

PLAN FLAT RATE FOR ENTIRE STATE

OREGON TRAFFIC CONGRESS WILL BE PETITIONED

Baker City Makes Objection to Merger of Case Filed by That Town With Others and Is Overruled—Proposed Rate Law Next Election.

Salem, Ore., Nov. 13.—The railroad commission has announced that it has received a remonstrance from the Baker Commercial club against the consolidation of the Baker complaints against the O-W, R. & N., with the distance tariff investigations covering the entire state, started at the commission's own motion. This remonstrance added that Baker desired its own case threshed out and settled one way or the other November 15. Baker's remonstrance was promptly overruled.

Another document is being sent to members of the traffic congress for approval by Mr. Harmon of Baker, who is president of the traffic congress organized at Salem several weeks ago and chairman of the committee named by that congress to investigate and take action to secure redress of alleged freight rate discriminations. The program proposed for the congress is to ask the commission for a flat freight rate for the entire state—an equal rate per mile in all parts of the state alike. If the commission refuses to grant this, it is understood that the board created by the traffic congress or, as it named itself, "The Equitable Freight Rate League of Oregon," will proceed to initiate a rate law to be placed upon the election ballots next year.

Just what the relationship between the two movements to hurry the commission is cannot be positively ascertained here at this time, but whether they are different phases of the same movement or separate and distinct, it is evident the commission is to be forced to take a definite stand on the rate question in time to permit of action through the initiative next election.

The Baker Commercial club's request is that the commission fix low carload commodity rates on a large number of articles from Portland to Baker. The club stated in its letter that it considered it was entitled to a decision one way or the other and threatened to enjoin the commission from consolidating the complaint with the general investigations. Various other similar requests for investigations of rates in and out of their own state were similarly thrown out by the commission. Petitions from the Portland chamber of commerce to be allowed to intervene were also thrown out.

"We are planning a comprehensive investigation of rates which will cover all of these cases," declared Clyde B. Aitchison yesterday afternoon, "and the commission holds that the wider public interest must control in order that it may do justice not only to Baker, but to every other community served by the line of railroad under investigation." The proposition from President Harmon and his committee of the traffic congress will probably reach the commission very soon, and it is generally felt that it will be promptly overruled as has been the other complaints and requests similar to the one made by the Baker Commercial club, as it is not in line with the program of the general investigation mapped out by the commission on its own motion. This action, it is supposed, will be followed promptly by an initiative measure being placed in the field providing for equal rates all over the state. This was the decided sentiment of the recent traffic congress. The only difference of opinion was whether the initiative bill should be framed at once or whether the commission should first be consulted. The latter and more conservative program was decided upon after a hard fight, led by Mr. Harmon of Baker. The committee will be united then on an initiative measure if this request is turned down by the commission.

Three Coats Defy Bullet.
Seattle.—Three thick coats of coat and one of vest, a provision against the cold weather, undoubtedly saved the life of Patrolman Herbert Smith when Frank Misollet, an Italian boardinghouse keeper shot the officer while walking his beat in front of the Italian's house, 1311 Sturgis road.

Girl Judge Renders Verdict.
Vancouver, Wash.—Miss "Judge" Mildren Henthorne, the first woman in the state of Washington to occupy the office of justice of the peace and who tried a case involving nearly \$100 rendered her decision in favor of the plaintiff, giving judgment of \$46 and costs of the action.

Girl Breaks Arm.
Philomath, Ore.—While playing in the basement of the new schoolhouse Esther Henkle of this place fell and broke her left arm near the wrist.

Foley Kidney Pills

TONIC IN ACTION - QUICK IN RESULTS
Give prompt relief from BACKACHE, KIDNEY and BLADDER TROUBLE, RHEUMATISM, CONGESTION of the KIDNEYS, INFLAMMATION of the BLADDER and all annoying URINARY IRREGULARITIES. A positive boon to MIDDLE AGED and ELDERLY PEOPLE and for WOMEN.

Mrs. H. W. Allen, Quincy, Ill., says: "About a year ago my kidneys began bothering me. I had a swelling in my ankles and limbs, then headaches and nervous dizzy spells, and later severe backaches. I was getting worse, when I began taking Foley Kidney Pills. I kept on taking them until I was once more freed of all kidney trouble."

FOR SALE BY ALL DEALERS.

SPORTS

Havana Beats Phillies.
Havana Nov. 13.—The Havana baseball team defeated the Philadelphia Nationals yesterday by a score of 2 to 2.

New World's Records.
Oakland, Calif., Nov. 13.—Two world's records were broken at the motorcycle meet here yesterday. J. S. Walters covered five miles in 3:27 and 10 miles in 6:58. Charles A. Burke finished second in the ten mile event and Paul Armstrong third. Walters rode on the new motorcycle here, a half mile board track. He rode a two cylinder, seven horsepower machine.

TENNIS COURTS POPULAR AT UNIVERSITY OF OREGON

University of Oregon, Eugene, Or.—Tennis courts at the University of Oregon have been in constant use this fall. There are eight campus courts, three of which are reserved for the exclusive use of women. Fifteen hours of tennis playing during the fall is required of all women who desire to continue the regular gymnasium work during the winter. Tennis playing is optional with men, so long as the courts are not filled. A championship tournament for women and for men is played off every year. Oregon's tennis team won from Washington last year. Multnomah club of Portland, and Oregon are now considering a match for next spring.

PRIZES FOR INVENTIONS.

Substantial Rewards for Those Who Devise Humanitarian Appliances.
Washington, D. C.—The inventors of guns and those who have exercised their talents in improving destructive war materials have often been richly rewarded in this and other countries. But, if anyone in our own country has received a reward for the invention or perfection of apparatus to lessen the sufferings of sick and wounded in war, no one has ever heard of it. Naturally, therefore progress in this direction has not been as notable as it might have been. To their honor, be it said, that this condition of affairs has ever operated to deter the medical officers of our army and navy from doing, without hope of material reward, all in their power to improve existing apparatus and to invent new appliances. Conditions in other countries have been similar to ours.

Some years ago, in order to better conditions in this respect, the Dow-

ager-Empress of Russia, Marie Feodorovna, established a prize fund consisting of 100,000 rubles (approximately \$50,000,000). This is for the purpose of encouraging inventions having for their purpose the amelioration of the suffering of sick and wounded in war. Every five years, on the occasion of the quinquennial International Red Cross Conferences, the interest on the fund, amounting to about \$20,000 rubles, or \$10,000, is disbursed in prizes. The first awards were made in London, in 1907. No American competed, nor was the exhibition given much publicity in this country. Next year, in May, the International Red Cross Conference will be held in Washington, D. C., when the following prizes will be offered:

- One 1st prize of 6,000 rubles (approximately \$3,000).
- Two 2nd prizes of 3,000 rubles each (approximately \$1,500).
- Six 3rd prizes of 1,000 rubles each (approximately \$500).

The subjects of the competition will be:

1. Organization of the methods of evacuation of the wounded on the battlefield, comprising as complete an economy as possible in litter bearers.
2. Portable (surgeons') washstands for war.
3. Methods of packing dressings at the aid stations and in the ambulance.
4. Wheeled stretchers.
5. Carriage of stretcher on mule-back.
6. Easy portable folding stretcher.
7. Transport of the wounded between war vessels, hospital ships and the shore.
8. The best method of heating railroad cars by a system independent of steam from the locomotive.
9. The best model of a portable Roentgen apparatus, permitting utilization of X-rays on the battlefield and at first aid stations.

No particular prize is allotted to a special subject; but the best exhibition as decided by the judges, irrespective of the subject, will be awarded the maximum prize, and so on. Though this is a new field of endeavor for most American inventors, the substantial monetary rewards should result in many exhibits being entered by them. They have not fallen behind the inventors of other countries in fashioning the destructive agents of warfare, and now that an opportunity is given them to compete with other countries in minimizing the horrors of war, it is certain they will not be found wanting.

Former Beau Brummel Passes From Life as Chicken Thief.
Norristown, Pa.—Hamilton Kille, son of a former sheriff of Montgomery county, died in the hospital here today from gunshot wounds inflicted by Alvin Haines, a Plymouth township farmer.

DIES OF HEN ROOST SHOT.

Before his death Kille admitted he was in the act of stealing chickens from the farmer's hen roost when he was shot. He had wrung the necks of six fowls and was leaving the place when he saw Haines approach. The farmer leveled his gun and told Kille not to run, but Kille took a chance and fled. He managed to get away, but was taken into custody an hour later—at 2 o'clock on the morning of October 7—by Policeman Carrigan, in Norristown, on the charge of stealing carpenter tools.

It was after Kille had been taken to jail and stripped that his body was found to be riddled with 100 shot. Death was due to blood poisoning from the wounds.

Farmer Haines, when he heard that Kille was dead, surrendered himself, but District Attorney Larzelere did not think he was warranted in holding him for the man's death. The coroner, however, will conduct an inquest.

Kille in his younger days was one of the town's Beau Brummels, but excessive drinking reduced him to a ne'er-do-well.

Law and justice are two things; sometimes opposite.

VOTER, CLEARED OF FRAUD, CARRIES HOME WITH HIM
New York Carpenter Registered From Residence of H. C. Frick, Where He Lives in Toolhouse While on Job.

New York.—Nathaniel Pence, a carpenter, carried with him his home which is a toolhouse, wherever he goes and his manner of living nearly brought him into court on a charge of illegal registration. Pence registered from 640 Fifth avenue, the home of H. C. Frick, the steel millionaire.

A policeman investigated and found Pence. "I take it with me on every job I get."

The policeman asked a magistrate for a warrant for Pence's arrest, but when told of the circumstances the judge held the carpenter's registration was quite legal.

DREW LEMON OUT OF 585 CHANCES; WANTS SEPARATION
Fairfield, Ill.—After he had received 585 answers to his advertisement for a wife Henry C. King, an orchardist, chose from his list Miss Bessie Southern of Centerville, Ky., and they were married a month ago, but Mrs. King has disappeared and her husband started for Kentucky in search of her.

"I only want a legal separation now," said King. "Just think, I had my pick of 585 candidates and got a lemon. She left me after a little quarrel."

King is 53 years old.

CONVICTED MURDERER PROVED INNOCENT; FIND MAN ALIVE
Oklahoma City, Ok.—After a search of eleven years, Mrs. William H. Yoder of this city has found the man for whose supposed murder her husband was given a life sentence. As a result of her efforts to clear her husband's name, A. J. Teneyck of Paris, Texas, once believed to have been murdered, will come here to throw some light on a long standing mystery.

The head of a man inside a sack

SAGE TEA WILL DARKEN THE HAIR
There is nothing new about the idea of using sage for restoring the color of the hair. Our great-grandmothers kept their locks soft, dark and glossy by using a "sage tea." Whenever their hair fell out or took on a dull, faded or streaked appearance they made a brew of sage leaves and applied it to their hair with wonderfully beneficial effects.

Nowadays we don't have to resort to old-time, tiresome methods of gathering the herbs and making the tea. This is done by skillful chemists and all we have to do is to call for the ready-made product, Wyeth's Sage and Sulphur Hair Remedy, containing sage in the proper strength, with the addition of sulphur, another old-time scalp remedy.

The manufacturers of this remedy authorize druggists to sell it under a guarantee that the money will be refunded if it fails to do exactly as represented.

Don't neglect your hair. Get a bottle of Wyeth's Sage and Sulphur today and notice the difference after a few days' use.

This preparation is offered to the public at fifty cents a bottle and is recommended and sold by special agent, Pendleton Drug Co.

was found floating down the Canadian river in August, 1899. The dismembered body picked out of the stream later was identified as that of Teneyck. W. H. Yoder was arrested for the murder and after a trial was sentenced to the penitentiary for life. Mrs. Yoder, who insisted her husband was at home with her at the time of the supposed murder, immediately began a search for Teneyck, whom she believed to be living.

Eighteen months ago Yoder was pardoned but Mrs. Yoder continued the search, which took her to several states. She now plans to confront her accused with Teneyck in the flesh then retire with her husband to their farm near Tuttle, Ok.

INSURANCE AND LAND BUSINESS

Underwood Standard Typewriter POPULARITY

For the convenience of customers the regular correspondence machines are manufactured in two models, namely, Model No. 4 and Model No. 5, which are the same in all respects except that Model No. 5 is provided with four extra keys for writing fractions and special characters. Both machines have 10 inch carriages and write a line 8 inches wide. A machine is also made for work of a special nature, known as Model No. 3, which is the same as Model No. 5 except in the width of carriage. This model is made with carriages 12, 14, 16, 18, 20 and 26 inches in width, writing respectively lines 2 inches narrower, to provide for writing reports and compiling statistics of all kinds. Model No. 3 is used extensively by banks, railroads, insurance companies, professional accountants and all classes of corporations.

The sales of Underwood Standard Typewriters largely exceed those of any other make of machine.
