WOMAN CHARGED WITH SLAYING NINE

Chicago, Nov. 2.—Aroused by nine mysterious deaths in six years of persons intimately associated with Mrs. Louis Vermilya of this city the police here are today guarding the woman, pending an investigation of the deaths. All have died with practically the same symptoms. The last death is that of Policeman Arthur Bionette, who died Thursday night, the police declaring that the circumstances indicate arsenic poisoning. Bionette was engaged to wed Mrs. Vermilya, and boarded at her home. Chemists are examining his viscera today. Others who have died are the woman's first two husbands, Fred Brinkamp and Charles Verbliss; Frank Brinkamp, her son; Lillian and Harry Brinkamp, her stepdaughter and stepson; her own daughters, Cora and Florence Brinkamp, and Richard Smith, a conductor, who roomed at the woman's house. The woman admits that several of those who died left insurance policies in which she was a beneficiary.

James B. Welch an old Pendleton boy, who was one of the leaders for the Round-Up pictures, has closed a contract to exhibit the Cheyenne Frontier Day Pictures in Pendleton at the Grand theater, Wednesday, Thursday, Friday and Saturday, November 8, 9, 10 and 11.

We all know that Pendleton gave a wonderful show, but this opportunity which Mr. Welch is going to give us is one in which every Pendleton citizen should take an active interest and see these pictures from a comparison standpoint.

The photography of the Cheyenne pictures is excellent and everything from the entire show is shown in detail.

The price of admission will be twenty-five cents the same as for the Round-Up pictures.

A FIGHTING SCHOOLMARM.

Sand Creek, Pa., Board Exonerates Teacher Who Thrashed 9 Boys. Pittsburgh.—The school board of Sand Creek issued a statement exonerating Roberta Atkinson, the pretty and athletic school teacher who two weeks ago soundly thrashed nine of the largest boys in her classroom.

Angry parents demanded that the fair amazon be discharged for her harsh treatment of the youngsters, who insisted in whittling and making faces during the school hours. The board examined each case separately.

So many neighboring schools have sought the services of Miss Atkinson the Sand Creek board now considers that she is invaluable in her present position.

HAT INSPIRES INVENTOR.

Woman's Headgear Gives Doctor Idea for Army Water Filter.

London.—A military filter which has just been patented by Dr. Frederick Alexander, the medical officer of health for Poplar, owes its origin to a woman's hat, the inventor conceiving the idea from that article of adornment.

The filter consists of four or five cone-shaped bags like pierrot hats, suspended upside down one above the other, in an easy pyramidal frame made of four uprights of wood or metal. Muddy or dirty water, which is frequently the only supply available to troops on active service, can then be poured into the topmost hat with the result that by the time it has trickled through all the straining bags it is perfectly clear.

Coarse dirt and mud, though not causing infection, set up conditions favoring infection and many of the deaths in the South African and other wars were due to the soldiers' drinking muddy water.

Opposed to Post-Season Games. San Francisco, Nov. 2.—Post-season baseball in the Coast league will be a thing of the past if A. T. Baum, newly elected president of the league, has his way. Baum declared today that he would officially discontinue games of that kind in the future on the theory that they were an imposition on the public and a bad thing for baseball in general. Stanford Defeats Canadians. Stanford University, Nov. 2.—The Stanford varsity Rugby squad overwhelmed the British Columbia all-star team yesterday by a score of 27 to 3. The northerners made their points on a goal kick by Fox in the first half when Stanford was penalized for off-side play. The points were the first made by the British Columbia players on their recent trip, both games last week with the University of California having left them scoreless. Stanford played listlessly in the first half but showed speed and dash in the second, when the victors began to tire. Captain Erbs' dropkick for goal and a sixty-yard dash to a try by Geissler were features of the play. The teams will meet again next Saturday in the last struggle for the collegians before their big game of the season, the Stanford-California match will be played on Stanford field November 11.
