WE CAN DANCE. Winter's blown the birds away, but let him blow his best. We're where the happy people stay, and in a country blast.

A TEST OF STRENGTH. Many of the ills in connection with municipal government in Pendleton and elsewhere arise from lack of interest in the nomination of candidates for city offices.

THE FRESHY SEASON. Bring forth the callow Freshy, lads. The season is at hand. When breaking bones and grewsome groans.

Everybody sing: Break-a-leg! Break-a-leg! Bow! Wow! Bing-it-to-'im! Zing-it to 'im! Zow!

Fruit Cake (Recipe by Mrs. Mary J. Lincoln) Mix four cups sifted pastry flour, one level teaspoon soda, two level teaspoons mixed spices (except cloves), one-fourth level teaspoon salt and two cups seeded and quartered raisins.

RED COMPLEXION LATEST FASHION. Paris.—The complexion of the Paris woman has changed this season. Last winter she prevailed mode was white with red lips.

Statement regarding the mayoralty. It is the only way through which such an expression of sentiment may be had. It will be too late to wait until election time.

TRUST CONTROL

One of the Interstate commerce commissioners, Mr. Proctor, declared the other day in an address that, in the light of our experience under the Sherman law, he had reached the conclusion that lawsuits and disjunctions of combinations "produce little practical good".

Trust regulation by lawsuits has failed. Lawyers and men of affairs are still at sea. Even now, after two momentous decisions in great trust cases, much in the trust law remains unsettled.

How would it do to allow the trusts to have full sway as to the extent of their operations but provide a sweeping law giving the government power to regulate the prices and the service of all combinations engaged in industry or commerce?

Such an arrangement would insure justice to the consumer provided the government did its duty which it would not do under a vacillating and reactionary administration but which it might do fairly well under a vigorous, progressive administration.

The Chinese rebels have succeeded already in capturing Peking and it is evident that the war is about over. All of which shows that modern revolutions do not last long even in the large countries of the earth.

The Round-Up election on November 14 should be an event of interest also.

At last Charles Cunningham's \$40,000 is avenged.

More rain would be still better.
