Newport of Hermiston, came up yesterday from the project town to join her husband who is doing contract work on the asylum levee.

TO PAY PENSIONS BY CHECK IS NEW PLAN
Commissioner Davenport Urges Law Which Will Do Away With Present Costly System—35,243 Veterans Die During Year. Washington, D. C.—Pension Commissioner Davenport in his annual report to congress urges the passage of a law by which pensioners may be paid by check instead of the present voucher method, which costs each pensioner from \$1 to \$3 a year. The plan contemplates payment direct to checks mailed to the last address of the pensioner. Besides the indorsement on the back of these checks the government would require certification by two witnesses as to identity. In a few instances Commissioner Davenport said vouchers still would be required. The number of soldiers and sailors on the pension roll at the close of the fiscal year was 570,059, dependents and widows 321,642, and army nurses 406. There were 529,884 survivors of the civil war, 35,243 having died during the year. It is believed that only about 25 per cent of the estimated 2,213,365 individuals in the United States service during the civil war are now living. The last pensioner of the revolutionary war, Mrs. Phoebe M. Palmeter, daughter of Jonathan Wooley, who served in a New Hampshire company, died at Brookfield, N. Y., April 25, 1911, aged 90 years. Mrs. Britannia W. Kennon of Washington, D. C., a great granddaughter of Martha Washington, and who died during the year, drew a \$50 a month pension as a widow. Commissioner Davenport told of his efforts to ascertain the truthfulness of reports in the press and elsewhere that the pension roll was honeycombed with fraud. He sent field men from pensioner to pensioner in the Washington agency and is now doing the same in the Knoxville agency, with a view to probing fraud. Out of a total of 47,181 pensioners seen and questioned, only twenty-six cases of improper pensioning were revealed.

Woman's Happiness

The highest point of woman's happiness is reached only through motherhood, in the clasping of her child within her arms. Yet the mother-to-be is often fearful of nature's ordeal and shrinks from the suffering incident to its consummation. But for nature's ills and discomforts nature provides remedies, and in Mother's Friend is to be found a medicine of great value to every expectant mother. It is an oily emulsion for external application, composed of ingredients which act with beneficial and soothing effect on those portions of the system involved. It is intended to prepare the system for the crisis, and thus relieve, in great part, the suffering through which the mother usually passes. The regular use of Mother's Friend will repay any mother in the comfort it affords before, and the helpful restoration to health and strength it brings about after baby comes. Mother's Friend is for sale at drug stores. Write for our free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature. Have Your House Wired for Electricity

It's cheaper, safer, far more pleasing and saves much unnecessary eye-strain. At the present low rate for lighting you get one kilowatt more for \$1.00 than was formerly given for \$1.50. By using the new wire-type MAZDA lamp you get three times more light than from the ordinary carbon lamp—and your light is as bright and clear as daylight. This new MAZDA can be used on ordinary drops and cords without breaking.

Save your eyes, save your house, save money, be comfortable.

Electric and gas supplies, electric light wiring, bell wiring, gas piping, motors and dynamos.
