dealer who hasn't it can get it. Don't take a substitute of unknown composition for this medicine of known composition. No counterfeiter is as good as the genuine and the druggist who says something else is "just as good as Dr. Pierce's" is either mistaken or is trying to deceive you for his own selfish benefit. Such a man is not to be trusted. He is trifling with your most priceless possession—your health—may be your life itself. See that you get what you ask for.

ANOTHER MINISTER ON LOW PAY QUILTS

Rev. Henry M. McDowell Declares Salary is Not Enough to Support His Family.

Chicago, Ill.—Another minister—the third within three months—has resigned his pulpit because, he says, the salary is inadequate to support a family.

The three pastors who have sought other lines of endeavor for this reason are:

McDowell, Rev. Henry M., Woodlawn Park Congregational church, resigned Sunday.

Heywood, Rev. C. H., Wentworth Avenue Baptist church, resigned July 15.

Bostick, Rev. W. F., Western Avenue Baptist church, resigned August 1.

Rev. McDowell declares he sought manual labor during the summer holidays; that his flock declared the work undignified and therefore he quit.

Rev. Mr. Heywood and Rev. Mr. Bostick both contemplated marriage and said they could not support wives on \$1000 and \$1200 a year, respectively. Rev. Mr. McDowell's salary was \$1400 per annum, but he has a wife and five children to support.

From the pulpit Rev. Mr. McDowell stepped to the express car of a Rock Island train, and he is now an expressman at \$18 per week. He went to work Monday and in the employ of the United States Express company now makes four runs a day between Chicago and Blue Island.

"Feel of that arm," said the preacher at his home, 6046 South La-Salle street.

Rev. Mr. McDowell smiled as he said it for he was not a bit tired from his hard labor. He had played on the University of Kansas football team in 1900 and on that of the Oberlin Theological Seminary in 1903.

Then he told his story and made some comments on churches and church people. Here are a few of them:

"I went to work instead of going to Europe for a vacation. My people said it was undignified. So I quit.

"Instead of a parson—one who leads—the minister must follow his flock's whims and orders. I've been everything in church from a choirboy to a pastor. Still they objected to my outside manual labor.

"The church at large is an honest institution. The public is misled by the mean few.

"There are always a few people who get into the church to cover their meanness. To cover it well they get the office.

"When a minister says his work is done, it's because he has struck a snag. If a preacher could preach only the gospel what a pleasure it would be.

"You'd be surprised if you knew the number of pastors looking for other jobs. A pulpit in a secondary Chicago church cannot be filled at \$120 a month if the pastor has a family."

MEDICAL STUDENT BRUTAL, Girl Thrown Into Convulsions on Seeing Pet Killed.

St. Joseph, Mo.—Sitting in a buggy here while preparing to go to a funeral, Ruth McDaniel, 10 years old, saw her pet kitten run out of an alley with a medical student, knife in hand, in pursuit.

The animal leaped up on her lap, but was jerked down and its throat slit by the student in the presence of its little mistress.

The child, who has been an invalid since she was injured in a street car accident a year ago, went into convulsions and is in a serious condition.

Laughing at her hysterical screams and apparently unaware of the fact that the kitten had been her pet, the student picked up the body and with several companions departed in glee for their dissecting room.

MASTODON'S TUSK DUG UP.

Geologist Finds Well Preserved Historic Relic.

South Bend, Ind.—The professor of geology at Notre Dame university reports the find of a mastodon's tusk in the West Baden ditch, near Marshall City, Ind. The find was made after systematically excavating the place. The Notre Dame man was making the search following the finding of a mastodon's tooth several days ago. The tusk is believed to be six thousand years old and weighs 18 1-2 pounds. The jaw is perfect and the teeth are accurately imbedded in the alveoli. The mandible possessed perfect molar teeth, one incisor being four feet long.

KIERMAN ATTACKS OREGON INITIATIVE

Obstructionist's Case is Advanced to Be Heard With Telephone Co.'s Suit.

Washington.—Another case originating in Oregon in which the validity of the initiative and referendum form of government as applied to municipalities, is assailed was advanced by the United States supreme court to be heard with the case of the Pacific State Telephone & Telegraph company, which first raised the question.

The second case is that of Frank Kierman of Portland, who, in contesting a bond issue by the city, attacks the initiative and referendum on the ground that "officers of the city are given power under a charter amendment to exercise the sovereign power of the state, thus creating a state within a state."

The best plaster, a piece of flannel dampened with Chamberlain's Liniment and bound on over the affected parts is superior to a plaster and costs only one-tenth as much. For sale by all dealers.

Lakeview Has Fire.

Lakeview, Or.—A large portion of the business section of New Pine Creek, Ore., together with 50 horses in McNab's stables, was consumed by fire. The loss is fully \$50,000 with small insurance. Among the buildings burned were Dan Boone's store, Mrs. Hammersley's millinery shop, Vineyard's blacksmith shop, Henry West's photographic gallery, a harness shop and a meat shop.

Tickling in the throat, hoarseness, loss of voice indicate the need of Ballard's Horehound Syrup. It eases the lungs, quiets the cough and restores health in the bronchial tubes. Price 25c, 50c and \$1.00 per bottle sold by A. C. Koepfen & Bros.

Negro Assaults Woman.

Baker, Ore.—The victim of a brutal assault by R. N. Armstrong, a negro employe in a local barber shop, Mrs. Rivers, cook at the Kolb hotel, lies in St. Elizabeth's hospital, very ill. The negro is under arrest. The assault happened in the woman's room at 3 o'clock a. m. Sunday. The negro beat her into insensibility with a beer bottle. There is a strong feeling against the negro, as he has been reported before for acts toward white women.

HUMAN HAIR ROOT

Showing Dandruff Germs At Work

WYETH'S SAGE AND SULPHUR HAIR REMEDY

Kills the Dandruff Germ and Makes the Hair Grow

Restores Gray Hair to Natural Color

FEW people are aware of the number of Dandruff Germs that infest the human hair and scalp. The germs which locate themselves in the follicle or sack which envelopes the root of the hair, spend a lazy existence in sucking up the juices which should go to keep life and strength in the hair. These germs cannot be seen by the naked eye, but with a magnifying glass of from 300 to 400 diameters the spores of this hair destroyer may be seen in masses, clinging to the hair.

DANDRUFF, ITCHING OF THE SCALP AND FALLING HAIR ARE A SURE SIGN OF DESTRUCTIVE GERMS.

Wyeth's Sage and Sulph
