AT THE OREGON THEATRE

"The Girl in the Taxi."
"The Girl in the Taxi," a hilarious melange of music, merriment and mountains of mirth, is announced at the Oregon theatre for an engagement of one night, Monday, Oct. 30. "The Girl in the Taxi" comes with an enviable record in this country and abroad. It scored a sensation in Paris and eclipsed all runs where long careers are common. In New York

BREAKS A COLD IN JUST A FEW HOURS

SEVERAL DOSES END MOST SEVERE GRIPPE MISERY

Nothing else that you can take will break your cold or end grippé so promptly as a dose of Pape's Cold Compound every two hours until three consecutive doses are taken.

The most miserable headache, dullness, head and nose stuffed up, feverishness, sneezing, running of the nose, sore throat, mucous catarrhal discharges, soreness, stiffness, rheumatism pains and other distress begin to leave after the very first dose.

Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars, and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or grippé.

Take this harmless Compound as directed with the knowledge that there is no other medicine made anywhere else in the world, which will cure your cold or end grippé misery so promptly and without any other assistance or bad after-effects as a 25-cent package of Pape's Cold Compound, which any druggist in the world can supply.

It was greeted as the funniest play Broadway had ever witnessed. In Chicago it played to capacity business for upwards of 250 nights. In Boston it broke all records for attendance and box office receipts and carried off high honors for length of engagement.

The story concerns the escapades of pretty Mignon, wife of a perfume manufacturer, and the efforts of Bertie Stewart to keep an appointment with her for a midnight supper at the Cafe Churchill. Papa Stewart, Bertie's father, while posing as the possessor of all the domestic virtues, goes away to the same restaurant to meet a couple of chorus girls. Bertie's cousin from Philadelphia, Percy by name, who has come to New York for throat treatment by a physician who practices chiefly among girls of the stage, turns up at the same dining room to keep an appointment with a vaudeville artist. Father, son and nephew meet under rather embarrassing and laughable conditions and confusion runs rampant. The third act unearths the mix-ups in a way least expected and all the guilty parties swear, with hands upraised, that it will never occur again.

A cast of unexcelled comedians present "The Girl in the Taxi" which contains just enough dancing, singing and music to relieve the rapid-fire pace maintained by the numberless complications which crowd the play from curtain to curtain.

Great on Snake Trail.
Wilson Creek, Wash.—Two of the bravest hands of Blue Webley, a prominent rancher living a few miles north of town, having to stop work because of the rain, went to the Wilson Creek draw, at the Selien ranch, to hunt snakes. The warm sun came out after the rain and the rattlers were scattered thickly over the rocks. Altogether they got forty-three snakes. The largest were over four feet in length. They were skinned and the hides stretched for belts. Many of the hides stretched over six inches wide. They expect to send the trophies back east. In addition to the hides which were stved, they are

frying out the oil, and at the present time have over a pint of pure rattlesnake oil. This is extremely valuable and they expect to make a good profit for the time they spent hunting.

DEER BUTS INTO CROWD.

Mixes With Shoppers and Smashes Plate Glass Window.
Springfield, Mass.—Running through Main street with a crowd of several hundred persons streaming after a frightened buck deer burst through a plate-glass window into a department store, where he caused much havoc before his escape by jumping from the window and scattering the crowd with his hoofs and antlers. A doe, which had accompanied the buck across the Connecticut river, sought refuge in a stable, but was kicked there by a horse so severely that a game warden was compelled to end its suffering by shooting.

Don't trifle with a cold is good advice for prudent men and women. It may be vital in case of a child. There is nothing better than Chamberlain's Cough Remedy for coughs and colds in children. It is safe and sure. For sale by all dealers.

FIXES HIS OWN PENALTY.

Mayor Tires of Fining Drunkard, who Dismisses Case Against Him.
Richmond, Ind.—When James Maher faced Mayor Zimmerman charged with public intoxication, the mayor said:

"James, you have been before me so many times for intoxication that I'm really getting tired of fixing punishment. I'll just let you fix your own punishment on your plea of guilty just entered."

Maher, though taken by surprise, was equal to the occasion.

"Owing to the fact that I don't believe I should be punished," said Maher, "I will now dismiss the charge against me and order myself discharged."

"All right, go ahead," remarked Mayor Zimmerman, "but on your next appearance it will be different."

You can't burn slate and gravel! Don't try it. Phone Dutch Henry, Main 173, for clean screened Rock Springs coal—either lump or nut. It burns clean and goes further.

"NO-YEARLY" MODEL AUTO ARRIVES

The first Franklin motor car built under the H. H. Franklin Manufacturing company's new "No-yearly-model" policy to arrive in this city has been received by the Pendleton Auto company, the Franklin dealer in this city.

The new Franklin car is not of 1912 model, the last to receive annual designation being those of 1911. The car just received is a Model D touring car.

In discussing the Franklin line for the coming season J. W. McCormach, manager of the Pendleton Auto company said:

"It is planned that from now on production in the Franklin factory will be continuous. Each model will be given its usual designation by number and letter but there will be no distinguishing label to mark a car as belonging to the production of any particular year."

BLIND MAN MAKES BIBLE.

Minister Completes Book in Seven Years.

Gentry, Mo.—The Rev. D. M. Spencer, a blind minister of Gentry, has just completed, after seven years' work, a Bible printed with raised letters. Prior to starting work on the Bible he made a hymn book of the same character.

In making his bible the Rev. Spencer employed a girl to read to him while he set the type which he had manufactured. Aside from the reading by the girl, the Rev. Spencer did all the work on the book himself and it is said to have cost more than \$1,000 for its manufacture.

The Rev. Spencer has preached in practically every state of the Union. He was born near Princeton, Mercer county, Mo., April 1, 1865. When he was 2 years old his left eye was put out by being struck with a scythe. He became blind in the other eye three days later. When he was 17 years old his parents died and he was placed in the Institute for the Blind at St. Louis.

After he left the school he undertook to earn his own living and has successfully been a carpenter, fence builder, broom maker and minister. He once built a three-room house for himself unassisted and also homesteaded a claim in Nebraska, where he did his own work.

WEAR SUSPENDERS WITH HAREM SKIRT

People's Nominee for Mayor of Philadelphia Wants Women to Cut Hair and Discard Hats—No Corsets Under 30, He Says.

Philadelphia—Dr. Moses Stern, earnest advocate of liberal Sunday laws, reformer of woman's dress, took out nomination papers as the people's candidate for mayor of Philadelphia. In his petition Dr. Stern announces his platform.

Compel all women to cut off their long hair; forbid them to wear hats. Pass a law compelling women to wear harem skirts held up by suspenders.

Forbid a woman under 20 to wear corsets. The election officers predict they will not have to sit up all night counting votes for Dr. Stern.

WERE ANY OF THEM WED?

No Vassar Girl Was Ever Divorced Is Proved by Records.

Poughkeepsie, N. Y.—That the women's college of America, with the training which they give, are doing much to eliminate the divorce evil is proved by the fact that the records of Vassar College, one of the foremost and most exclusive women's schools, show that not a graduate of that institution has ever figured in a divorce case.

A COMMON COLD neglected may go quickly into CROUP, BRONCHITIS, or PNEUMONIA which often means a sudden fatality. Keep FOLEY'S HONEY AND TAR COMPOUND always in the house and give at first sign of a cold. Refuse substitutes.

John Parsons, Stewart, Ohio, writes: "We use Foley's Honey and Tar Compound as our best and only cough remedy. It never fails to cure any of my seven children of cough. My 2-month-old baby has had a most severe cough which our Doctor said he could not cure and that Baby would surely die.
